Subject: **Comprehensive Homeless Strategy – Quarterly Performance Report Fiscal Year 2018-19 First Quarter (July 1 – September 30, 2018)**

SUMMARY

This is the City's Comprehensive Homeless Strategy (CHS) Fiscal Year (FY) 2018-19 first quarterly performance report (Q1 QPR) for your review and submission to the Homeless Strategy Committee. This report highlights key accomplishments, new State funding through the Homeless Emergency Aid Program (HEAP), the A Bridge Home program status, and metrics data.

DISCUSSION

Key Accomplishments

The status and next steps for each individual strategy are provided in Attachment 1. Key accomplishments in Q1 are discussed below.

- Proposition HHH (Prop HHH) Second Year Implementation (FY 2017-2018) (Strategies 6A and 10D)
 - Prop HHH bonds in the amount of \$311,672,673 were issued in Q1: \$238,515,511 to finance 24 Permanent Supportive Housing Loan Program projects with 1,517 housing units, of which 1,242 are supportive, and \$37,720,183 to finance 22 Facilities Program projects, including four (4) City-sponsored projects.
 - In September 2018, the Housing and Community Investment Department's (HCID) FY 2018-19 Prop HHH Permanent Supportive Housing Loan Program Round One Call for Projects recommendations were considered by the Proposition HHH Citizens and Administrative Oversight Committees and recommended for City Council Approval. These recommendations included a total commitment of \$174,405,750 for 1,295 total units, 750 of which are supportive.
- Affordable and Supportive Housing Production
 - HCID financed 167 supportive units. Construction was completed on 10 supportive units and 232 affordable units (not funded through Prop HHH) (Strategy 10A).
 - The Transit Oriented Communities (TOC) Guidelines (Strategy 7Q) became effective in September 2017, and the Department of City Planning has been processing

applications under these guidelines since Q2 of FY 2017-18. In Q1, an additional 44 new TOC cases were filed. There are now a total of 5,597 pending units, 986 of which are affordable.

- The Department of City Planning continues to implement the state Accessory Dwelling Unit (ADU) standards (Strategy 7K). To date, 4,307 permits have been issued. An additional 2,259 applications were received in Q1.

Homeless Emergency Aid Program

In June 2018, the State of California announced the establishment of the Homeless Emergency Aid Program (HEAP), a \$500 million block grant program designed to provide direct assistance to cities and Continuums of Care across the state to address the homeless crisis. Under the program, the City of Los Angeles received an allocation of \$85,013,607. On September 10, 2018, the Mayor and Council approved recommendations to designate the Homeless Strategy Committee (HSC) as the oversight committee for the funds and the City Administrative Officer (CAO) as the grant administrator (C.F. 18-0628). The CAO submitted the City's application on September 12, 2018. The next Quarterly Performance Report will provide the status of HEAP program commitments and expenditures.

A Bridge Home

The Mayor's Office and the City Administrative Officer (CAO) continue to convene a weekly working group of City staff, including the City Attorney's Office, the Chief Legislative Analyst, the Los Angeles Homeless Services Authority, Public Works Bureau of Engineering, General Services, Building and Safety, and Fire, to explore options to use temporary structures (e.g., trailers, large tension membrane structures, etc.) to more quickly establish interim housing facilities, according to alternative health and safety standards, designed to streamline shelter development while ensuring safety standards are maintained.

The Mayor and Council allocated \$20,000,000 to the Crisis and Bridge Housing Fund in the 2018-19 Adopted Budget to establish temporary crisis and bridge housing facilities. The goal of this fund is to add 50 to 100 new beds per Council District. Additionally, \$10,000,000 was included in the Unappropriated Balance (Homeless Services Program) to augment sites that exceed the \$1.33 million limit per Council District set by the Crisis and Bridge Housing Fund. \$45 million was also allocated within the HEAP Grant, adding an additional \$3 million per council district for crisis and bridge housing facilities.

The first site opened at the El Pueblo Historical Monument on September 10, 2018, providing 45 new bridge housing beds. Funding has also been approved to begin construction of the next two sites: the Schrader Boulevard site in Council District 13 (70 beds), and the Veterans Affairs West Los Angeles Campus in Council District 11 (100 beds). As of September 30, 2018, 17 motions representing 23 additional sites in 14 Council Districts have been introduced requesting assessments as potential Bridge Home sites.

CHS Metrics

The CHS metrics framework was approved in June 2017 (C.F. 15-1138-S25). The framework is comprised of strategy-level and headline metrics.

139 strategy-specific metrics were identified across all of the CHS strategies. 84 metrics across 22 strategies were scheduled to report data on or before FY 2018-19 Q1 (some of which were added since the metrics framework was approved). Departments report that data for 18 of these metrics are not yet available. An additional 6 metrics are not reported this quarter since they are reported on a biannual or annual basis. Therefore, Q1 data is available for 60 metrics across 16 CHS strategies. Attachment 2 provides this strategy-level data. Fourth quarter data from FY 2017-18 (Q4) is provided for reference. Attachment 3 summarizes strategy-level data by headline metrics.

Data associated with each headline metric is summarized as follows:

- Expansion of supply of affordable and homeless housing:
 - Ten (10) non-Prop-HHH-funded supportive housing units were completed this quarter. 242 HCID-financed affordable units were completed, up from 175 last quarter. (Strategy 10A)

- Number placed in permanent housing:
 - A total of 884 persons and 1,804 households have been placed in permanent housing through interactions with Los Angeles Homeless Services Authority (LAHSA) contractors and as a result of the Housing Authority of the City of Los Angeles's (HACLA) Homeless Incentive Program (Strategies 3A, 4A, 4F, 6B, 7B, and 7H). This is a decrease from Q4 in the number of persons (963) but an increase in the number of households (1,664).
 - LAHSA attributes the decrease to a lag in data reporting in the first quarter.
 - Of all adults exiting bridge housing, 28 percent exited to permanent housing, slightly down from 33 percent reported in FY 2017-28 Q4 (Strategy 7O). The balance of adults exiting bridge housing in Q4 exited to temporary destinations (e.g. temporary stays with friends or family, 6 percent), to unknown destinations (e.g. those whose homelessness was resolved without additional assistance from the homeless crisis response system, 36 percent), to institutions (e.g. jail, hospital, 3 percent), or to unsheltered destinations (6 percent).
 - The median length of time from assessment to housing match increased slightly to 159 days for individuals in Q1 from 146 in FY 2018-18 Q4 (Strategy 4A). LAHSA reports that an increase in the number of interim beds in FY 2017-18 Q3, without a corresponding increase in permanent housing, may partially explain this increase.
 - The median length of time from assessment to housing match for families was 136 days in Q1 (Strategy 4F). This is the first quarter this data has been reported.

- Number placed in temporary housing:
 - 46 individuals were served through the Pilot Safe Parking Program, up from 44 individuals reported in Q4 (Strategy 6B).

- The average length of stay in crisis/bridge housing increased from 85 days in Q4 to 88 days in Q1 for individuals, but remained at 97 days for families. (Strategies 4A and 4F, respectively). The average length of stay in shelter across all programs decreased significantly from 102 to 88 days (Strategy 7O).
 - A lack of available and affordable housing inventory contributes to longer stays in shelter for both individuals and families.
 - Increased lengths of stay for individuals may be attributed to new interim beds that opened in FY 2017-18 Q1 and Q3; temporarily reducing the system-wide average length of stay during those quarters.
- Number who are prevented from becoming homeless or being discharged into homelessness:
 - 495 families received prevention services through CES in order to stabilize and maintain existing housing in Q1, up from 431 in Q4 (Strategy 4F). 66 percent of families were able to successfully retain their housing, up from 52 percent in Q4. The remaining 34 percent exited to other destinations, including unknown and/or self-resolving.
- Number who Retain Housing from Date of Placement:
 - 94 percent of persons retained housing for 12 months through efforts to strengthen CES technology, staffing and standardization, down from 98 percent in Q4. (Strategy 4A).
 - 93 percent of households retained housing over the following year through integration and strengthening of family and transition age youth CES, similar to 92 percent reported in Q4 (Strategy 4F).
- Number who gain employment or enroll in vocational training/education:
 - 1,023 households have increased their income through participation in CES (Strategy 4A), a significant decrease from 3,765 in Q4.
 - LAHSA attributes the decrease to a lag in data reporting in the first quarter.
 - Due to a lag in data reporting at the beginning of the fiscal year, EWDD reports that 0 adults were placed in competitive employment through social enterprise (Strategy 9A), down from 78 in Q4.
 - 5 homeless adults were hired by the City of Los Angeles in Q1, down from 16 in Q4 (Strategy 9B).
 - 44 women were employed through homeless women's employment development, down from 135 in Q4 (Strategy 9L). EWDD reports that this is also due to a lag in data reporting at the beginning of the fiscal year.
 - 9 percent of emergency shelter participants saw an increase in income, identical to the Q3 rate (Strategy 7O).

4A - Strengthen CES Technology, Staffing & Standardization	<ul style="list-style-type: none"> Representative Payee: Four providers are now operating in all eight Service Planning Areas (SPAs). This is the first year that LAHSA is tracking performance data in the Homeless Management Information System (HMIS). Housing Location: The program began operating on 9/12/2018 through a contract with People Assisting the Homeless (PATH). CES Policies: The final evaluation policy was passed in September. The core set of Coordinated Entry System (CES) Policies (Access, Assessment, Prioritization, Matching, and Evaluation) have been approved. Centralized Training Academy: The Centralized Training Academy hosted 72 trainings in Q1. The Training Instructor Request For Qualifications (RFQ) was released. Budget approval is pending for a Training Coordinator to oversee the continued expansion of the Centralized Training Academy. Technical Assistance (TA): LAHSA hired five temporary recruiters in July 2018 to provide recruitment services will to CES providers until January 2019. Technical Assistance Request for Proposals (RFP): Full implementation of the Core Capacity Assessment Tool (CCAT) began in September 2018. LAHSA will fund stipends to support MSW students with field placement in homeless services. Agencies are currently hiring Domestic Violence (DV) SPA Coordinators. 	<ul style="list-style-type: none"> Develop Violence Against Women Act (VAWA) taskforce to develop implementation and training for VAWA Policies. 4B - Strengthen Departmental Support for Homeless Case Managers	<ul style="list-style-type: none"> Developed a systemwide and cross-population screening tool to be used by Access Points and Access Centers. This will allow for better triaging to CES without conducting a CES Triage Tool (VI-SPDAT) with every participant. Currently developing diversion trainings for City departments to better understand and implement diversion techniques. Solid Ground Pilot: The Prevention Pilot between LA Family Housing and New Economics for Women (NEW) began in August. Weekly meetings are being held to provide TA and triage any issues. CES and Family Source Center integration: LAHSA and FSC staff have been working to develop a more robust screening/intake tool that will better identify families that need to be referred to the Family CES. This new tool has been developed and distributed to all of HCID's FSCs. Executed data sharing with Housing Authority of the City of Los Angeles (HACLA) for Veteran Affairs Supportive Housing (VASH) and Continuum of Care (CoC) programs and pending receipt of initial data in Q2. Data sharing with (HACoLA) pending further discussion. Meeting to discuss CWMDM, AB210, and ELP, which may provide additional avenues for centralized access to data. 	<ul style="list-style-type: none"> Create a draft document of the All Population Screening Tool. <p>4E - Supportive Services Standards for Subsidized Housing</p>	<ul style="list-style-type: none"> The working group has identified the Baseline of High Quality Supportive Services in Subsidized Housing for the various populations. These services reflect Pre housing (Outreach Services) and Post Housing Services (Housing Retention) that are tied to levels of success, goals and funding sources if applicable. The information will be sent to the Service Providers for review and input. To encourage participation from community partners, LAHSA convened meetings with various County and City departments on August 20, 2018 and August 22, 2018 to gather input on possible standards. The agenda for each meeting was identical. Corporation for Supportive Housing (CSH), Department of Public Health's Substance Abuse Prevention and Control (DPH SAPC), HACLA, Los Angeles County Probation Department, and LAHSA staff attended the August 20th meeting, and DHS, Department of Mental Health (DMH), HAcOLA, and LAHSA staff attended the August 22nd meeting. LAHSA gathered input from County and City Departments and has contracted with a TA provider to help direct the formulation of the standards. 4F - Integration and Strengthening of Family and TAY CES	<ul style="list-style-type: none"> LAHSA has reviewed contract requirements for all three systems within CES (Adults, Families, and Youth) and aligned them where possible and appropriate, and developed new Scopes of Required Services (SRS) with core content that is consistent across all three populations. Additional regional coordination capacity has been expanded within the Youth system. With funding from Measure H, each SPA was funded for a SPA-level CES Director to support all three systems and will work to ensure that housing and services are aligned and integrated across populations at the regional level. Funding through Measure H in Years One and Two has created additional capacity within both the Families and Youth systems, including aforementioned expanded regional coordination. Access/Drop-In Center Enhancements: Measure H also funds the Homeless Youth Forum of Los Angeles (HYFLA), an advisory group comprised of young people with lived experience of homelessness. HYFLA advises LAHSA on the Youth system including program design and system strategies. In July 2018, LAHSA formed an internal work group to begin assessing the needs of Transitional Aged Youth (TAY) families as well as their experiences in Youth and Families CES and other parallel systems including the Department of Public Social Services (DPSS). To further align the three systems, LAHSA convenes a CES Policy Council to draft and approve policies for LA CES. LAHSA is now developing a CES Operations Manual of procedures that will implement these policies and ensure alignment across regions. 	<ul style="list-style-type: none"> Release an Interim Housing RFP to expand Crisis and Bridge Housing as well as Transitional Housing for youth. Continue developing procedures for all three CES sub-systems to implement CES policies related to Access, Assessment, Prioritization, and Referral. Continue developing a framework and guidance for ensuring TAY families are optimally served jointly by the Youth and Families CES sub-systems. 	LAHSA	Will Lehman

7D - Using Public Land for Affordable and Homeless Housing	<ul style="list-style-type: none"> In FY 2015-16, Los Angeles Housing and Community Investment Department (HCID) initiated a Public Land Development program to expand affordable housing. As of Q1 FY 2018-19, the portfolio includes 49 properties. HCID did not enter into any new exclusive negotiating agreements (ENAs) with affordable housing developers during Q1 FY 2018-19, but has entered into two Disposition and Development Agreements (DDAs), at 18447 Sherman Way and 4314 W. Adams Blvd. Affordable Housing Opportunity Sites (AHOS): In FY 2017-18 the CAO and HCID developed a joint approach to implementing the AHOS Program. Joint Results of the AHOS initiative are described below. AHOS Round 1: Eight potential sites (12 parcels) were approved for affordable and homeless housing. There are six signed ENAs and two of signed DDAs. There are two sites for which developers have not yet been selected. AHOS Round 2: In May 2018, HCID completed the selection process for four sites. AHOS Round 3: that an RFQ/P will be issued for three sites by the Q4. 	<ul style="list-style-type: none"> CAO will finalize due diligence for potential affordable housing sites and work with CLA to issue motion to release RFQ/P. CAO will support HCID/CLA in issuing the RFQ/P for these sites, likely in Q3 FY 2018-19. HCID will issue RFPs for new developments as publicly owned sites become available. HCID will continue to enter into Exclusive Negotiation Agreements with selected affordable housing developers and will negotiate Disposition and Development Agreements in a timely manner in order to meet projects' financing timelines. While state law is now in effect, the City is pursuing the adoption of its own, more tailored ADU ordinance. This ordinance is intended to apply the new state laws to the development and conversion of ADUs within the City, but adds additional regulation governing their allowable size and location. The draft ordinance, as amended by the Planning and Land Use Management (PLUM) Committee, includes several provisions that differ from the City Planning Commission's (CPC) recommended ordinance and were not considered by the CPC. For that reason, the PLUM Committee referred the ordinance back to the CPC for further consideration.
