Social Responsibility Question #3

About Barclays Global Supplier Diversity

As part of The Barclays Values - *How We Do Business*, Supplier Diversity is one way we demonstrate our commitment to a responsible and inclusive procurement process.

We believe the best and most responsible, inclusive supply chain model offering the greatest corporate and community value is one that:

- Attracts the best and most diverse entrepreneurial minds, management teams and business models wherever in the world we do business, eliminating the barriers-to-access for best-in-class B2B entrepreneurs
- Supports the growth and development of privately-held ventures by helping founders/managers gain access to capital, managerial development resources and market opportunities
- Recognises innovation as a driver of operational efficiencies, lowest total cost of ownership and incremental revenue growth through new or enhanced products
- Adapts to regional regulations, norms and customs while meeting corporate values, goals and objectives

Diverse Suppliers defined

For Barclays, a diverse supplier meets *size* (using country-specific size standards for businesses) or *ownership* (businesses majority owned and controlled by women, ethnic minorities, LGBT, veterans, persons with disabilities) diversity criteria.

Our Structure

Barclays Global Supplier Diversity initiative was launched in 2013. The Global Head of Supplier Diversity reports through the Category Management function as part of Procurement -- providing cross-functional, cross-business unit supply chain access for diverse suppliers interested in providing goods and services across the range of third-party Barclays tenders.

How We're Driving Spend with Diverse Suppliers

The Barclays Global Supplier Diversity Strategic Plan, is designed around

A. Three key programmes to drive incremental spending with diverse suppliers

1. **Supplier Market Access Programme** – designed to capture Barclays-wide procurement opportunities and match qualified diverse suppliers against them. The matchmaking is done physically, in strategic locations, and virtually -- with our strategic sourcing colleagues in the UK and US, and regional and international NGO B2B diverse supplier certifying bodies such as
 - Women's Enterprise Connect International (WeConnect Int'l) – actively engaged with its affiliate in the UK/Europe
 - Minority Supplier Development (MSDUK) - UK
 - National Minority Supplier Development Council (NMSDC) - US
 - Women's Business Enterprise National Council (WBENC) – US
 - National Gay and Lesbian Chamber of Commerce (NGLCC) - US

We're constantly adding to our proprietary database of diverse suppliers gathered from Barclays hosted or sponsored activities (see events below), including the Barclays Rise programme, to attract start-up, micro and SME businesses as potential suppliers.

We aggregate Barclays request for proposals, pre-screen diverse suppliers from these sources and match them with those responsible for leading the respective strategic sourcing process for the given products/services.

We engage diverse suppliers in traditional back- and middle-office goods and services -- areas such as technology programming, consulting, leadership and development and staffing and also include diverse suppliers in the delivery of front-office goods and services such, as broker-dealer services.

2. **Supplier Development Programme** – our primary method of developing diverse suppliers is growing our contracting relationship with them. In 2017, we achieve 7.2% with diverse suppliers. This is up from 5.6% where we began the year, adjusting for previous contributions made by Barclays Africa Group no longer in our spending data. With our recent structural changes in Procurement, we're now developing goals at a Category level across the firm, centrally managed by the Procurement team.
3. **Banking Access Programme** – as a global leader in financial services, we provide the financial utility for communities around the world to grow and thrive. As part of our Banking Access Programme, our Supplier Diversity and our banking colleagues are collaborating to develop content and provide financial services and knowledge-transfer to diverse suppliers -- allowing them to better position themselves to manage and acquire capital to fuel their growth.

B. Signature events that tie our three key programmes together

1. **Supplier Diversity Day events** - the culmination of these three programmes resulted in our inaugural Supplier Diversity Day in the Fall of 2014 in London. Nearly 100 diverse suppliers, mostly from the UK and some from the US, were invited to our company headquarters for in-person and video matchmakers with our strategic sourcing professionals in the UK, US and Singapore. We also delivered two sets of Master Classes under the theme "From Micro to IPO – Financial and Legal matters for the Growth Venture" designed to deliver banking and legal expertise to diverse suppliers.

We've since expanded the Supplier Diversity Day event to the US, where we continue to attract nearly 100 diverse suppliers being evaluated for potential business opportunities with Barclays as a supplier and participating in Master Classes from our business and investment bankers

2. **Second Tier Workshop** – in the Fall of 2016, we introduced our inaugural 2nd Tier Conference, widely believed that it was the first of its kind by a UK Corporate. We hosted 40 of our largest Prime Suppliers to our headquarters in London and educated them on Supplier Diversity, introduced them to our NGO supplier diversity partners as well as eligible diverse suppliers capable of subcontracting on Barclays work. The result of this event yielded a significant contribution that helped to offset loss in spend resulting from the removal of Barclays Africa Group performance.

C. Governance

1. **Supplier Diversity Advisory Council** – we've introduced an oversight group to help drive the supplier diversity agenda. The Council is chaired by the Chief Procurement Officer and includes all of his direct reports. Monthly review of performance, introduction of new proposals and processes and discussion on challenges and success are held with the most senior team in Procurement.

2. **Supplier Diversity Working Group** – this team, hand-picked by members of the Advisory Council, help in executing on the Supplier Diversity agenda. They meet bi-weekly with the Global Head of Supplier Diversity to drive the various initiatives supported by the Advisory Council.

By focussing on Supplier Diversity in this manner, we believe that Barclays will demonstrate responsible and inclusive procurement behaviours that differentiate us from competitors, demonstrates our Citizenship, enhances our Brand and wins favour from our shareholders, stakeholders and the diversity-conscious market as the bank that creates opportunities to rise.

These individuals work for a Co-Branded Credit Card Partner of BUSCB and are incented on either applicants taken or approved accounts. BUSCB does not have any branches. These controls include but are not limited to reviewing top performers, providing post acquisition surveys, complaint monitoring, etc. Should any inappropriate behavior be identified appropriate disciplinary actions, up to and including removal from the incentive program, will be taken.
