SECTION 1

2012-13

Overview

Preface

“Exhibit B, Budget Summary Receipts” included in Section 1 of the “2012-13 Proposed Budget” itemizes City revenue by source. Additional information on 2011-12 and 2012-13 receipts is displayed in the “Detailed Statement of Receipts” included in Section 3 of that document. Revenue information is also displayed in other parts of the budget such as “The Detail of Department Programs.”

This “Revenue Outlook” is a supplement to the 2012-13 Proposed Budget and provides in one place, supporting information for all General Fund revenue estimates and for estimates for certain special funds that directly finance the budget.

Section 1 of the Revenue Outlook provides an overview, major revenue assumptions, and a five-year revenue forecast. Section 2 provides historical perspective and current information on each General Fund revenue, except for the category “Licenses, Permits, Fees and Fines,” which is provided in Section 3. Section 4 provides similar information for special fund revenue directly financing the budget.

REVENUE SUMMARY
FISCAL YEAR 2012-13
(Thousand Dollars)

2011-12			2012-13
Budget	Revised		Budget
\$1,436,363	\$1,426,568	Property Tax	\$1,451,222

Fiscal Year 2012-13

Revenue Assumptions

The economy continues its slow recovery from the recent economic recession. The recession, lasting from December 2007 to July 2009, was the longest economic downturn since the Great Depression of the 1930's. It is still having a lingering effect on the City, particularly in the housing market and employment, and this is reflected in the City's economy sensitive revenues.

More than 70 percent of City General Fund revenue is from seven major taxes: property, utility, business, sales, hotel, documentary and parking. In 2009-10, these tax receipts decreased by almost 5 percent, as the full impact of the recession was felt. Because of the slow nature of the economic recovery and the timing of major tax revenue receipts, projected 2011-12 receipts from these taxes remain below 2008-09 levels, based on receipts through the first 9 months of 2011-12. Those revenues most closely tied to the recovering economy, such as sales tax, exhibited the most recovery in 2011-12. Revenues that trend with the real estate market, such as property taxes and the documentary transfer tax, remain flat.

Based on the consensus of local economists, the economy is expected to continue to grow, and a corresponding increase in City tax receipts should be seen in most of the major taxes in 2012-13. Total receipts from the seven major taxes for 2012-13 show a return to 2008-09 levels due to continuing growth in the business, sales, documentary transfer, hotel and parking users' taxes. Property tax revenue is still well below pre-recession growth, although a gradual return to historic levels of growth is projected for future years. (Property tax is collected more than a year after valuations are determined.) Utility tax revenue also continues to decline from its 2008-09 level due to declining receipts from the telephone users' tax.

This recovery carries with it more than the usual uncertainties.

- Unemployment is still high and California's personal income has been flat since 2008, adversely affecting the Los Angeles area economy.
- While local home sales have been increasing, prices have been falling, offsetting potential increased property tax growth.
- Risks from rising oil prices, international tensions and the economic crisis in Europe have the potential to further derail the recovery.

Summaries of Major Categories

- The sales tax increased by 7.9 percent in 2011-12, and it is expected to increase by another 4 percent in 2012-13, reaching \$332 million. This is

near the peak of \$335.6 million that was received in 2007-08. As sales tax is the City's most economy sensitive revenue, receipts reflect the continuing recovery.

- The business tax is projected to increase by \$13 million (3.0 percent) and reach over \$450 million. This is also below the 2007-08 level.
- The property tax is estimated to increase by \$24.7 million (1.7 percent) in 2012-13, \$58 million below 2008-09 property tax receipts. Although the assessor forecasts valuations to increase by less than 0.5 percent, property tax receipts are helped by monies to be carried over from prior years.
- The utility users' tax is projected to increase by 0.3 percent in 2012-13. The electric users' tax is projected to rise by 2.0 percent as a result of increased electric consumption, and the gas users' tax is projected to increase by 2.8 percent as a result of rising natural gas prices. Communication users' taxes, which represent more than a third of utility receipts, are continuing to decline due to a variety of factors including market competition and changes in wireless plan purchases.
- The transient occupancy tax is projected to increase 5.1 percent, reaching \$158 million. This exceeds the \$148 million in receipts received in 2007-08, before the recession. Additional growth is restricted by the availability of rooms.
- The documentary transfer tax is projected to increase by 7.5 percent to reach \$107 million. The same figure was projected for 2011-12, but revenue fell short due to the aftereffects of the recession on the real estate market. This account peaked at \$217 million in 2005-06 and fell to \$84 million in 2008-09.
- The parking users' tax increased by 6.1 percent in 2011-12 and is expected to increase by another 4 percent in 2012-13

The following two pages provide a perspective on the economy and the City's General Fund taxes. The balance of this book provides detail on each General Fund revenue.

Gross Domestic Product

Actual and projected percent change by quarter

Survey Conducted by Wall Street Journal

Growth in gross domestic product resumed in the third quarter of 2009. Average growth in 2011 was 1.6%. The forecast for 2012 averages 2.5%. Potential impact to City's fiscal year budget trails by one quarter.

7 General Fund Taxes

Property (includes VLF), Utility, Business, Sales, Hotel, Documentary and Parking

Major General Fund taxes currently account for more than 70% of all General Fund revenue. The balance is fees, transfers from other funds, interest income etc. These taxes grew at an average annual rate of 3% during this period, but it took 5 years to exceed 1991-92 revenue after the recession of the early 1990s and taxes from these sources are projected to be below the 2008-09 level in 2012-13.

GENERAL FUND REVENUE FORECAST

Fiscal Years 2012-13 through 2016-17

General Assumptions

Economic Growth	This forecast is based on long-term historical experience, with City revenue growth between 2 percent and 4 percent. Unless otherwise noted, revenue sources reflect continuing growth in fiscal years 2012-13 through 2016-17, based on historical average receipts.
Property Tax	While property tax revenue has declined since fiscal year 2008-09, a 1.7 percent increase is projected for fiscal year 2012-13. Revenue in subsequent fiscal years is projected to gradually return to historic growth.
Utility Tax	Electric users' tax assumes increased growth consistent with prior history of rate increases. No change is projected for the gas users' tax rate due to the volatility of the natural gas market. Telephone users' tax revenue is projected to continue its decline due to the changing makeup of the landline and mobile market.
License, Permits and Fees	The projected revenue growth in this category is dependent on policy decisions to increase departmental fees.
Business, Sales and Parking Users' Taxes	The projected revenue assumes above average growth in fiscal years 2012-13 and 2013-14 as the economy improves, with return to average growth in fiscal year 2014-15. No assumptions are made regarding policy changes in the collection of the business tax.
Documentary Transfer and Residential Development Taxes	These revenues are volatile and have realized negative growth in recent years. Steady growth is assumed for both with the projected improvement in the real estate market.
Power Revenue Transfer	No increase is projected for this revenue category.
Parking Fines	Parking fine revenue assumes growth from productivity. No increases to parking fines are assumed.
State Motor Vehicle License Fees	This revenue transfer was eliminated by the State in fiscal year 2010-11. However, \$10.7 million in prior-year receipts was received in fiscal year 2011-12. No revenue is projected for fiscal years 2012-13 through 2016-17.
Grant Receipts	This revenue is volatile and has declined in recent years. No increase above fiscal year 2012-13 revenue is projected at this time
Tobacco Settlement	Revenue from this category has been declining since fiscal year 2008-09.
Telecommunications Development Account	This revenue is subject to policy decisions by Mayor and Council. No revenue from this category is included in proposed budget for fiscal year 2012-13. Fiscal years 2013-14 through 2016-17 assumes this funding is restored.
Redirection of ex-CRA Tax Increment Monies	This revenue category is new to the 2012-13 budget, consisting of \$30 million in one-time revenue and \$18.6 million in ongoing revenue. Revenue growth is projected to increase with property tax growth.
Special Parking Revenue Transfer	Revenue from the Special Parking Revenue Fund is proposed to be restructured as General Fund revenue and is included in future fiscal years to reflect this proposed change.

Change in Assessed Value - City of Los Angeles

The estimated growth in City assessed valuations for 2012-13 is the same as the County Assessor's April 4, 2012 estimate for growth in countywide assessed valuations -- 0.5%.

City Assessed Valuations as % of County Assessed Valuations

No estimate is available from the County Assessor for Citywide growth in 2012. City assessed valuations have been a stable component of countywide valuations in recent years. It is most likely growth in City valuations will closely track countywide growth in 2012. The County Assessor's current forecast for tax year 2012 is 0.5% growth in countywide valuations. Since City valuations closely track countywide valuations, the budget uses the Assessor's 0.5% growth rate in countywide valuations as the basis for projecting growth in City 2012 assessed values.

FOR CITY OF LOS ANGELES				
City Net Local Roll -- <i>% change from prior year</i>	-0.1%	-2.3%	1.3%	

Change in the City roll typically closely parallels change in the county roll. Assessor estimate of less than 0.5% growth is based on his forecast of significant valuation declines caused by Proposition 8 adjustments typically made in a declining market. Charts on next pages provide some context for Proposition 8 changes, inflation adjustment, and other valuation categories.

Proposition 8 Changes in Countywide Assessment Roll in \$ Billions

Proposition 8 "decline in value" statistics were first published by the County Assessor for 1993. The preliminary estimate for 2012 is from the County Assessor's office. Proposition 8 changes include restorations in value after reductions in earlier years related to casualties or market conditions. Proposition 8 changes also include declines in value based on scheduled Assessment Appeals Board cases and cases decided in the current year. Between 2004 and 2007, restorations and declines in value nearly offset each other. Proposition 8 changes are projected to decline again in 2012 after nearly stabilizing in 2011. The effects of the real estate bubble continue.

Change in Countywide Roll Due to Sale of Property in \$ Billions

The preliminary estimate for 2012 is from the County Assessor's office. Changes from real estate activity have stalled and remain below prior levels.

Inflation Adjustment in Billions

The preliminary estimate for 2012 is from the County Assessor's office. Growth in this category is capped at 2% by Proposition 13. Because of low inflation as measured by the consumer price index, the full two-percent adjustment was not made in 2010 and 2011.

Changes in New Construction in \$ Billions

The preliminary estimate for 2012 is from the County Assessor's office.

The property tax is almost one-third of City General Fund revenue. The following pages outline the many components of the property tax, but the primary determinant of City property tax receipts is the change in City assessed value which is calculated by the County Assessor. The Assessor's preliminary forecast of growth in Countywide assessed values for 2012-13 is 0.5%.

Vehicle license fees (VLF) are in-lieu of an "ad valorem" tax on the value of non-exempt registered vehicles in the State. The State collects this revenue and distributes receipts to local governments. Beginning in 2004-05, the State redirected most local VLF monies to itself and shifted additional property taxes to California cities to offset the loss of VLF monies. This account receives the property taxes in-lieu of all but a small portion of VLF receipts.

Beginning in FY 2004-05, one-quarter of City sales tax receipts was redirected to the state to pay for state economic recovery bonds. To offset the local revenue loss, state law was amended to increase City property tax receipts by an amount equal to the sales tax loss. This account includes property tax remittances directed to the City in-lieu of the lost sales taxes. Over time, any annual change in this account should be in proportion to the change in sales tax receipts. But, because the property tax collections and remittances to the City are on a different schedule than sales tax collections and remittances, matching of these revenues straddles fiscal years.

The County tax year runs from December to August, overlapping two City fiscal years. Receipts in July and August belong to the County's prior tax year, but are recorded in the City's current fiscal year. When the County's payment pattern is normal, the City receives about 4 percent of secured receipts in July and August.

Unsecured property tax is levied on property of common business usage not secured as liens for payment of taxes. Unsecured property is typically business equipment not attached to a building. Personal residences are exempt from unsecured property taxes. Estimating unsecured receipts involves an estimate of the current year levy, an estimate of the portion of the current year levy that will not be collected by June, and an estimate of prior levies that will be collected in the current year.

Unpaid property taxes, both secured and unsecured, are known as delinquencies. Delinquent taxes accumulate interest and penalties. Properties with taxes unpaid for five years are sold through auction by the State to recover unpaid taxes. The taxpayer may settle the delinquency by redemption. The City's share of principal, penalties and interest is distributed by the County.

Levy of property taxes is based on the lien date of January 1. Properties assessed after the lien date as a result of real estate sales or improvement are counted as supplemental taxes. These taxes are distributed by the county to the various taxing jurisdictions about six months following receipt by the County.

Property Tax Supplemental -- 12-Month Moving Sum

The double-digit annual percentage price increases in the real estate market through 2005-06 created an environment for a relatively high level of supplemental adjustments. As demonstrated 2008-09 was a transition year. The 2010-11 and 2011-12 estimates are near normal level.

The property tax administrative cost is recovered from each jurisdiction that shares in the distribution of property tax revenue, unless the jurisdiction is exempted by law. The County Auditor-Controller determines each local jurisdiction's proportionate share of the property tax administrative costs by multiplying the total property tax administration costs by the ratio of property tax revenue received by each jurisdiction.

Beginnig 2006-07, this fee included an increased City assessment related to property tax receipts swapped for vehicle license fees and sales tax. This increased fee was addressed in "City of Alhambra v. County of Los Angeles (July 2010)," which held in favor the 44 plaintiff cities that the county was not authorized to charge the fee for the lost sales tax and vehicle license fee revenue now received by the City as property tax. The City of Los Angeles was not a party in this case. The county is still collecting this fee pending further judicial review.

Assessed valuations of property are revised downwards when an appeal of the valuation is successful. There are two types of appeals. The base year appeal revises the assessed value downwards and the revision of value continues for the tenure that the property does not change hands. A proposition 8 appeal is an economic hardship relief afforded to a property owner for the specific period of one year.

The successful appeal process requires a refund of the excess taxes already paid by the property owner and distributed to the City. The refund follows the reverse path of collection and distribution. This deduction is volatile, depending on the number of appeals, processing time and the amounts being appealed.

This category includes what is usually a relatively small amount for adjustments to property taxes due to assessment appeal reductions; mistakes; incorrect assessments; monies previously directed to Central Business District(CBD) Community Redevelopment Agency; or corrections to assessment payments collected by the Treasurer/Tax Collector. Adjustments can be either positive or negative. Since these adjustments are usually under \$1 million annually and could be either positive or negative, the estimate includes all entries to date for the current fiscal year and neither adds or subtracts anything for the budget year.

Redirection of ex-Community Redevelopment Agency (CRA) Tax Increment Monies – \$48.6 Million

The dissolution of the former CRA under AB1x26 will result in a distribution of net Tax Increment (TI) resources to the various taxing entities, including the county, schools and the City. This distribution will occur only after accounting for certain fees, pass-throughs and enforceable obligations. The City should receive additional property tax payments (former TI funds) after June 1, 2012.

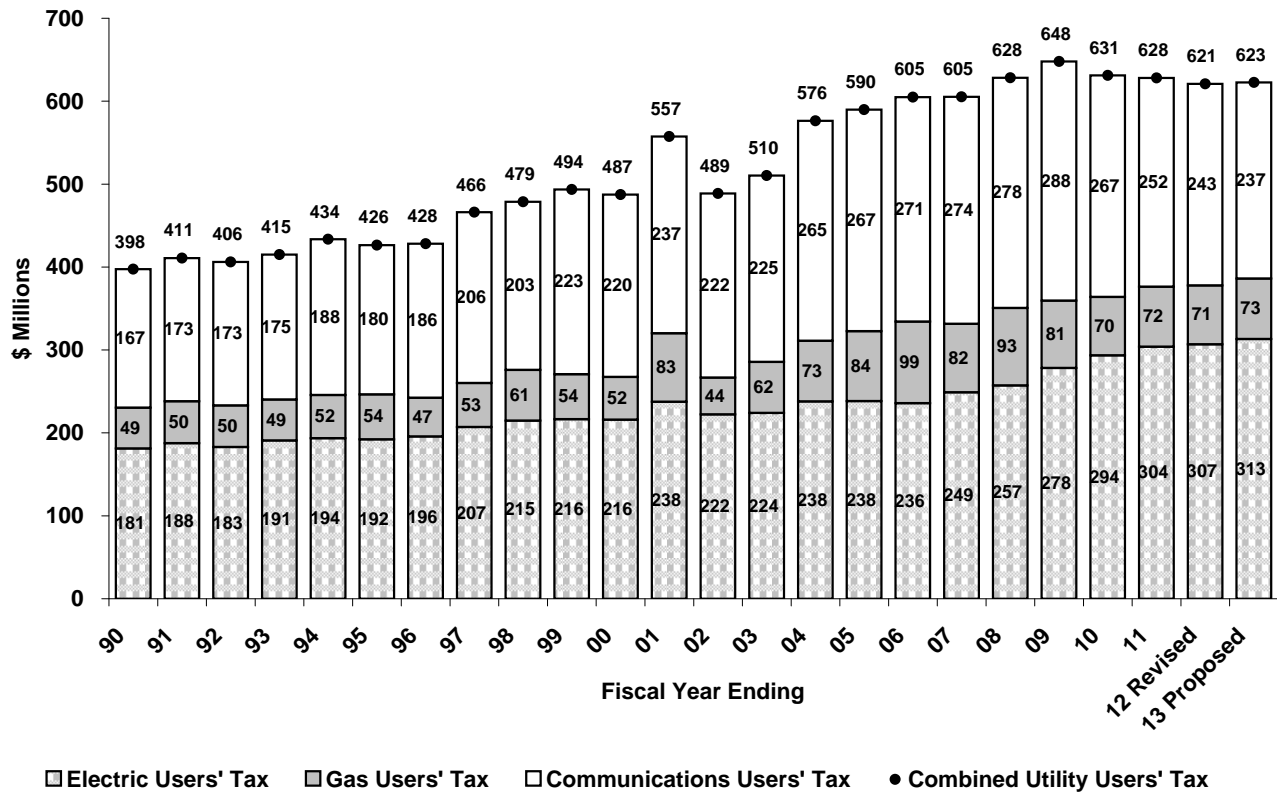

In a joint report dated January 10, 2012, the City Administrative Officer and the Chief Legislative Analyst provided estimates of the City's share of the additional property tax payments (C.F. 12-0049). In the joint report, the City's share of the additional property tax payments was estimated by the former CRA to be \$57.4 million for 2011-12. The \$57.4 million payment included approximately \$20 million in ongoing funds plus an additional \$37.4 million in one-time distribution of funds from CRA's 2010-11 unencumbered carryover resources (\$85.7 million) and an anticipated payment (\$97.3 million) to the state which would have allowed redevelopment agencies to remain in operation. The estimates were preliminary and subject to change based on many factors such as interpretation of legislation relative to enforceable obligations and the recommendations and decisions made by the Governing Board, Oversight Board and the State Department of Finance (DOF).

Although it is possible some TI monies may be received in 2011-12, there is considerable uncertainty in the process. The Proposed Budget anticipates receipt of approximately \$30 million as the City's share of available net TI monies for 2011-12 and prior years. It should be noted that the CRA's Governing Board took an action on March 1, 2012 and set aside a total of \$89.9 million for liabilities, which could decrease the City's share of the additional property tax payments for 2011-12 by \$27.4 million, from the original estimate of \$57.4 million to \$30 million. However, this action is still subject to review and approval by the Oversight Board and the DOF which should occur in May 2012. Since the timing of that receipt is uncertain, for planning purposes the full amount is included as a 2012-13 revenue estimate. In addition, \$18.6 million in projected 2012-13 available net TI monies is also included in the 2012-13 revenue estimate.

Utility Users' Tax Components

The gas users' tax component rises and falls with changes in the natural gas market; the increasingly competitive telecommunications marketplace may partially explain the decline in communications users' tax receipts in recent years; change in electric users' tax receipts is primarily caused by power rate increases. The Proposed Budget estimate for 2012-13 does not include possible electric rate increases.

**GAS USERS' TAX
12-MONTH MOVING SUM**

Gas prices are have declined in recent years. The cost of gas is expected remain relatively low through 2013 as shown on the next page. If the market forecast holds, gas users' tax receipts will remain relatively stable.

COST OF NATURAL GAS

— Actual

—◆— Futures Market April 2012

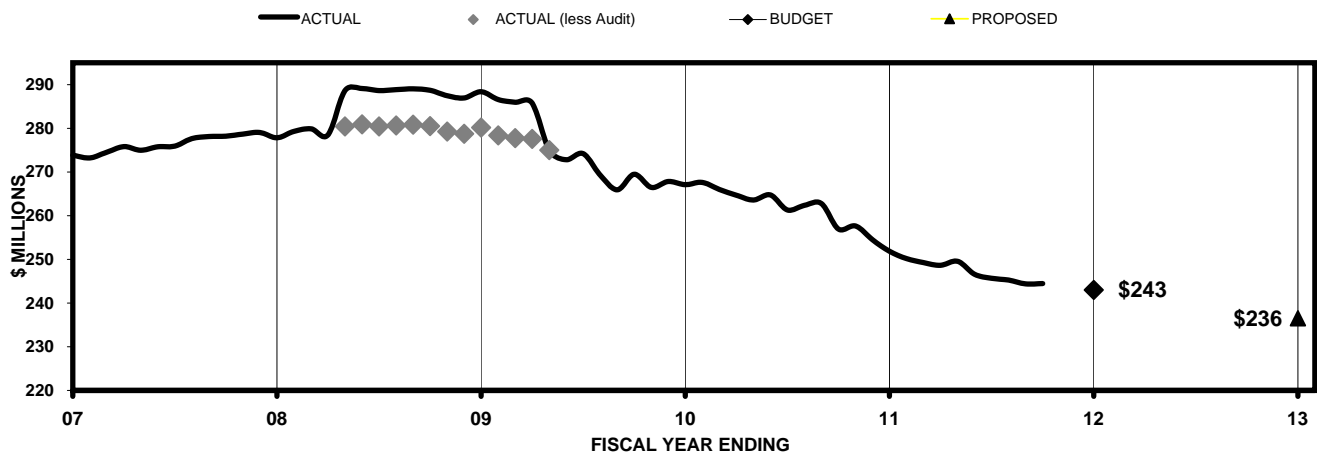

Gas commodity cost is currently about \$0.29 per therm. The futures market anticipates prices will rise slightly, but will stay below \$0.35 per therm.

The City imposes a tax upon businesses located within the City or doing business therein. The City's business tax is typically based on gross receipts; it is not an income tax. The applicable tax rate varies from \$1.01 per \$1,000 to \$5.07 per \$1,000 of gross receipts depending on which classifications are applicable to each business. Taxpayers apportion gross receipts between jurisdictions in cases in which they operate or make sales both inside and outside the City. Business tax reform to date includes a 15% tax rate reduction, a small business exemption, a start-up incentive, a bad debt deduction, entertainment industry tax relief, tax simplification through consolidation of business tax classes, internet tax relief, a film production tax credit, and the recently approved mutual fund exemption. The 2012-13 estimate includes \$15.8 million in economic growth; after adjusting for the mutual fund exemption, this is 5.5% above estimated 2011-12 renewal revenue, and 3% more than estimated total 2011-12 business tax revenue.

Because of lags between sales activity and receipt of sales tax monies by the City, taxable sales between April and the following March closely correspond to the City's fiscal year. The rate of growth in City taxable sales during the Spring quarter 2011 was 9.7% above the same period in 2010; Summer quarter 2011 sales were up 11.2%; but the rate of growth slowed to 7% for Christmas quarter 2011 taxable sales. The revised estimate for sales during the Jan-Mar 2012 quarter, which the City will receive by June 2011, is 5%. The overall rate of growth in 2011-12 is now projected to be 7.9%. For 2012-13, the Proposed Budget estimates 4% growth in sales tax revenue, the consensus projection of other taxing jurisdictions and local economists. The 2012-13 estimate includes additional revenue from internet retailers beginning with taxable sales activity in July 2012.

Sales Tax Estimates
Forecasts Most Applicable to City Fiscal Year 2012-13

Forecast	Date of Forecast	Focus	Change from Prior Year
Beacon Economics	Dec 2011	LA County Taxable Sales by City Fiscal Year	4.9%
Governor's Budget	Jan 2012	California Taxable Sales by State Fiscal Year	4.3%
Los Angeles County Economic Development Corporation	Feb 2012	LA County Retail Sales by Calendar Year	4.0%
County of Los Angeles	Mar 2011	County Fiscal Year Sales Tax	3.5%
UCLA Anderson Forecast	Mar 2011	California Taxable Sales by City Fiscal Year	3.2%
Sacramento Forecast Project	Jan 2012	California Taxable Sales by Calendar Year	2.3%
			3.7%
Proposed Budget*		City of Los Angeles	4.0%

* The Proposed Budget projection includes a factor for the "Amazon effect." Amazon has agreed to begin remitting to the State Board of Equalization sales taxes on orders shipped to California beginning in July 2012. It is anticipated that other internet and catalog retailers not currently collecting or remitting the California sales tax will also begin doing so.

Change in City Sales Tax Allocation by Quarter

The City's fiscal year sales tax revenue (July-June) is based on taxable sales between April and March. City taxable sales growth for the first three quarters of 2011-12 averaged 9%. We will know the results of January - March 2012 taxable sales in late June. 2012-13 budget planning anticipates growth in 2011-12 of 7.9%. Growth in 2012-13 is projected to be 4%.

City Sales Tax

12-Month Moving Sum

— City Tax Receipts -- 1% Tax Rate

Beginning in 2004, City data is adjusted for changes in the City tax rate. After declines in 2008-09 and 2009-10 cumulatively totaling more than 17%, revenue increased by nearly 6% in 2010-11 and is estimated to increase nearly 8% in 2011-12. In 2012-13 sales tax receipts are projected to be near the 2007-08 peak.

City 1% Sales Tax and Local Unemployment Rate

52

Over time, as the local unemployment rate declines (thin line), the rate of growth of City sales tax (thick line) increases. As the unemployment rate increases, growth in City sales tax slows or decreases. In recent years, the unemployment rate was at its highest level in this 35-year time series. Receipts in 2010-11 and 2011-12 benefited from deferred purchases following the severe sales tax downturn from 2007-08 to 2009-10. But the continuing double-digit local unemployment rate will make strong growth in local taxable sales and other economy-sensitive revenues more difficult.

U.S. Retail Sales -- Seasonally Adjusted

▨ % Change from Same Period Year Ago
 —◆— U.S. Retail Sales in \$ Billions

ES

On a year-over-year basis, monthly U.S. retail sales have increased since November 2009. But the rate of growth is declining.

Notes on Long-Term Sales Tax Table

The table on the preceding page presents City sales tax receipts from 1956-57 through 2010-11 and estimates for 2011-12 and 2012-13.

Beginning in 2004-05, the local sales tax was temporarily reduced from 1% to 0.75%. To facilitate comparison, this table shows City sales tax receipts in 2004-05 and thereafter on a pro forma basis at the previous 1-% rate.

Each year is affected to some extent by such events as audits, tax increases known as "base broadeners," new tax exemptions, law changes, major refunds and other adjustments. Many factors besides the economy influence City sales tax receipts.

For most years, the effects of these adjustments, some positive and some negative, offset one another. Thus, the percent change in sales tax receipts from year to year is a good indication of the local economy. Highlighted are periods of revenue decline, which are generally coincident with national recessions.

The duration and depth of the Southern California-recession of the early 1990s was unprecedented. While the U.S. experienced a moderate recession, the Southern California economy more resembled a depression. In other recessions, periods of declining receipts did not exceed one year and the revenue level prior to the recession was exceeded in the first year of recovery. But sales tax revenue declined four years in a row in the early 1990s and did not exceed the previous peak until nine years after the downturn began.

During the six year-expansion beginning in 1994-95, the rate of growth averaged nearly 5%. Following the 1982-83 downturn, the rate of growth averaged nearly 7%. After the 1970-71 decline, the average growth rate was more than 10%.

In the years following the recession of 2001-02, the recovery more resembled earlier ones than the Southern California recession of the early 1990s with recovery around 4% in the early years followed by higher growth.

Taxable sales were flat in 2007-08 and declined by a cumulative 18% in during 2009-10 and 2010-11, losing a greater portion of the tax base in two years than was lost in the four-year downturn of the early 1990s.

Based upon nine months of receipts and the consensus of local economists, the 2012-13 Proposed Budget projects an increase of 7.9% for 2011-12 above the 5.9% growth experienced in 2010-11. For 2012-13, based on consensus of local economists, sales tax receipts are projected to be 4% above 2011-12 receipts. This is still below the 2007-08 level.

Beginning in FY 2005-06, the City's share of the sales tax rate for General Fund purposes is .75% of taxable sales in the City. Previously the rate was 1%. The overall tax rate, including state, county and special district purposes in the City of Los Angeles is 8.75%. Taxable sales in the City are a little more than 7% of statewide taxable sales and nearly 30% of countywide taxable sales.

Sales Tax Components Los Angeles County 2012

State Rate

General Fund	3.6875%	State General Fund
General Fund	0.2500%	(Inoperative in 2001, but effective thereafter.)
State Fiscal Recovery Fund	0.2500%	For economic recovery bonds
Local Public Safety Fund	0.5000%	The Local Public Safety Fund was approved by the California electorate in 1993 to support local criminal justice activities. The City receives a small share of this -- about \$30 million annually.
Local Revenue Fund	0.5000%	For local health and social service programs. This portion was established as part of 1991 realignment.
Local Revenue Fund	1.0625%	This portion was established as part of 2011 realignment.
Subtotal for State purposes	6.2500%	

Uniform Local Tax Rate

County Transportation	0.2500%	The county allocates a small portion of this to the City for transportation purposes.
Local Point of Sale	0.7500%	This is the City sales tax. The City's share was reduced from 1% of taxable sales within the City to 0.75% by the triple flip starting with City receipts in September 2004.
Subtotal for Local Purposes	1.0000%	
Total Statewide Rate	7.2500%	

Optional Local Rates

		State law permits voter approval of optional local tax rates. The following countywide voter-approved local rates are applicable in the City of Los Angeles.
Proposition A Los Angeles County Transportation Commission	0.5000%	Voter Approved in 1980 for public transit
Proposition C Los Angeles County Transportation Commission	0.5000%	Voter Approved in 1990 for public transit
Measure R Los Angeles MTA	0.5000%	Voter Approved in 2008 for public transit
Total Optional Local Rate Applicable in City of Los Angeles	1.5000%	
Total Sales Tax Rate in City of Los Angeles	8.7500%	Some cities in Los Angeles County have a higher local tax rate.

Revenue is closely tracking the 2011-12 budget estimate of \$136.9 million. An additional \$4.1 million is added to the 2011-12 original budget estimate to reflect the productivity impact of the new part-time traffic officer program.

Another \$4 million is added in 2012-13 to account for the full-year effect of the part time productivity increase begun in 2011-12 and the effects of an expanded part-time program in 2012-13. An additional \$6 million is added to the 2012-13 estimate for full-year implementation of increased fines for street sweeping and safety violations.

Parking Revenue 12-Month Moving Sum

The projected revenue increase is linked to full implementation of a part-time traffic officer program, the effects of which are beginning to be seen in 2011-12. For 2012-13, the budget projects \$4 million in new revenue from an expanded traffic enforcement program with additional part-time personnel. Also, a \$6 million revenue increase is projected from a \$10 per ticket fine increase for violation of parking restrictions at designated street sweeping times and for thirteen specific safety violations such as parking in a red zone, parking in front of a fire hydrant and double-parking.

Parking Citations Issued 12-Month Moving Sum

61

A part-time traffic officer program is proposed to expand enforcement of parking regulations.

* For Fiscal Year 2011-2012, an audit initiated by the Office of Finance of transient occupancy tax will result in a one-time receipt of \$2.7M from a bankruptcy court settlement proposed by the City Attorney. The following page provides additional information.

City Hotel Tax Receipts

12-Month Moving Sum

This revenue is showing strong recovery from the recession and is expected to finish 2012-13 above the 2007-08 peak. The March receipt was disappointing, but not untypical of the pattern of monthly receipts. A proposed settlement of a back tax issue is projected to result in one-time receipt of \$2.7 million in 2011-12. But closure of a major hotel and a near-capacity occupancy rate will dampen growth in 2012-13. Growth (excluding the pending settlement) in 2011-12 is anticipated to be 9% with 7% growth projected in 2012-13.

The documentary transfer tax is the most volatile General Fund revenue source. This account recorded more than \$217 million in 2005-06 at the peak of the real estate bubble. Three years later in 2008-09, revenue declined to under \$84 million. The documentary transfer tax rate is \$2.25 per each \$500 of sales price of real property transferred in the City and recorded by the county registrar-recorder (tax rate = 0.45%). In addition, this account also includes the registrar-recorder's efforts to collect the tax when a controlling interest in a legal entity holding real property in the City is transferred (additional information is presented on following pages).

This account is recovering slowly. Forecast for 2012-13 is based on improved economy and increased enforcement.

Growth in parking tax revenue was higher than most economy-sensitive revenues until recent years. The projected growth in 2011-12 and 2012-13 is in part based on the Department of Finance discovery, enforcement, and compliance programs which contribute to the collection of the Parking Tax. The Department of Finance believes mandatory revenue control equipment for delinquent operators and mandatory tax collection bonds for all operators will help ensure achievement of the 2012-13 parking tax revenue estimate.

Parking Users' Tax

12-Month Moving Sum

■ % Change from Year Ago -- Left Scale ◆ Revenue -- Right Scale ● Budget -- Right Scale

Monthly pattern of receipts is erratic, but when viewed annually, parking tax follows economy.

The largest and most variable component of franchise income is the natural gas franchise fee. A major factor in estimating revenue from this fee is the price of natural gas, which is declining. Additional information on franchise fee accounts is presented on the following pages.

Franchise income records fees collected from City franchisees. This includes the distributors of natural gas; cable TV operators; and other businesses that operate as a result of obtaining a City franchise, including official police garages and taxi cabs. Additional detail on current franchise revenue is presented in the following pages.

The franchise payment received from natural gas suppliers is 2% of the gross sales of gas plus the value of gas not sold but only transported within the City. The estimate for 2011-12 is based on receipts to date. The estimate for 2012-13 is based on the forward market for natural gas. Information on that market is shown on pages related to the gas users' tax.

Franchise Income - Gas

4-Quarter Moving Sum

The commodity price of natural gas declined in recent months and is expected to rise slowly in 2012-13. Gas franchise fee estimates for 2011-12 and 2012-13 are indicated with the square markers.

The table above reflects revenue from the 3-% General Fund share of a combined 6-% fee imposed on gross cable TV revenue. A 2-% portion of the fee is deposited into the telecommunications development account, which may be used for public, educational and government access programming (PEG) and other telecommunications uses in the City, such as funding the costs of the Information Technology Agency. Beginning in April 2008, a 1-% portion of the fee is also deposited into the telecommunications development account and must be used to pay capital costs related to providing PEG programming. Payments by cable TV operators are made quarterly. Audit recoveries accounted for unusual spikes in receipts in some years. A major cable operator disputed payment of the 3-% (General Fund) and the 2-% portions of the fee scheduled for receipt by the City in the April-June quarter of 2010-11. City Attorney staff is following up on this matter, but resolution does not appear likely in 2012-13. With the exception of the disputed 2011 payment and audit recoveries, receipts have been stable in recent times.

Special Telecommunications Liquidated Damages and Lost Franchise Fee Fund								
2-% Share	\$10,804	\$10,839	\$9,370	\$11,627			\$12,056	\$12,126
	5.9%	0.3%	-13.6%	24.1%			28.7%	0.6%

Special Telecommunications Liquidated Damages and Lost Franchise Fee Fund								
1-% Share	\$1,345	\$5,401	\$10,965				\$6,028	\$6,063
		301.6%	103.0%				-45.0%	0.6%

Quarterly Income from General Fund Share of TV Franchise Income

Franchise fees from cable TV operators are usually stable, with a small upward trend. Receipts were a little below \$4 million per quarter before 2008-09 and are above that level more recently. The spikes in 2008-09 and 2011-12 were related to enforcement activity. The spike in FY ending 13 is a projection for audit recoveries based on experience. The large dip in 2010-11 is caused by a dispute with a major cable operator regarding payment of the 3-% (General Fund) and the 2-% portions of the fee which were scheduled for receipt by the City in the April-June quarter of 2010-11. City Attorney staff is following up on this matter, but resolution does not appear likely in 2012-13.

JUNE	5,083	5,252	5,220	5,000			4,000	4,200

Beginning in April 2011, payments of franchise fees by Official Police Garage operators was changed to a bi-weekly basis instead of the long-standing quarterly remittance schedule. This resulted in a one-time accelerated collection in 2010-11, which gave the surface appearance that the pattern of receipts in 2008-09 and 2009-10 was continuing in 2010-11. Without the one-time accelerated collection, receipts in 2010-11 would have been about \$1.1 million per quarter. In the first half of 2011-12, quarterly receipts averaged about \$1 million.

Franchise income is a fee of 7% of an Official Police Garage operator's revenue from towing fees, storage fees and vehicle lien processing fees. As the number of impounds declines, operator revenue and franchise fee revenue declines accordingly. Proposed additional parking enforcement activity may increase franchise income from this source in 2012-13, but proposed changes in impound policy for unlicensed drivers could reduce the number of impounds, attendant fees and franchise revenue.

Franchise Income -- Official Police Garage

Quarterly Revenue

This account has averaged more than \$1 million per quarter in recent years, but has been declining as impound activity has decreased. The spike in the last quarter of 2010-11 includes an accelerated collection as the franchise payment methodology shifted from a quarterly cycle to a bi-weekly cycle. Additional part-time traffic enforcement staff may slow the decline in impound activity, but any gain could be offset by a change in impound policy for unlicensed drivers.

Franchise income includes a fixed franchise fee per taxi cab; a fee charged each time a cab franchise changes hands; and miscellaneous charges and penalties. Most taxi cab franchise income is determined by multiplying the number of cabs in service by the established City franchise fee. A 5% rate increase is scheduled to be considered by the Board of Transportation Commissioners; the estimate for 2012-13 assumes partial-year revenue from the higher rate.

Franchise Income - Taxicab

This account shows significant monthly variation. The spikes reflect enforcement activity such as audits. The square data points indicate estimated revenue.

The pipeline franchise payment is based on the size and length of pipe and an established fee which is adjusted for the change in the producer price index. It is also affected by the number of franchisees. Although there is some annual variation, the General Fund share of franchise income from pipelines has averaged about \$2 million annually for the past ten years. Fifty percent of the proceeds from this fee are deposited into special accounts for neighborhood improvements in areas impacted by gas pipelines. This account records the balance of gas franchise fees which are deposited into the General Fund. In 2010-11 all proceeds from this fee were deposited into the General Fund.

Interest income credited to the General Fund to date is not a predictor of fiscal year General Fund receipts since the amounts shown include interest earnings that must be credited to proprietary departments and special funds before the end of the fiscal year. The revised estimate for 2011-12 and the budget estimate for 2012-13 are provided by the Office of Finance.

General Fund Earnings (2)	\$14.10	\$14.10	\$10.45
Plus Interest and Other Net Benefits from Monies Set Aside to Repay TRANS	0.18	0.06	0.06
General Fund Interest Income	\$14.28	\$14.16	\$10.51

(1) Due to timing of monthly cash receipts and the strictly cash basis of the City budget, earnings attributable to one year may be received in a different fiscal year. This table is presented as a cross-check to permit display of fundamental assumptions.

(2) The driving factor for the decrease in projected interest earnings for FY 2012-13 is the reinvestment rate, which has decreased from 1.63% (estimated) to 1.27% based on forward rate assumptions.

In 2011-12 the state eliminated the motor vehicle license fee revenue distribution to California cities in order to fund community law enforcement programs that were realigned from the state to the county. Revenue received by the City in 2011-12 closes out prior-year vehicle license fees. No further receipts from this source are anticipated.

This revenue is part of a settlement in which seven tobacco companies agreed to restrictions on marketing practices and to pay \$206 billion during a 25-year period ending 2025 to California, 45 other states, the District of Columbia and five U.S. territories. In January 2000, the California Attorney General's office began receiving California's share of the settlement, which was projected to be more than \$0.9 billion annually. Half of the payment goes to California's General Fund. The remainder is divided, based on population, among California's 58 counties and four largest cities for use as decided by each local government. Major assumptions include an adjustment for the volume of cigarettes shipped, a price-level adjustment, and that relative population of California counties will not shift. Revenue has been below the Attorney General's estimates in recent years as a result of declining tobacco consumption and the estimates on this page are adjusted based on the City's recent experience.

Section 5.97 of the Los Angeles Administrative Code provides for the Telecommunications Liquidated Damages and Lost Franchise Fees Fund which receives all monies collected from cable television franchise holders as liquidated damages and franchise fees lost to the City due to unexcused delays in the construction or activation of cable systems. In addition, the Telecommunications Development Account within the Fund receives a two-percent share, or 40 percent, of the five-percent franchise fee payments from cable television and other telecommunications franchise holders. Monies from this account may be used for public, educational and municipal access programming and other telecommunications uses in the City, such as funding the costs of the Information Technology Agency.

The Administrative Code further provides that funds from the Telecommunications Development Account may be transferred to the General Fund upon a majority vote of the Council and approval by the Mayor. This revenue source receives any such transfers authorized by the Mayor and Council. The transfer amount is a budget policy decision, but cannot exceed the available balance in the Telecommunications Development Account. No transfer to the General Fund is proposed for 2012-13.

A \$300 tax is imposed on each new dwelling unit constructed in the City. This is called the residential development tax and is deposited into the General Fund. An additional \$200 tax is called the dwelling unit construction tax and is deposited into the Parks and Recreation Sites and Facilities Fund. Monies in that fund are used exclusively for the acquisition and development of park and recreational sites and facilities. This is a very volatile account since it is based on a relatively low volume of activity -- 3,000 to 7,000 units annually. Building activity is determined by economic conditions and the availability of building sites in the City. Because the City is relatively "built up," its housing construction activity is not directly comparable to that of the State and County.

Although the General Fund residential development tax (\$300 per unit) and the park-related dwelling unit construction tax (\$200 per unit) are very similar, only the dwelling unit tax provides for exemptions if the developer pays other park-related fees.

The 2008-09 Budget included an ordinance to amend the Administrative Code to allow the City Council to determine a surplus amount to be transferred to the City Reserve Fund for unrestricted use. The 2010-11 and 2011-12 Budgets removed a sunset date for that amendment, but stipulated that any future surplus transfer would be considered a loan that, unless the City declared a fiscal emergency in that year, must be repaid in the same amount to the fund within two years. The ordinance also required that funds be set aside for a 5-year maintenance and operations plan for the fund's programs prior to declaring a surplus. The 2012-13 Proposed Budget proposes eliminating the loan repayment requirement.

* The 2010-11 transfer from the Special Parking Revenue Fund to the Reserve Fund was \$14,019,000. Of that amount, \$10,019,000 was transferred to the budget. The balance of \$4,000,000 was retained in the Reserve Fund.

The sources that contribute to this revenue include fees collected by various departments for services such as animal registrations and ambulance services. Additionally, more than one-half of this revenue comes from reimbursements from special funds and proprietary departments for services paid for by the General Fund, such as health insurance.

Details of this revenue category can be seen on the following pages.

Many departmental receipts are reimbursements from special funds and proprietary departments or other revenue that is best viewed on a City-wide basis. This perspective is presented on the following page.

The Environmental Affairs Department was deleted for the 2010-11 Budget; its functions were merged into Sanitation and Building and Safety. The Treasurer was combined with Office of Finance for the 2011-12 Budget.

LICENSES, PERMITS, FEES AND FINES

SIGNIFICANT CHANGES

FY2010-11 Actuals	Millions \$ 691.0
◆ Special Funds - additional revenues are budgeted for reimbursement of related costs along with several sweeps of prior year costs.	24.6
◆ Library and Recreation and Parks - Additional amounts are budgeted to pay for the overhead costs of the Library and Recreation and Parks departments.	9.1
◆ General Services - a portion of the Library's increase was set aside for reimbursement of GSD costs.	3.1
◆ Library - a portion of the Library's increase was set aside for additional reimbursement of GSD costs.	2.6
◆ Services to Sewer - CAP rate changes are the primary driver for this increase.	2.4
◆ One Time revenues - various revenues spread among a dozen departments are classified as one-time and exceed the amounts collected in 2010-11.	2.3
◆ Ambulance - ambulance receipts are expected to be \$2.2 million higher in 2011-12 due to billing and collection efficiencies.	2.2
◆ Building and Safety - Code enforcement and inspection fees are expected to finish \$2 million higher in 2011-12.	2.1
◆ DWP reimbursements - Additional receipts are expected for DOT and Office of Finance.	1.8
◆ Prop K reimbursements - additional revenues are budgeted for reimbursement of related costs.	1.5
◆ Gas Tax - less reimbursements are expected in 2011-12 due to lower CAP rates.	(1.4)
◆ Court fines - the decrease is due to the canceling of the Photo Red Light program.	(1.6)
◆ Police - 2011-12 expects \$1 million less each for escheatments and impound fees.	(1.9)
◆ General Fund Miscellaneous - 2010-11 included a property sale and several other non-recurring reimbursements.	(2.0)
◆ Services to Airports - disallowed costs and prior year adjustments are driving this revenue category downward.	(2.5)
◆ Personnel - reimbursements for workers' compensation costs are below the level received in 2010-11.	(2.5)
◆ City Attorney - The City Attorney received several large reimbursements and transfers in 2010-11.	(3.7)
◆ Fire - various reimbursements for fire services, especially reimbursements from outside agencies, are expected to finish \$3.7 million below the level received in 2010-11.	(3.7)
◆ All others	2.3
FY2011-12 Revised Budget	\$ 725.7
Change from FY2010-11 Actuals	\$ 34.6

LICENSES, PERMITS, FEES AND FINES

SIGNIFICANT CHANGES

FY 2011-12 Adopted Budget	Millions \$ 725.1
◆ Special Funded Overhead Costs - funding was made available to pay additional overhead costs.	5.6
◆ General Services - Increased CRA reimbursements (\$640k), lab fees (\$1.2M), miscellaneous revenue (\$1.6) and salvage receipts (\$1.5M) are the primary drivers for this increase.	5.4
◆ Mayor - Primarily due to an unforeseen \$2.5 million donation.	2.5
◆ One Time revenues in CIEP are the main reason for this increase.	1.7
◆ PW Engineering - general engineering receipts are increased.	1.4
◆ Transportation - like Engineering, receipts are doing well.	1.4
◆ Personnel - workers' compensation reimbursements doing better then expected.	1.1
◆ Services to Airports - the revised estimate is lower due to disallowed costs and adjustments for prior years.	(1.3)
◆ Court fines - the decrease is due to the canceling of the Photo Red Light program.	(1.6)
◆ Services to Harbor - disallowed costs and credits for prior year overpayments are the main drivers.	(1.6)
◆ City Attorney - Consumer protection overhead accounted for under special funded overhead costs (-\$1.1 million) and reduced reimbursements from the CRA (-\$700k) are expected.	(1.8)
◆ Services to DWP - credits for prior year overpayments and reduced reimbursements to Finance are bringing this account down.	(1.8)
◆ City Clerk - election reimbursements are expected to be lower than the original budget. Also, close to \$1 million in reimbursements are being shifted to 2012-13.	(2.0)
◆ Finance - \$1.6 million in bond escheatments are not expected to be recorded in the General Fund. Also, the bank fee program has been greatly reduced.	(2.5)
◆ Fire - reimbursements from other agencies is reduced by \$1.7 million and the industrial building inspection program (\$1 million in revenue) is not expected to start until 2012-13.	(2.7)
◆ Police - Impound fees and excessive false alarm fees are below expectations.	(4.7)
◆ All others.	1.1
FY 2011-12 Revised Budget	\$ 725.6
Change from FY 2011-12 Adopted Budget	\$ 0.5

LICENSES, PERMITS, FEES AND FINES

SIGNIFICANT CHANGES

FY 2011-12 Revised Budget	Millions \$ 725.6
◆ Increased efficiencies (\$5M) and ongoing Federal reimbursement for Medicare transports (\$10M)	15.0
◆ Services to Sewer - Full reimbursement and higher CAP rates are increasing this revenue.	14.0
◆ One Time - primarily due to a clean-up payment for prior year Medicare transports for Fire.	12.8
◆ Special Funded overhead reimbursements - where funding was available, special fund overhead revenues are increased.	12.0
◆ Gas Tax - Funding was made available to pay overhead costs.	7.8
◆ Services to DWP - the increase primarily due to reimbursement for the Office of Accountability (\$2.2 million) and increased reimbursements for City Attorney.	3.7
◆ Services to Airports - Cost reimbursements for Fire is the primary driver for this increase.	2.8
◆ Services to Stormwater - Additional funding was made available to pay increased related costs.	1.9
◆ Services to Harbor - Increased reimbursements are expected for PW Contract Administration and City Attorney.	1.5
◆ Transportation - Overall reduction in B permits and transportation services.	(1.6)
◆ City Attorney - The City Attorney received \$1.6 million from the CRA in 2011-12. With the CRA abolished, this revenue is not expected for 2012-13.	(1.6)
◆ Mayor - No donations are expected at this time.	(2.1)
◆ Building and Safety - annual inspection monitoring program and revenue moved to the Enterprise Fund.	(2.4)
◆ General Services - reduced revenue for CRA reimbursements (-\$2.1M), lab fees (-\$500k), Figueroa Plaza lease revenue (-\$1.2M), salvage receipts (-\$1.2M), reimbursement of costs from Library (-\$1.8M) and miscellaneous revenues (-\$1M).	(7.9)
◆ Solid Waste - overhead revenue is reduced due to changes in the CAP rates.	(13.9)
◆ All others	(1.2)
FY 2012-13 Proposed Budget	\$ 766.6

103

This chart reflects reimbursements for City services provided to the Harbor. The drop in 2010-11 is based on the transfer of the Harbor payment for Recreation and Park services from the General Fund to Recreation and Parks directly. The revenue estimate is further reduced by roughly \$2 million annually due to the Nexus lawsuit settlement.

Animal Services revenue is almost completely comprised of fees. Efforts continue to increase animal licensing and this is hoped to translate into increased revenues. While revenues are up compared to previous years, prior efforts often have fallen short of initial estimates. For both the 2011-12 revised and 2012-13 proposed estimates, \$165,000 is being transferred from the Spay and Neutering fund.

Starting in FY 2005-06, Building and Safety receipts are now deposited into the Building and Safety Building Permit Enterprise Fund. The revenue estimates are primarily made up of overhead cost reimbursements to the General Fund and code enforcement efforts. As part of the elimination of the Environmental Affairs Department, Building and Safety absorbed positions and revenues related to Local Enforcement Agency fees. Greater efforts are being made in code enforcement. For 2012-13, the annual inspection monitoring program (\$2.5 million in revenue) will move from the General Fund to the Building and Safety Enterprise Fund.

The CAO's revenue is mainly reimbursements from outside agencies, special funds and proprietary departments. New for 2012-13 is a \$2.2 million reimbursement from the DWP to provide funding for the Office of Accountability. Because the 2009 and 2010 invoices are still unpaid and it is doubtful that the City will receive any payment in 2011 and 2012, the revenue for the Los Angeles Triathlon is deleted.

The City Attorney's revenue budget includes proprietary service reimbursements, damage settlements and special fund reimbursements. For 2011-12, the consumer protection overhead reimbursement originally budgeted in revenue source 9105 is being recognized in revenue source code 5301 (reimbursement from other funds). With the abolishing of the CRA, no reimbursement of costs is expected in 2012-13.

The majority of the City Clerk's revenue is for reimbursement of election costs from the Community College District and LAUSD school board elections. The City Clerk revised its election reimbursements downwards by \$2 million in 2011-12, with \$1 million of this revenue being expected in 2012-13. Overall, election reimbursements for both 2011-12 and 2012-13 total at slightly over \$9 million. The City Clerk reaffirmed this estimate on April 5, 2012.

The Community Development Department's revenue is primarily from reimbursements from block grant and other special funds for overhead costs. Variations in CAP rates are the driving force in revenue changes for the revised and proposed estimates.

The Office of Finance functions include tax and permit collection and collection of unpaid City invoices. The Office of the Treasurer and its revenue were folded into the Office of Finance in 2011-12. Collection service revenues initially recorded in Office of Finance accounts are distributed to other departments before year-end. For 2012-13, revenue due for bank fees from the proprietary departments are now used as a source of funds for the Department's budget.

The primary components of the Fire Department's revenue are ambulance billings, special fire services, unified program fees and reimbursement of services from the proprietary departments. The Industrial Building Inspection program is now expected to start in 2012-13. Reimbursements for medicare transports are \$23.5 million; \$10 million in ongoing reimbursements (in revenue source code 4451) and \$13.5 million in back payments (revenue source code 5301). Also, ambulance billing is increased by \$5 million for billing efficiencies. The cost of a new Assistant Fire Chief will be reimbursed by the Airport in 2012-13. Services to San Fernando are being brought in line with City-wide staff reductions.

Ambulance revenue is expected at higher levels due to increased efficiencies from handheld computerized billing devices and the use of an outside contractor for billing. To recognize these efficiencies, \$5 million was added to 2012-13. Also expected is \$10 million from the Federal government for medicare transports.

General Service's revenue is made up of special fund overhead reimbursements, sale of surplus equipment, chargebacks to CERS and Pensions and lab testing fees. Lab fees are increasing due to work for the Airport. No surplus property sales and reduced salvage sales are anticipated in the proposed budget. With the abolishing of the CRA, no reimbursement of costs is expected in 2012-13 (\$2.1 million).

The Information Technology Agency's revenue is primarily made up of proprietary department reimbursements, chargebacks from CERS and Pensions and various special fund reimbursements. The Telecommunications Development Account includes more funding to pay for overhead cost reimbursements in 2012-13 (\$3 million increase).

Personnel Department's revenue is primarily made up of proprietary department reimbursements for personnel services. Also included are overhead reimbursements from special funds (sewer and mobile source) and reimbursement of administrative costs associated with the Deferred Compensation Employee Plan. Workers' compensation reimbursements are expected to increase by \$1.1 million.

Planning Department's revenue is largely from various zoning and land use fees and reimbursement of overhead costs from special funds. For 2010-11, planning fee revenues were moved to the Planning Case Processing Special Fund. Due to planning fee increases, the special fund is expected to pay additional overhead reimbursements.

Police revenue is primarily from reimbursements for services to Airports, police alarm permits, false alarm fees and impound fees. False alarm fees and impound fees are falling below budget expectations. Additional overtime reimbursements are being transferred from off-budget special funds.

Engineering revenues are comprised of street and curb permits, zoning and subdivision fees, other engineering fees and overhead reimbursements from special funds. Overhead reimbursements are increasing due to higher CAP rates and filling of vacant positions. Proposed 2012-13 fee increases are expected to bring in an additional \$400,000.

The Bureau of Sanitation's revenue is primarily special fund reimbursement of City overhead costs. Solid waste overhead revenue is reduced in 2012-13 due to CAP rates. This loss in overhead is somewhat offset by increased services to sewer.

General Fund Departmental Receipts

Street Services revenue is primarily from street/curb permits and reimbursement of City overhead costs from special funds. Gas tax overhead reimbursements are estimated at \$25 million for 2012-13, an increase of nearly \$7 million compared to the 2011-12 budget. Funding and overhead reimbursements (\$3.5 million) are provided from Prop. C. For 2011-12, prior year reimbursements from Measure R and Prop. 1B total around \$4.3 million.

Special fund overhead reimbursements account for three-fourths of Transportation's revenue. A review of prior year related costs resulted in over \$9.6 million in one-time revenue for 2011-12. Prop C reimbursements are expected to increase significantly in 2012-13. The revenue from preferential parking has been moved to a special fund.

210

For both 2011-12 and 2012-13, miscellaneous taxes are increasing along with the local economy. Airport reimbursements are also reduced for 2011-12 due to less police overtime performed at LAX. The Convention Center and El Pueblo are reimbursing the General Fund for a portion of their related costs.

The \$27.5 million item in 2010-11 is the reimbursements from the Library and Recreation and Parks for reimbursable overhead costs. This reimbursement will increase to almost \$36 million in 2011-12 and over \$51 million in 2012-13. The Library will also pay a little over \$3 million in utility costs for both 2010-11 and 2011-12. Environmental Affairs was deleted in 2010-11 and its function were absorbed into Building and Safety, Sanitation and Mayor.

In 1993, state legislation provided for the allocation of 1/2 cent sales tax to local government. Proposition 172 was approved by the electorate in November 1993 which extended the allocation for use exclusively for public safety purposes. Funds are allocated by the Board of Equalization to counties, which in turn, distribute a portion to cities. A city's share is determined by the amount of property taxes shifted to schools in the 1993-94 state budget and further adjusted by other state actions.

The rate of growth is different than that used to estimate the Proposition A and C sales tax-related allocations, which are driven by L.A. County taxable sales. The rate of change is also different than that used to estimate City sales tax, which is determined by taxable sales in the City.

Local Public Safety Trust Fund

City revenue is affected by state policy issues outlined on the preceding page, but over time, the annual rate of change closely tracks the change in City sales tax receipts. Sales tax growth is projected to be nearly 7% in 2011-12 and 4.5% in 2012-13. The same rates of growth are applied to the City's allocation to the Public Safety Trust Fund.

The Traffic Safety Fund receives revenue from fines, bail and traffic school fees associated with citations for moving violations within the City, except where other disposition of such revenue is provided by law. Tickets are primarily issued by LAPD, but some are issued by the California Highway Patrol and all other traffic enforcement agencies.

The City's share of moving violation revenue varies by type of citation, but is typically about 90% of non-penalty collections. Except in specific cases provided by law, the City does not receive revenue from assessments added by law to traffic fines.
