### WHAT IS THE SPECIAL EVENTS LIABILITY INSURANCE PROGRAM:

This policy was designed to provide liability protection for Public Entities that permit public events to be held on the Public Entity's owned or managed property.

### **Examples of event classifications:**

- 1. A group of citizens wants to hold a block party and requests a street closure.
- 2. A religious group wants to hold a service in a public park.
- 3. A parade, street fair, sidewalk sale, a wedding, reunion or social gathering taking place on Public Entity property or in an entity owned or managed facility.

These are just some of the most common examples. Consult the attached Event Schedule for a full range of eligible activities.

When the event holder contacts the Public Entity for a permit or permission to use a Public Entity facility they would be informed of the insurance requirement and offered the opportunity to access the Master Policy. We can provide a simple handout with a toll free number the event holder can access for additional information or a quotation.

### **HOW DOES THE SPECIAL EVENTS LIABILITY INSURANCE PROGRAM WORK?**

The event sponsor would go to <a href="www.2sparta.com">www.2sparta.com</a> or call our toll free (800) 420-0555 number. One of our licensed professionals would determine the type of special event and activities and what coverage is required by the Public Entity. After ascertaining the event type and activities, we would fax, mail or email the potential event sponsor a quotation. This document contains specific information they will require to purchase the coverage. If they elect to use the insurance program, they send a cashier's check or money order for the amount of the premium. Upon receipt of this, we will issue a Certificate of Insurance based on the Public Entity's preapproved master policy and coverage will be activated. Our website <a href="www.2sparta.com">www.2sparta.com</a> provides for payment by credit card.

At the end of each month, we provide the Public Entity with a copy of all the event sponsors who have been issued coverage through the program. This report includes the name of the sponsor, event name and location, the premium paid, and department requesting the coverage. A copy of each certificate issued will be attached to this report. The Public Entity will also receive a claims status report of any new or ongoing claims.
