23 .	Alternative Fuels Program Positions Funding is provided to continue five positions on resolution authority which enable the Fleet Services Division to comply with the new South Coast Air Quality Management District regulations first enacted in 2001-02. Two Equipment Mechanics, two Equipment Specialists and one Management Analyst II will provide for maintenance, technical training and administrative support to meet the alternative fuels vehicle repair and maintenance workload. The new regulations, designed to reduce the amount of toxic air pollutants, require the City to replace diesel fuel vehicles with alternative fuel vehicles or dual-fuel vehicles. 24 .	Refuse Collection Fleet Support Nine months funding and resolution position authority for eight Equipment Mechanic positions is provided to maintain and repair the Bureau of Sanitation's fleet of refuse collection vehicles (RCV). The Bureau anticipates expanding the fleet of RCV's by 240 units in 2003-04. These vehicles are powered by dual-fuel engines, which are compliant with the new South Coast Air Quality Management District regulations for residential and commercial RCV's. Due to this new technology, these RCV's are mechanically complex and maintenance is labor intensive. The addition of these positions will enable GSD to adequately meet this workload. Fuel Management Funding is provided for the implementation of Phase I of an Enhanced Vapor Recovery (EVR) program, as mandated by the California Air Resources Board (CARB). The EVR program was adopted by the CARB in March 2000 in order for local agencies to achieve additional emission reductions per State and Federal requirements. The CARB has set a compliance deadline of April 2005 for program implementation. Accordingly, the Department has developed a two-phased work schedule which will retrofit a total of 100 City-operated gasoline dispensing systems over a two-year period. During 2003-04, the Department anticipates upgrading 60 percent of the systems, with the remaining 40 percent to be completed in early 2004-05. EX \$480,000	480,000	-	480,000

Notes:

⁺ Data beginning 2000-01 to date is approximate.

^{&#}x27;Facilities patrolled' reflects the number of patrol units deployed annually, not the number of facilities.

^{&#}x27;Construction Projects' reflect both Alterations & Improvement (A&I) program and other projects including Seismic, Fire facilities and ADA work.
