**REQUEST AUTHORITY TO NEGOTIATE AND EXECUTE A BERTH ACCESS
AGREEMENT WITH ALTASEA TO DOCK A VESSEL FOR AN LAPD MARINE UNIT**

The Department of General Services (GSD) requests authority to negotiate and execute a Berth Agreement with AltaSea to dock an LAPD vessel at Sea Berth 57 in San Pedro.

BACKGROUND

The Los Angeles Police Department (LAPD) Marine Unit is requesting authority to enter into a Berth agreement with AltaSea at Sea Berth 57 at the Port of Los Angeles (Port). AltaSea currently leases from the Port a large area which includes Berth 57. AltaSea will not charge for the use of this space.

LAPD plans to move their 46' dive boat to Berth 57 from their current dock space at the Los Angeles Fire Department (LAFD) Fire Station #110, where they occupy one of the slips. However, LAFD needs the space for their new boats that will be arriving shortly. LAPD has secured a viable space with AltaSea with this agreement. Currently, LAPD is conducting a land survey for the site.

TERMS AND CONDITIONS

This month-to-month access Berth Agreement between the City and AltaSea is subject to AltaSea's master lease with the Port of Los Angeles. The compensation for access will be zero dollars in recognition that the LAPD Marine Unit may assist with AltaSea's community programming efforts.

A complete set of terms and conditions are included in the attached term sheet.

BUILDING MAINTENANCE, UTILITIES

All maintenance and repairs excluding utilities will be the responsibility of the Landlord. LAPD shall maintain and repair any items related to its use of the dock.

FISCAL IMPACT

There is no anticipated impact to the General Fund at this time. Any capital costs to prepare the dock will be paid by LAPD and Alta Sea.

RECOMMENDATION

That the Los Angeles City Council, subject to the approval of the Mayor, authorize GSD to negotiate and execute the Berth Agreement with AltaSea located at 2451 Signal Street San Pedro, CA 90731, Berth 57, under the terms and conditions substantially outlined in this report.

Tony M. Royster
General Manager
