PRESENTED TO

City of Los Angeles

California

For the Fiscal Year Beginning

July 1, 2016

Jeffrey R. Enos

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Budget Preparation to the City of Los Angeles for its annual budget for the fiscal year beginning July 1, 2016.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communication device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

ERIC GARCETTI
MAYOR

April 20, 2017

Dear Angelenos:

A budget is more than numbers. It is a statement of our values, an expression of our ambitions, and a sign of our commitment to building a better future.

That's why it is with great pleasure that I propose my fourth budget — a new opportunity for us to focus the City's resources on ensuring a safer and more prosperous, livable, and well-run city for the people of Los Angeles.

I am honored that you have given me the chance to serve another term as your Mayor. And with this budget, I intend for us to build on the progress of the last four years and continue charting a course to a prosperous future for Los Angeles.

When I took office in 2013, I promised to bring Los Angeles back to basics — by making changes that Angelenos could see in their neighborhoods every day, and building confidence in the power of City government to improve their quality of life. Together, we have delivered on that promise.

We hired firefighters for the first time since the recession, and redeployed more sworn police officers into our communities; we improved the condition of our streets and sidewalks for the first time in decades; and we used data and innovative technology to maximize City resources, and improve the delivery of basic services from street cleaning to pothole repair.

And at every step of the process, we have led with a commitment to customer service — speeding up response times, shortening wait times, and making City Hall more accessible to Angelenos.

In November, voters passed Proposition HHH and Measure M by overwhelming margins and sent a clear message: we are ready to make unprecedented investments to address homelessness and build out our transportation network.

In the coming years, we will realize our collective dreams: to connect our city and lift up the most vulnerable among us. This budget sets the path toward that future, and here are some of its highlights:

A Safer City

- \$1 million in funding for a new Associate Community Officer Program (A-Cop) to bridge a gap in the LAPD officer recruitment pipeline and help reduce officer desk time
- In FY 2017-18, the LAPD will assume responsibility for patrolling all Metro bus and rail services in Los Angeles — enhancing crime prevention and response on transit across the city

A More Prosperous City

- \$2.9 million in funding for new outreach and sanitation teams to improve conditions at homeless encampments, while helping to move people off the streets and into housing
- \$65 million in Proposition HHH funding for new permanent supportive housing projects and \$12 million in HHH funding for new facilities to connect homeless Angelenos to services

A Livable and Sustainable City

- \$20 million in local funding from Measure M to launch a program for fixing “failed” streets for the first time in decades
- \$2 million expansion to the City’s graffiti removal program, which will allow the city to respond to 90% of requests within a single day
- \$280,000 in new funding for the Girls Play LA initiative, which will help double the City’s free recreation programs for girls and improve gender equity in sports programming

A Well-Run City

- \$70,000 to start a program to develop “Anytime-Anywhere Testing,” improving the City’s ability to recruit and test new candidates for City positions
- Continuing the City’s \$1 million Innovation Fund, which has provided seed funding to pilot programs of new ideas for delivering City services

Los Angeles’ future is ours to build. But we can’t create a better future without your support and participation. This vision belongs to all of us, and I look forward to working with you to realize it.

Sincerely,

A handwritten signature in black ink, appearing to read "E. Garcetti". The signature is fluid and cursive, with a horizontal line extending to the right.

Mayor

ECONOMIC AND DEMOGRAPHIC INFORMATION

Introduction

The City of Los Angeles, California (the “City”) is the second most populous city in the United States with an estimated 2016 population of 4.03 million persons. Los Angeles is the principal city of a metropolitan region stretching from the City of Ventura to the north, the City of San Clemente to the south, the City of San Bernardino to the east, and the Pacific Ocean to the west.

Founded in 1781, Los Angeles was a provincial outpost under successive Spanish, Mexican, and American rule for its first century. The City experienced a population boom following its linkage by rail with San Francisco in 1876. Los Angeles was selected as the Southern California rail terminus because its natural harbor seemed to offer little challenge to San Francisco, home of the railroad barons. But what the region lacked in commerce and industry, it made up in temperate climate and available real estate; soon, tens and then hundreds of thousands of people living in the Northeastern and Midwestern United States migrated to new homes in the region. Agricultural and oil production, followed by the creation of a deep water port, the opening of the Panama Canal, and the completion of the City-financed Owens Valley Aqueduct to provide additional water, all contributed to an expanding economic base. The City’s population climbed to 50,000 persons in 1890, and then swelled to 1.5 million persons by 1940. During this same period, the motor car became the principal mode of American transportation, and the City developed as the first major city of the automotive age. Following World War II, the City became the focus of a new wave of migration, with its population reaching 2.4 million persons by 1960.

The City and its surrounding metropolitan region have continued to experience growth in population and in economic diversity. The City’s 470 square miles contain 11.5 percent of the area and 39.1 percent of the population of the County of Los Angeles (the “County”). Tourism and hospitality, professional and business services, direct international trade, entertainment (including motion picture and television production), and wholesale trade and logistics all contribute significantly to local employment. Emerging industries are largely technology driven, and include biomedical, digital information technology, environmental technology and aerospace. The County is a top-ranked county in manufacturing in the nation. Important components of local industry include apparel, computer and electronic components, transportation equipment, fabricated metal, and food. Fueled by trade with the Pacific Rim countries, the Ports of Los Angeles and Long Beach combined rank first in the nation in volume of cargo shipped and received. As home to the film, television and recording industries, as well as important cultural facilities, the City serves as a principal global cultural center.

Personal Income

The U.S. Census Bureau defines personal income as the income received by all persons from all sources, and is the sum of “net earnings,” rental income, dividend income, interest income, and transfer receipts. “Net earnings” is defined as wage and salary, supplements to wages and salaries, and proprietors’ income, less contributions for government social insurance, before deduction of personal income and other taxes.

Table 5 summarizes the latest available estimate of personal income for the County, State and United States.

BUDGET STATEMENT

GENERAL

The City of Los Angeles (City) was incorporated in 1850 under the provisions of a City Charter. The current Charter was approved by the voters on June 8, 1999 and became operative on July 1, 2000. The Charter has been amended periodically since that time.

As Executive Officer, the Mayor supervises the administrative process of the City and works with the Council in matters relating to legislation, budget, and finance. As governing body of the City, the 15-member, full-time Council enacts ordinances, levies taxes, approves utility rates, authorizes contracts and public improvements, adopts zoning and other land use controls, and provides the necessary resources for the budgetary departments and offices of the City. Council action is subject to the approval or veto of the Mayor; Council may override a Mayoral veto by a two-thirds vote.

Public services provided by the City include: police, fire, and paramedics; residential refuse collection and disposal; wastewater collection and treatment; street maintenance and other public works functions; enforcement of ordinances and statutes relating to building safety; public libraries; recreation and parks; community development, housing, and aging services; planning; airports and the harbor; power and water services; and the convention center.

BUDGET PROCESS

The City's fiscal year runs July 1st through June 30th. The Mayor releases a budget policy letter that defines City objectives for the next fiscal year. This letter guides City departments, bureaus and other offices in preparing their annual budget requests. The Charter requires that budget requests be submitted to the Mayor by January 1st.

In conjunction with analysis by the Office of the City Administrative Officer (CAO) and each General Manager, the Mayor reviews the budget requests of every City department, bureau, and office. By March, the Mayor's Office develops the revenue projections in conjunction with the Office of Finance, the CAO, and the Controller. The Mayor's Proposed Budget is then prepared and submitted to the Council. The Charter requires that the Proposed Budget be presented to the Council by April 20th of each year. When April 20th falls on a weekend or City holiday, the period is extended to the next business day.

A Council committee examines the proposed budget in hearings with the Mayor's Office, City General Managers, CAO, Chief Legislative Analyst, and staff. The committee then develops recommendations on the proposed budget for Council consideration. The Charter requires the Council, by majority vote, to adopt or modify the proposed budget by June 1st. Once the Council has acted, the Mayor has five working days to approve or veto any Council changes made to the proposed budget. Once the Mayor has acted, the Council has five working days to sustain or override by two-thirds vote the Mayor's actions. The result of this entire process is the adopted budget for the next fiscal year. A budget calendar is presented to show the scheduled process.

BUDGET BASIS

The City's annual budget is prepared on a modified cash basis of accounting. Revenues are recognized when cash is received, and appropriations include both cash payments and encumbrances for purchase orders and contractual services. Encumbered appropriations that have not been paid at the end of the current year will be paid in a subsequent year. The budget is not prepared based on Generally Accepted Accounting Principles (GAAP) classifications. The primary differences between the City's budget and GAAP are: the latter's recognition of revenue on an accrual basis; depreciation of fixed assets; certain contingencies, such as compensated absences for accrued vacation and sick pay; and differences in classification of inter-fund transfers. However, the Comprehensive Annual Financial Report for Los Angeles shows the status of the City's finances on the basis of the GAAP classifications.

Department funds are controlled at the line item or account level. Some enterprise funds are controlled at the fund level. Spending authority authorized in the annual budget can be increased or decreased throughout the fiscal year as unanticipated situations arise. The Mayor has authority to transfer funds between accounts within a department subject to a limit established by ordinance. Otherwise the Council, by majority vote and subject to approval by the Mayor, may increase or decrease appropriations, and transfer funds within and between departments and funds. The Mayor may veto the Council action, which then may be overridden by a two-thirds vote of the Council.

BUDGET PRESENTATION

The complete presentation of the Mayor's Proposed Budget is included in four budget books: Budget Summary, Proposed Budget Book, Detail of Departmental Programs (Blue Book), and Revenue Outlook. Because of the volume of budget data and the different ways in which the various types of information are used, the City presents its budget information in these separate books.

The Mayor's Budget Summary is designed to provide the reader with highlights and general information concerning the Proposed Budget. It identifies the Mayor's funding priorities and briefly describes how the proposed budget meets these priorities. It also provides a general financial overview of the City.

The Proposed Budget Book contains more of the technical information concerning departments and special funds. It includes a basic explanation of expenditures, appropriations and source of funds for each department and major special purpose fund, the Controller's revenue estimate, federal and state grant funding estimates, and a breakdown of the proposed budget by function (functional distribution).

The Detail of Departmental Programs, also known as the Blue Book, provides detailed explanations of year-over-year proposed changes to the City's annual budget base. This information is provided for each operating department and for various funds. The changes are categorized to differentiate between obligatory changes, such as salary adjustments, and discretionary changes, such as productivity improvements or service level changes. The Blue Book also includes schedules, by department, office, or bureau, of Employment Authorities and Salaries, Travel, Contractual Services, and Alterations and Improvements Projects. The Travel schedule provides a travel authority list and the expense funding proposed, if applicable. The Contractual Services schedule details each department, office, or bureau's authority to contract for services. The Alterations and Improvements schedule details non-capital repair and improvement projects.

The Revenue Outlook provides an overview of the revenue anticipated, including an explanation of assumptions, changes between the prior year and program year, and a five-year General Fund revenue forecast. A detailed estimate of General receipts by type as well as licenses, permits, and fees by department are provided, along with a detail of special funds receipts that directly finance the Proposed Budget.

BUDGET ADJUSTMENTS

During the course of the fiscal year, adjustments to appropriations may be required due to changes in revenue or expenditure projections based on year-to-date actuals or unanticipated occurrences. Pursuant to the Charter, any adjustments to appropriations subsequent to the adoption of the budget require the approval of the Mayor and Council. To assist the Mayor and Council in their consideration of interim budget adjustments, the CAO prepares financial status reports throughout the year which provide information on the condition of the City's finances. The information contained in the financial status reports includes but is not limited to departments' expenditure patterns, actual revenues received to date, revenue trends, the status of the Reserve Fund, and other issues that may have a fiscal impact on the City such as state or federal funding changes. The CAO makes recommendations on any requested changes to appropriations based on its financial analysis of the data, the anticipated fiscal impact, and the long-term financial outlook of the City. Any deficits identified or projected in accounts are addressed through the financial status reports. The CAO typically issues four financial status reports each year, with the last report serving as the year-end report for the fiscal year.

FINANCIAL POLICIES OF THE CITY OF LOS ANGELES

INTRODUCTION

The City of Los Angeles enjoys some of the highest credit ratings of any major urban area in the nation. These high ratings reflect a variety of factors, including the strength and diversity of the regional economy, moderate debt levels, and historically strong fiscal management, including the provision of adequate reserves. The City is committed to implementing and maintaining strong fiscal policies and financial discipline. In previous years, the City has established a Reserve Fund Policy, a Debt Management Policy, a one-time funding policy, and an ongoing funding policy for new programs. These existing policies were updated and incorporated into a set of comprehensive City Financial Policies.

The City's Financial Policies are divided into seven sections as follows:

- Fiscal
- Fee Waiver
- Capital Improvement Program Funding
- Pension & Retirement Funding
- Reserve Fund
- Debt Management
- General Fund Encumbrances

In 2012-13, the City adopted a new financial policy with regard to General Fund encumbrances. The General Fund Encumbrance Policy and the other financial policies are summarized herein.

FISCAL POLICIES

The City receives revenue from various sources and must function within the limits of these resources each fiscal year. By law, the annual budget cannot exceed available resources, defined as revenues generated in the current year added to balances carried forward from prior years. Temporary operating deficits measured against current revenue can and do occur. To ensure the public can realize the benefits of a strong and stable local government, operating deficits will not be tolerated as extended trends. The City cannot develop operating deficits or use one-time revenues against on-going expenditures and expect the delivery of high quality services to residents. The following is also required:

- As part of the City Administrative Officer's (CAO) continuing responsibility to ensure the financial stability of the City, the Financial Policies will be updated and maintained as needed.
- Current operations are to be funded by current revenues. One-time revenues will only be used for one-time expenditures. The City will avoid using temporary revenues to fund ongoing programs or services.
- Reports to the Mayor and Council will include Fiscal Impact Statements stating the full cost of the program or service in the current year, plus the future annual costs.
- All actions for consideration before the Council will include a statement indicating whether the requested action conforms to the City's Financial Policies.
- Overtime account(s) are managed within departmental budgets, absent operational emergencies. The CAO is required to track and report overtime expenditures exceeding the department's overtime budget and recommend intradepartmental transfers.
- All negotiated Memoranda of Understanding need to quantify the overall cost to the City including salary, overhead, pension, medical (active and retired), and workers' compensation costs and the impact on the City's existing structural deficit.
- Annually, the CAO must conduct and publish a Financial Policies compliance review for proposed, adopted, and actual appropriations and expenditures.

FEE WAIVER POLICY

From time to time, Council may decide to waive fees when it can be demonstrated that a direct public benefit can be obtained. These policies are not intended to replace or supersede the Revenue Policy stating that sufficient user charges and fees will be pursued and levied to support the full cost of operations for which fees are charged. Further parameters are still currently being developed to ensure compliance with the City's Reserve Fund Policy. Examples of current fee exemptions and subsidies for City services include:

- Film and Photography: Use of the facilities, sites, equipment or other non-intellectual properties of City entities for filming or photography purposes are free of charge except for those of the Convention Center, El Pueblo, the Department of Recreation and Parks, the Los Angeles Zoo, and the Warner Grand Theater.
- Special Events Fee Subsidies: Special Events Fee subsidies up to 50 percent of total eligible fees may be provided for Non-Commercial Special Events that promote a public purpose and provide a public benefit, limited to two events per sponsor per year, unless exempted. No Special Event fee subsidy will be approved unless it is confirmed that sufficient funding exists.
- Convention Center Fee Waiver: Non-profit organizations sponsoring a free event that serves a public purpose and enhances the activities and services routinely provided by governmental entities may qualify for a fee subsidy up to \$2,500 per day for rented rooms, limited to once per year.
- Parking Validation Payment Waivers: City funds can be used for validated parking or reimbursement of parking expenses for official uncompensated volunteers to the City; sworn officers ordered to appear in court with official assignments on the same day; employees on official City business outside of the City without access to feasible public transportation; or as required by an existing MOU.
- Development Fee and Permit Fee Waiver: Development fee subsidies may be provided for projects by non-profits that promote a public purpose and community and economic development. Subsidies may also be provided for public physical plant type construction projects undertaken by individuals, non-profits, or for-profits for which no profit will be realized.

CAPITAL IMPROVEMENT PROGRAM FUNDING POLICY

The City's Capital Improvement Expenditure Program (CIEP) provides for the purchase, renovation or upgrade of new and existing municipal facilities, or physical plant infrastructure. Multiple sources fund the CIEP depending on the type of project and the use of the facility. The City develops and maintains a five-year capital improvement program budget encompassing all City municipal and physical plant facilities. The City also realizes the impact of capital assets on the operating budget and understands that capital assets need to be regularly maintained to avoid major deferred maintenance expenditures and to extend useful life whenever possible.

The City will budget, to the extent possible, one percent of General Fund revenues to fund capital or infrastructure improvements to ensure their adequate maintenance.

PENSION & RETIREMENT FUNDING POLICY

The City Charter requires the City to fully fund both the Los Angeles City Employees' Retirement System (LACERS) and the Fire and Police Pensions System (Pensions) based on annual actuarial studies. These actuarial studies may change from year-to-year based on recent experience data, actuarial assumption changes, actuarial funding method changes, market conditions, future Governmental Accounting Standards Board reporting requirements, or other factors influencing the actuarial process. Market conditions affect both LACERS and Pensions over time. These market conditions affect the funding ratio calculated at the end of each fiscal year through the actuarial process for both systems. Over time, depending on market conditions and the actuarial computed contribution rates, the City's annual contribution rate will increase or decrease.

To stabilize the City's annual contribution from year to year, the City will limit the amount recognized as savings during those fiscal years when either of the systems are over-funded (greater than 100 percent funded). Specifically, the amount budgeted for retirement and health contributions will be no less than the amount derived by reducing the normal cost contribution rate to ninety (90) percent. An adopted contribution rate that would allow the City to contribute an amount less than ninety (90) percent of the normal cost will trigger this provision that prohibits the City from utilizing this savings to fund the City's ongoing service and program costs. Any savings or reduction in funding calculated due to the incremental contribution rate below the ninety (90) percent threshold, will only be budgeted for one-time expenditures, such as capital projects, capital asset renovations, deferred capital maintenance, outstanding debt reduction, or to build future reserves to offset future market conditions.

RESERVE FUND POLICY

The Reserve Fund Policy provides guidelines during the preparation of and deliberations on the annual budget on the Reserve Fund's size to ensure sufficient reserves are maintained for revenue shortfalls or unanticipated expenditures, and to preserve flexibility during the fiscal year to adjust funding for programs approved in the annual budget. The objective is for the City to be in a strong fiscal position that will be better able to weather negative economic trends. This is important since the City is bound by the requirements of Proposition 218, which prevents the City from raising taxes without voter approval.

The Reserve Fund Policy established a goal of increasing the Reserve Fund to five percent of the General Fund revenues, a minimum of 2.75 percent in the Emergency Reserve Account, and any additional funds allocated to the Contingency Reserve Account, in furtherance of the Financial Policies. In March 2011, voters approved Charter Amendment P, a measure that establishes the Reserve Fund's Emergency and Contingency Reserve as Charter accounts. Additionally, a Budget Stabilization Fund was created, with deposits to be made when the economy is strong and actual revenue exceeds the projected revenue target.

Emergency Reserve Account

To use funds from the Emergency Reserve Account, a finding by the Mayor, with confirmation by at least two thirds of the Council, of "urgent economic necessity" will be required, as well as a determination that no other viable sources of funds are available. A finding of urgent economic necessity would be based on a significant economic downturn after the budget is completed or an earthquake or other natural disaster.

Contingency Reserve Account

In the event that there are unanticipated expenses or revenue shortfalls impacting programs approved in the current year budget, the Contingency Reserve Account will be the source of any additional funding for those programs. Funds must be appropriated by a vote of at least a majority of the Council, with Mayoral concurrence, or by a super-majority of the Council in the event of a Mayoral veto. Funds for new programs or positions added outside of the current year budget must come from other non-Reserve Fund sources.

Budget Stabilization Fund

A Budget Stabilization Fund has been created to prevent overspending during prosperous years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue. An initial deposit of \$500,000 was made to the Budget Stabilization Fund in 2009-10. As part of the 2009-10 budget process, the Mayor and Council established a Budget Stabilization Fund (BSF) to reduce the impact on services when economic conditions turn for the worse as they did between 2008-09 and 2010-11.

DEBT MANAGEMENT POLICY

The Debt Management Policy was developed to provide guidelines for the issuance of bonds and other forms of indebtedness to finance capital improvements, equipment acquisition and other items. This amended policy incorporates the original Debt Management Policy approved by the Mayor and City Council in 1998, the Municipal Improvement Corporation of Los Angeles ("MICLA") Departmental Operating Policies approved by the Mayor and City Council in 2000 and the Variable Rate and Swap Policies approved by the Mayor and Council in 2003. The Mello-Roos Policies and Procedures, adopted in 1994, remain as separate policies based on the unique nature of this debt structure.

The Debt Management Policy describes the methods and circumstances with which certain types of financing products can be used, the guidelines that will be imposed on them, and who in the City is responsible for implementing these policies. While the issuance of debt is frequently an appropriate method of financing capital projects and equipment acquisition, monitoring is required to preserve the City's credit strength and budget flexibility. These guidelines will assist the City in determining the appropriate uses for debt financing, structuring debt financings, and establishing certain debt management goals.

The CAO, Debt Management Group, as part of its ongoing responsibility to manage the City's Debt Program, will use these policies in determining the appropriate uses for fixed-rate, long-term rate, variable rate debt, commercial paper and interest rate risk reduction products, and establishing parameters for their use, when recommending their use to the Mayor and Council. In evaluating a particular transaction, the CAO will review the long-term implications, including costs of borrowing, historical interest rate trends, variable rate capacity, credit enhancement capacity, opportunities to refund related debt obligations, and other similar considerations. This analysis will be included in the CAO report recommending a transaction to the Mayor and Council. In addition, the CAO will report on revenue bonds issued by the proprietary departments.

The City has earned some of the highest credit ratings for large cities in the nation, thus reducing the City's interest costs paid on the amounts borrowed and resulting in lower tax rates and a reduced burden on the General Fund. This policy is intended to help in maintaining the City's high credit ratings. Additionally, this policy is intended to provide selection criteria for financial consultants, underwriters and attorneys that will ensure a fair and open selection process, provide opportunities for all firms to participate in City contracts, and result in the selection of the best qualified professionals.

GENERAL FUND ENCUMBRANCE POLICY

An "encumbrance" is a reservation of funds to cover purchase orders, contracts, or other goods and services that are chargeable to an appropriation. It records obligations before goods are received or services are rendered. Encumbrances are often recorded based on estimates of the cost of goods or services being purchased.

In 2013, the City adopted a policy on General Fund encumbrances to improve transparency and accountability by establishing a formal and automatic process that results in the timely disencumbrance of funds. The timely disencumbrance of funds is necessary to reflect an accurate and updated status on the availability of funds. If the funds are not disencumbered, they will continue to be regarded as obligated balances, thereby reducing the available monies the City may use for other critical needs.

Pursuant to this policy, any Financial Management System and Supply Management System encumbered funds that remain unspent for a period longer than one fiscal year shall be reverted to the Reserve Fund or their original source of funds subject to a phase-in schedule. The City Controller and the City Administrative Officer are authorized to implement this policy and to ensure funds are disencumbered at the appropriate time. The policy allows for the reappropriation of funds and other exemptions when it can be clearly demonstrated that it is in the best interest of the City to do so as in the case of legal obligations, capital improvement projects, or other liabilities.

FUND STRUCTURE

GENERAL FUND

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. General Fund revenues are derived from such sources as taxes, licenses, permits, fees, fines, intergovernmental revenues, charges for services, special assessments, interest income, and other resources available for discretionary funding. Expenditures are expended for functions of general government, protection of persons and property, public works, health and sanitation, transportation, cultural and recreational services, community development, capital outlay, and debt service.

For purposes of the budget, the General Fund is separate and distinct from the Reserve Fund and other special funds created for a variety of restricted purposes.

RESERVE FUND

The Reserve Fund is an account in which unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The funds can be transferred into the budget for such purposes as necessary. At fiscal year-end, the unreserved and undesignated fund balance in the General Fund is transferred to the Reserve Fund and reported as "Reversion to Reserve Fund." The reversion to the Reserve Fund consists of excess general revenues and other unspent appropriations, as well as lapsed encumbrances.

Excess revenue or unallocated general revenue, excluding one-time receipts, reverting to the Reserve Fund is due to higher than anticipated revenue estimated in the current year. The resulting larger revenue base suggests that the revenue realized in the current year would recur the following year and are not fully one-time.

In August 1998, the City adopted a Reserve Fund policy establishing a target of two percent of General Fund revenues and setting aside a portion of the Reserve Fund for use in emergency situations. The two percent figure would be reevaluated annually during budget preparation to determine whether it is adequate.

Two accounts were established within the Reserve Fund:

Emergency Reserve Account – in order to remove funds from this account, a finding by the Mayor, with the confirmation by the Council, of "urgent economic necessity" must be made, as well as a determination that no other viable sources of funds are available. A finding of urgent economic necessity would be based on a significant economic downturn after the budget is completed, or an earthquake or other natural disaster.

Contingency Reserve Account – to be used for unanticipated expenditures or revenue shortfalls impacting programs already approved in conjunction with the current year budget. It is not to be used to fund new programs or positions added outside of the current year budget. Such funding must come from other sources.

In April 2005, the City adopted its Financial Policies, including a goal of gradually increasing its Reserve Fund to five percent of the General Fund revenues, a minimum of two percent in the Emergency Reserve Account, and any additional funds up to three percent placed in the Contingency Reserve Account. In June 2007, the Council increased the minimum Emergency Reserve Account to 2.75 percent, with the remainder to be allocated to the Contingency Reserve Account.

In March 2011, voters approved Charter Amendment P, a measure that formalized the City's current financial policy for the Reserve Fund. It established the Reserve Fund's Emergency and Contingency Reserve as Charter accounts and sets a minimum balance for the Emergency Reserve account of 2.75 percent of General Fund receipts. The Emergency Reserve can only be spent when at least two thirds of Council and the Mayor determine there is an "urgent economic necessity."

BUDGET STABILIZATION FUND

The Mayor and Council established a Budget Stabilization Fund as part of the 2009-10 budget process. The purpose of the Budget Stabilization Fund is to set aside savings during periods of robust economic growth which can then be drawn upon to stabilize revenues during economic downturns. Then in 2011, Charter Amendment P added the Budget Stabilization Fund to the Charter. This Fund is comprised of excess revenue from seven economy-sensitive taxes, Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax. If cumulative receipts from these taxes are 3.4 percent above the prior year's adopted budget level, those excess receipts are directed to the Budget Stabilization Fund. The Budget Stabilization Fund will primarily be used to offset shortfalls that occur due to lower than usual (3.4 percent) growth in these taxes, or for one-time uses if the amount in the Fund exceeds 15 percent of the General Fund budget.

On occasion, and as permitted by the Ordinance establishing the Budget Stabilization Fund, the required annual budget appropriation to the Budget Stabilization Fund has been reduced in order for the City to comply with the City's Capital Improvement Expenditure Program policy, which calls for funding capital or infrastructure improvements from the General Fund at an amount that is equal to or greater than 1 percent of all General Fund expenditures.

SPECIAL FUNDS

Special Funds are used to account for revenues derived from specific taxes, fees, governmental grants, or other revenue sources that are designated to finance particular functions and activities of the City. Special fund revenues include charges to customers or applicants for services provided, operating grants, and special assessments. Detailed explanations of each Special Fund can be found in Section 3 of the Proposed Budget. Examples of special funds to be spent for a variety of restricted purposes are:

The *Sewer Enterprise Fund* accounts for the construction, operations, and maintenance of the City's wastewater collection and treatment system.

The *Solid Waste Resources Revenue Fund (Sanitation Equipment Charge)* accounts for all capital and operational activities associated with solid waste collection, recycling, recovery, and disposal.

The *Building and Safety Permit Fund* accounts for the fees collected for plan check, permitting, and inspection of new construction in the City; testing of construction materials and methods; and examining the licensing of welders, equipment operators, and registered deputy building inspectors.

The *Proposition C Anti-Gridlock Transit Improvement Fund* accounts for the additional one-half cent sales tax to improve transit service and operations, reduce traffic congestion, improved air quality and the condition of streets and freeways utilized by public transit, and reduce foreign fuel dependence.

The *Proposition A Local Transit Assistance Fund* accounts for the City's 25 percent share of the additional one-half cent sales tax within the County of Los Angeles for public transit programs.

The *Special Gas Tax Street Improvement Fund* accounts for gasoline tax and Traffic Congestion Relief Fund and federal grant revenues from the Surface Transportation Program to be used for the City's local streets and road system.

The *Community Development Fund* accounts for federal grant funds for community and economic development within the City.

The *Special Parking Revenue Fund* accounts for all monies collected from parking meters in the City except those located in established vehicle parking districts for operations of meters in the City.

Allocations from Other Governmental Agencies Special Revenue Fund is not all-inclusive because the budget provides for only the portion of fund receipts that are expended to finance City department operations.

Continuing appropriations for Special Funds are carried forward to the next budget year. Funds for unspent prior-year appropriations are reserved to indicate that they are not available for new spending because they have been committed.

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

The list below outlines actions necessary to be taken by the Mayor and Council to effectuate the 2017-18 Adopted Budget. These include ordinance changes and other actions.

I. ORDINANCE CHANGES

1. Authorize the issuance of an amount not-to-exceed \$1.5 billion in Tax and Revenue Anticipation Notes to address short-term cash flow needs and to make the full annual contribution payments to the Los Angeles City Employees' Retirement System Fund and to the Los Angeles Fire and Police Pension Fund.

Building and Safety

2. Request the City Attorney, with the assistance of Building and Safety to prepare and present ordinances to amend pertinent sections of the Los Angeles Municipal and/or Administrative Codes to streamline the lien-approval process for code enforcement activities provided by Building and Safety by delegating the public hearing process from the Council to the Board of Building and Safety Commissioners.
3. Request the City Attorney, with the assistance of City Planning, to prepare and present an ordinance establishing the policy for revenue generated by digital billboards to be deposited into the General Fund.

Economic and Workforce Development

4. Request the City Attorney, with the assistance of the Economic and Workforce Development Department (EWDD), to prepare and present an ordinance amending the Los Angeles Municipal Code Chapter II, Article 1.17 (Enterprise Zone Hiring Tax Credit Voucher Application Fees) to allow for EWDD to expend the balance of collected Enterprise Zone Tax Credit (EZTC) Voucher fees for economic development activities.

General Services

5. Request the City Attorney to prepare and present an ordinance amending the Los Angeles Administrative Code Section 5.142, Creation of Store Revolving Fund, to release existing surpluses and encumbrances remaining within the account in the amount of \$4.29 million in 2017-18, and authorize the Controller to transfer the like amount to the General Fund as 2017-18 revenue. This provision shall sunset at the conclusion of Fiscal Year 2017-18.

Measure M

6. Request the City Attorney, with the assistance of the City Administrative Officer, to prepare and present an ordinance to establish the Measure M (Transportation) Local Return Fund, for the receipt and expenditure of Measure M (Transportation) Local Return monies.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

Office of Public Accountability

7. Request the City Attorney to prepare and present an ordinance amending the Los Angeles Administrative Code Section 23.144 and any other relevant sections to establish the Office of Public Accountability (OPA) as a separate and independent City department and provide that the administrative support needs of the OPA will be performed by the City Clerk instead of the Office of the City Administrative Officer (CAO).

Public Works-Bureau of Sanitation

8. Request the City Attorney, with assistance from the Bureaus of Sanitation and Streets Services, to prepare and present ordinances to amend the Los Angeles Municipal Code and the Los Angeles Administrative Code to increase illegal dumping fines and enable residents to better report illegal dumping activities to allow the City to recover its costs for enforcing illegal dumping activities and remediating illegal dumping violations.

Public Works-Bureau of Street Services

9. Request the City Attorney to prepare and present an ordinance to eliminate section 5.523 of the Los Angeles Administrative Code and allow for a transfer of the cash assets in the Bus Bench Advertising Program Revenue Fund No. 43S, as well as any new revenue generated through the Martin Outdoor Media contract, to the General Fund.

II. OTHER BUDGETARY ACTIONS

City Administrative Officer

10. Instruct the City Administrative Officer, along with an independent economic/financial expert, to work with the Office of the Mayor and the City Council in the preparation of a report with recommendations on how to address various fiscal risks facing the City, including the possible loss of federal funds, ongoing liability costs, infrastructure investments, workers' compensation, and the likelihood of increased pension contributions. These recommendations should also include revenue opportunities.
11. Instruct the City Administrative Officer to work with all City departments involved in film permit coordination and provide recommendations on process improvements, appropriate staffing levels, and feasible cost recovery.
12. Request the Controller to work with the City Administrative Officer and the City Attorney as well as the Office of the Mayor and the City Council to provide a comprehensive review of uncommitted special fund account balances along with interest accrued; and the existing restrictions and parameters relative to the use of those funds.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

Cultural Affairs

13. Instruct the Department of Cultural Affairs, with the assistance of the City Administrative Officer, and the Personnel Department, to conduct a classification study for the Arts Manager, and other relevant arts-related classifications, and develop recommendations for a new series of arts-related positions to eliminate classification issues and increase the Department's ability to deploy the arts management staff within the Department.

Finance

14. Instruct the Office of Finance and the City Administrative Officer, and request the Controller, to work with the relevant City departments on ensuring that all departments are reimbursing the General Fund for merchant service fees related to credit card transactions.

Fire

15. Instruct the Fire Department, with the assistance of the City Administrative Officer and the City Attorney as necessary, to develop an agreement with the Port of Los Angeles for the reimbursement of haul-out, repair and maintenance costs for the City's fire boats.

Gas Tax

16. Instruct the City Administrative Officer and the Board of Public Works to report back to the Council and Mayor regarding the requirements of California Senate Bill 1, the Road Repair and Accountability Act of 2017, that must be met to implement the funding plan in Schedule 5, the Special Gas Tax Street Improvement Fund, and with recommendations for implementation.

General Services

17. Authorize the Controller and General Services Department to transfer funds from the Motion Picture Coordination Fund No. 417 to GSD fund 100/40, Salaries General Account No. 1010, Salaries Overtime Account No. 1090, As-needed Account No. 1070, Hiring Hall Account No. 1100, Construction Projects Account No. 1014, Hiring Hall Construction Account No. 1101, Hiring Hall Fringe Benefits Account No. 1120, Construction Hiring Hall Fringe Benefits Account No. 1121, Construction Overtime Hiring Hall Account No. 1191, Maintenance Materials Account No. 3160, Construction Materials Account No. 3180, Office and Administrative Account No. 6010 and Operating Supplies Account No. 6020.
18. Authorize the Controller to appropriate and transfer funds pursuant to the terms of any approved Memoranda of Understanding between the Department of Transportation and the General Services Department for the maintenance and operation of parking facilities. The appropriation and transfer of funds, if applicable, will be from the Contractual Services Special Purpose Fund Appropriation of the Special Parking Revenue Fund 363/94. Specific instructions for the transfer of funds will be provided by DOT and GSD to the Controller's Office by July 31, 2017.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

19. Instruct the City Administrative Officer to work with the Police, Fire, and General Services Departments, and the proposed Chief Procurement Officer, to develop a comprehensive long-range plan on fleet replacement (including helicopters), maintenance and repairs which will maximize savings to the City and improve services. The plan should include, but not be limited to: funding options (own vs. lease); sharing of best practices across City departments, the County of Los Angeles and private sector; and, additional salvage options.

Information Technology Agency

20. Instruct the City Administrative Officer to report back to the Municipal Facilities Committee on the feasibility of a consolidated 3-1-1 call center for all City services. This report back shall include location options, required resources, and operational impacts.
21. Instruct the Information Technology Agency (ITA) to work with the City Attorney and City Administrative Officer to develop a Voice Over Internet Protocol (VOIP) "Bring Your Own Device" policy. This would be a first phase in a pilot program beginning with salaried employees to use their own cell phones for City business.

Library

22. Instruct the Library Department, with the assistance of the Office of the City Administrative Officer, General Services Department, and the Department of Water and Power, to allow the Department of Water and Power to direct bill the Library for water and electricity and to investigate the possibility of the Library contracting directly for custodial services, with the concurrence of the Board of Library Commissioners.

Personnel

23. Instruct the Personnel Department, with the assistance of the City Administrative Officer, to finalize terms, execute the definitive agreement, and obtain state approval for the creation and implementation of an Alternative Dispute Resolution (ADR) program for the administration of Police sworn workers' compensation benefits.
24. Instruct the Personnel Department, with the assistance of the City Administrative Officer and ITA, to report back to the Executive Employee Relations Committee on the creation of a new job classification for a Data Analyst career series that will be both open and promotional. This would provide the City with the necessary expertise to fully extract the value of departments' data to improve City operations.
25. Instruct the Personnel Department, with the assistance of the City Administrative Officer, to report back to the Executive Employee Relations Committee on the creation of a new job classification for a Chief Procurement Officer that will be both open and promotional.
26. Instruct the Personnel Department, with the assistance of the City Attorney and the City Administrative Officer, to report to the Mayor and Council on increasing the number of exempt positions to the maximum number allowed in Charter Section 1001(b)(4), taking into consideration the additional exemptions authorized under Section 4.24 of the Los Angeles Administrative Code.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

Police

27. Instruct the Police Department to work with the City Administrative Officer to report in the Financial Status Report on the progress made in the redeployment of sworn officers. The Department shall apply the current method of reporting for detention officers to include all other civilian classifications that redeploy sworn officers.
28. Authorize the Controller to transfer funds above the \$1,500,000 cap from LAPD Revolving Training Fund No. 670, to the General Fund; and instruct the Police Department to provide regular reports to the City Council on the training account pursuant to the terms approved in Section 5.146 and Section 5.148 of the Administrative Code.
29. Instruct the Department of Transportation, with assistance from the Police Department and the City Administrative Officer, to develop and implement a fine structure for parking violations within intersections and a plan for enforcement of such violations by Traffic Control Officers, in line with “Don’t Block the Box” enforcement by Traffic Control Officers in other U.S. cities.

Public Works-Bureau of Engineering

30. Instruct the Bureau of Engineering to work with the City Administrative Officer on a repayment schedule for the \$4.48 million Potrero Canyon Reserve Fund loan pursuant to C.F. 04-1587.

Public Works-Bureau of Sanitation

31. Instruct the Bureau of Sanitation, and request the City Attorney, to conduct a comprehensive review of the costs related to the Clean Streets Program and to report back by June 30, 2017 with recommendations on an appropriate strategy for the allocation of funds that will maximize the use of special funds for 2017-18 and beyond. Should a Proposition 218 notice be required to support a recommendation on the use of special funds, the Bureau is instructed to provide recommendations on the process.

Recreation and Parks

32. Instruct Recreation and Parks (RAP), with the assistance of the City Attorney and the City Administrative Officer, to report back on RAP’s capital program, including Quimby funds.
33. Instruct RAP to report back on the golf reservation Request for Proposal, improvements to the golf program, including additional revenues, and the overall strategic plan for the golf program.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

Revenue-General Fund

34. Disapprove any proposed Ordinance amendments (C.F. 15-0387) that would delete references to the word 'oil' from the Los Angeles Administrative Code Chapter 100, Section 5.500 (Council District Real Property Trust Funds), to prevent a reduction in General Fund revenue on an ongoing basis.

35. Disapprove any proposal to earmark or divert Transient Occupancy Tax (TOT) revenue derived from short-term rentals or home sharing (i.e., any transient use other than a hotel, motel, apartment hotel or hostel), for specific purposes as referenced in C.F. 14-1635-S2 to avoid the reduction of General Fund revenue on an ongoing basis.

Transportation

36. Instruct the Department of Transportation (DOT), with the assistance of the City Administrative Officer, to report back on the impacts of regional regulation of Transportation Network Companies (TNCs) such as Lyft and Uber.

37. Instruct DOT to continue to transition qualified part-time traffic officers to full-time employment, suspend hiring of part-time traffic officers by the beginning of the fourth quarter of the 2017-18 fiscal year, and be authorized to hire up to the maximum full-time position authority, subject to available funding.

38. Instruct DOT with the assistance of the City Administrative Officer, the Bureau of Street Services, and the Bureau of Engineering, to report on changes to current practices for the delivery of transportation grant projects. Recommendations should address improved oversight, accountability, planning, communication and strategy, in order to achieve greater coordination, better leverage City resources, and ensure that projects are delivered on time and within budget.

SECTION 2
General
Government Budget

The seal of the City of Los Angeles is a circular emblem. It features a central shield with a sun, a star, and a building. The shield is flanked by two figures: an eagle on the left and a grizzly bear on the right. Above the shield is a banner with the word "EUREKA". The entire seal is surrounded by a decorative border with the text "CITY OF LOS ANGELES" at the top and "FOUNDED 1781" at the bottom.

PART II
Budgetary Departments

STATEMENT AND SCOPE OF PROGRAMS

The narrative statement of the scope of programs shown under each department, office, or bureau heading is presented for information only and is not to be construed as limiting or authorizing the powers and duties of these offices in any way.

EXPENDITURES AND APPROPRIATIONS

Amounts shown for each department, office, or bureau in the column headed "Total Budget 2017-18" are individual items of the budget within the meaning of the Charter sections relating to the general budget, and represent totals of appropriations for programs of planned expenditures for the fiscal year. Such programs are submitted in detail in accompanying documents and are incorporated as a part of this budget by reference. Such programs, as approved by the final adoption of the budget, constitute the program of planned expenditures mentioned in Section 320 of the Charter, subject to such other expenditure controls as may be provided by law. Provided, however, that all appropriations in excess of the amount indicated as coming from the General Fund are, to the extent of such excess, conditional and made contingent upon receipt of monies in the Special Purpose Fund indicated. Provided, further, that no liability can be assumed or be imposed in excess of the amount indicated as coming from the General Fund, and that the assuming or imposing of liabilities with respect to amounts indicated as coming from special purpose funds are limited to the amounts actually received or made available through such funds.

SOURCE OF FUNDS

The amounts indicated for each fund are the amounts appropriated from such funds to finance the items appropriated for expenditure by the respective departments for the year 2017-18. Allocations, apportionments, and appropriations from special purpose funds as shown for each department, office, or bureau are contingent and subject to change, depending upon the proper receipt and allocation of such funds.

SUPPORTING DATA

DISTRIBUTION OF 2017-18 TOTAL COST OF PROGRAMS

Actual appropriations by object are distributed here by program or purpose of expenditure. This data represents an estimate of the cost of the various programs.

Related costs, which are summarized in Exhibit G, are itemized by departmental program to give an indication of total cost of programs for the various departments.

Aging

This Department plans, contracts, and directly administers programs for older adults residing in the City of Los Angeles and their family caregivers through a network of 16 multi-purpose senior centers and Citywide service providers. These programs include both congregate and home-delivered nutrition services, disease prevention, legal services, health promotion, social services, and transportation assistance. The programs promote healthy living, physical activity, and mental and emotional wellness for older adults. They are designed to promote an interdependent, comprehensive, accessible, culturally sensitive, and socially inclusive system of programs for older adults and caregivers. These programs are funded by federal Older Americans Act and state Older Californians Act grant funds.

City Administrative Officer

The City Administrative Officer is the chief financial advisor to the Mayor and the Council and reports directly to both. This Office conducts studies and investigations, carries out research, and makes recommendations on a wide variety of City management matters for the Mayor and Council. This Office assists the Mayor and Council in the preparation of the City budget; forecasts and manages revenue projections; plans and directs the administration of the budget; manages the City's debt program; manages the City's risk management program; and directs the development of work programs and standards. This Office represents the management of the City in negotiating all labor contracts, coordinates applications for federal and state grants and claims for disaster relief, provides support for the Innovation and Performance Commission, chairs and participates on many coordinating committees, and performs other duties required by the Mayor or the Council.

In accordance with Council action in C.F. 00-1700 adopted on July 3, 2001, the title of the Office of Administrative and Research Services was changed to City Administrative Officer.

City Attorney

The City Attorney acts as legal advisor to the City, prosecutes all misdemeanor offenses occurring within the City of Los Angeles and defends the City in civil litigation. The City Attorney represents the Municipal Corporation of the City of Los Angeles and its Council, boards, departments, officers, employees, and entities in legal proceedings and before federal and state administrative bodies. The City Attorney examines all contracts and ordinances as to form and legality, often interprets the legality of actions and activities of the City, and renders legal opinions construing federal and state laws, the Charter, and City ordinances. In conjunction with its prosecution of misdemeanors, the City Attorney administers a wide range of neighborhood based diversion and restorative justice efforts. In addition to defending the City in a wide range of civil litigation, the Office initiates a variety of affirmative litigation, including actions to protect consumers and abate nuisances in Los Angeles' neighborhoods. The Office includes four branches: Municipal Law; Civil Litigation; Proprietary; and, Criminal and Special Litigation.

Council

The Council is the governing body of the City, except as otherwise provided in the Charter, and enacts ordinances subject to the approval or veto of the Mayor. It orders elections, levies taxes, authorizes public improvements, approves contracts, and adopts traffic regulations. The Council adopts or modifies the budget proposed by the Mayor and provides the necessary funds, facilities, equipment, and supplies for the budgetary departments and offices of the City. It creates positions, fixes salaries, and authorizes the number of employees in budgetary departments. The Council confirms or rejects appointments proposed by the Mayor, prescribes duties for boards or officers not defined by Charter, and may suspend elective officers.

Cultural Affairs

The mission of the Department of Cultural Affairs is to strengthen the quality of life in the City of Los Angeles by stimulating and supporting cultural activities and ensuring access to such activities for residents and visitors to the City. The Department advances the social and economic impact of the arts and ensures access to diverse and enriching cultural activities through grant-making, marketing, fundraising and development, public art, community arts programming and arts education, as well as through partnerships with artists and arts and cultural organizations in neighborhoods throughout the City. The Department works in tandem with the Cultural Affairs Commission (CAC), a seven-member advisory board appointed by the Mayor. The CAC's current work includes acting on behalf of the City's residents to oversee the development of the built environment, specifically through design review of any building or structure built on or over City property, including public art. The Commission also accepts works of art to be acquired by the City.

FOOTNOTES

1. "Special I" cultural services are distributed throughout the City of Los Angeles. All "Special Events I" awarded should be recommended through the Peer Panel/Allocations Committee Review Process. The General Manager will submit the list of approved items to the Controller along with its submission of its Expenditure Plan in July each year.

The inclusion of items in the "Special Events I" portion of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the Department to draft the appropriate contracts. The General Manager is authorized and directed to execute such contracts on behalf of the City, provided that the fund has achieved expected revenue projections. Interim appropriations to the "Special Events I" portion of the Cultural Affairs Department budget are directed to be handled in a like manner. In view of the nature of Special I events, when a contract is required, it is deemed more feasible to contract for services than to use City employees on a temporary basis. The Department will submit a report to the Controller every four months listing the contractors and amounts, for awards which are determined on quarterly deadlines.

2. The "Special Events II" and "Special Events III" portions of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the General Manager to draft any necessary and appropriate contracts and to submit those for review and approval in conjunction with Executive Directive No. 3. The General Manager is authorized and directed to execute such contracts and, subject to the prior review and approval by the City Attorney as to form and legality, to expend the funds authorized for presentation of the identified events upon proper demand to the Controller and in cooperation with other participating City departments and agencies. If the total funds to be expended for a Special II or Special III event exceed 125 percent of the appropriation, or if the type of service is to be changed, the General Manager shall obtain additional authority from the Mayor and City Council before proceeding. Interim appropriations to the "Special Events II" portion of the Budget are directed to be handled in a like manner. In view of the nature of Special II and Special III events, when a contract is required, it is more feasible to contract for services than to use City employees on a temporary basis.

3. For each project contained within the Special Events I, Special Events II and Special Events III categories, the General Manager shall provide to Council a quarterly report detailing, by line item, all expenditures including the amount originally appropriated, the balance remaining, and in the quarter it becomes available, final close-out information to provide a consistent reporting format for all Special-funded Department-sponsored activities.

4. Art instruction programs conducted by the Cultural Affairs Department are to be limited to residents of the City of Los Angeles.

Disability

This Department oversees the City's compliance with federal and state disability law including the Americans with Disabilities Act and administers services to persons with or at risk for acquiring HIV/AIDS. It plans, administers, and implements activities relevant to the accessibility of all City programs and facilities, provides Citywide in-service training and technical assistance for compliance with disability law, administers procedures for resolving accessibility grievances, and serves as a clearing house for information and referral. The Department also provides a variety of services in collaboration with the private sector and community-based entities.

Economic and Workforce Development

The Economic and Workforce Development Department initiates and promotes economic development projects to build local businesses and provide residents with tools for quality employment. The Department promotes economic and workforce development in the City through the implementation of various federal and other grant funded programs. Services include direct and indirect financing and technical assistance programs, including services available for local businesses at the City's BusinessSource Centers. The Department administers the Annual Plan of the City of Los Angeles Workforce Development Board, which includes the annual allocation of federal workforce grant funds. The Department oversees employment services for job seekers through WorkSource Centers and YouthSource Centers, and employment development for youth through the City's Hire LA and Summer Youth Employment programs.

Ethics Commission

The Ethics Commission helps to preserve the public trust by promoting elections and government decisions that are fair, transparent, and accountable. The Commission acts through its voter mandate to shape, administer, and enforce laws regarding governmental ethics, conflicts of interests, campaign financing, and lobbying. The Commission is overseen by a board of five members, each of whom is appointed by a different elected official.

Finance

The Office of Finance (Finance) provides for the efficient, effective, and responsible collection of revenue through a customer-focused environment to taxpayers and city departments; issues those licenses, permits, and tax registration certificates not issued by city departments; and makes recommendations concerning the efficient organization of the revenue collection functions of the City. Effective July 2011, the Office of the City Treasurer was consolidated into Finance (C.F. 11-0600-S40). As such, Finance serves as the custodian of all funds deposited in the City Treasury and all securities purchased by the City. This includes actively managing the City's general and special pool investment portfolios and cash and debt programs.

Housing and Community Investment

The Housing and Community Investment Department develops Citywide housing policy and supports viable urban communities by advocating for safe and livable neighborhoods through the promotion, development, and preservation of decent and safe affordable housing and by expanding economic opportunities, principally for low- and moderate-income individuals to improve access and livability through place-based strategies. The Department's key programs are Finance and Development, Affordable Housing Asset Management, Strategic Planning and Policy Development, Rent Stabilization, Multi-family Residential Code Enforcement, Code and Rent Compliance, Commissions and Community Engagement, and Monitoring and Technical Services.

Mayor

The Mayor, as established by Charter, is the executive officer of the City and exercises supervision over all of its affairs. The Mayor submits proposals and recommendations to the Council, approves or vetoes ordinances passed by the Council, and is active in the enforcement of the ordinances of the City. The Mayor recommends and submits the annual budget and passes upon subsequent appropriations and transfers; appoints and may remove certain City officials and commissioners, subject to confirmation by the Council; secures cooperation between the departments of the City; receives and examines complaints made against officers and employees; and coordinates visits of foreign and domestic dignitaries with concerned public and private organizations. The Mayor is Director of the Emergency Operations Organization and manages the Gang Reduction and Youth Development Office.

Neighborhood Empowerment

The Department of Neighborhood Empowerment, as established by Charter, has the mission of promoting citizen participation in government and making government more responsive to local needs by developing a citywide system of neighborhood councils. The adopted Plan for a Citywide System of Neighborhood Councils (Plan) ensures that every part of the City is within the boundary of a neighborhood council. The Department assists neighborhoods in preparing petitions for recognition or certification, identifying boundaries that do not divide communities, and organizing themselves, in accordance with the Plan. It coordinates the bi-annual Congress of Neighborhood Council meetings and arranges training for the neighborhood councils' officers and staff.

Bureau of Contract Administration

This Bureau is responsible for administering contracts and permits for construction of public works such as buildings, streets, bridges, sewers, storm drains, and related improvements. It provides inspection services at construction sites and at fabrication plants engaged in manufacturing concrete and steel pipe, asphalt, and concrete paving materials; approves and processes payment for work acceptably completed; and recommends acceptance of completed public improvement projects. The Bureau is also responsible for administering the City's Contract Compliance program which includes minority business enterprise utilization, prevailing, living and minimum wage compensation, and local worker and business participation.

Bureau of Engineering

As the City's capital delivery organization for non-proprietary capital projects, with a mission and organization-wide commitment to be a national leader in the delivery of sustainable capital projects, the Bureau of Engineering annually delivers a diverse set of wastewater, municipal, recreation and park facilities as well as bridge and street improvements, streetscapes, and stormwater systems. Through data-driven performance management and the Bureau's vision to lead the transformation of Los Angeles into the world's most livable City, the Bureau continues to focus on delivering Leadership in Energy and Environmental Design (LEED) building projects and continuing its leadership role with Envision, a nationally recognized green assessment tool for civil engineering projects. In addition to the design, construction, and delivery of the City's capital projects, the Bureau provides the following services: fee-supported permits; pre-development and engineering services that are primarily related to infrastructure improvements within the public right-of-way; maintaining ownership records of real property within the City; maintaining and reproducing maps in support of various City services including Navigate LA; collecting, calculating and recording survey data; and conducting real estate and environmental assessments, investigations and research in support of Bureau operations and the City's capital projects.

Bureau of Sanitation

This Bureau collects and disposes of household refuse and dead animals; collects and processes recyclables; closes and reclaims remaining City-owned landfills for future development and beneficial reuse; plans and arranges for design of refuse collection facilities; and plans and designs refuse disposal facilities. It controls the discharge of wastewater, industrial wastes and stormwater into sewers, storm drains, open channels and navigable waters; inspects and maintains open stormwater channels; maintains, operates, and repairs all sanitary sewers, storm drains, culverts, and appurtenant structures, such as wastewater and stormwater pumping plants and sewer ventilating plants; and operates and maintains wastewater treatment plants. The Bureau administers the Stormwater Pollution Abatement Program which oversees City compliance with the terms of the permit issued under the National Pollutant Discharge Elimination System (NPDES).

Bureau of Street Services

The Bureau's objective is to enhance public safety, mobility, health, and neighborhood quality of life by revitalizing the streetscape. Its three outcome goals are to (i) improve the quality of the road surface, (ii) maintain a safe, clean and green public right-of-way, and (iii) build streetscape improvements. The four core programs that support these outcome goals are Pavement Preservation, Urban Forestry, Motorized Street Sweeping, and Enforcement. Pavement Preservation includes resurfacing, slurry seal, small asphalt repairs, and the Pavement Management System, which maintains a comprehensive database of road surface conditions throughout the city. Urban Forestry includes the management and care of street trees and landscaped median islands and the issuance of permits relating to trees on both public and private property. Motorized Street Sweeping is primarily focused on posted routes in which sweeping occurs on a weekly basis. The Bureau's Investigation and Enforcement Division issues a wide variety of permits relating to construction and special events taking place within the public right-of-way and responds to complaints regarding violation of city codes including illegal dumping, vending, and water discharge. The Bureau's Engineering and Special Projects divisions use a design-build approach to construct streetscape improvements, including curb ramps, bus pads, median islands, bikeways, and customized streetscape improvements, in response to community needs. The Bureau also enforces the weed abatement ordinance on private, unimproved parcels outside of the high fire severity zone.

BUDGETARY DEPARTMENTS FOOTNOTES

The following footnotes refer to those departments and items as listed.

CITY ATTORNEY

1. Reappropriate up to \$1,400,000 in unencumbered remaining balances in City Attorney Fund 100/12 accounts for Fiscal Year 2016-17, for which \$400,000 shall be appropriated to the City Attorney Outside Counsel account for anticipated Outside Counsel expenses. The City Attorney may disencumber prior year encumbrances to meet this amount.

CONTROLLER

1. Reappropriate up to \$500,000 in unencumbered remaining balances in Controller Fund 100/26 accounts for Fiscal Year 2016-17 for the Accounting Pool (\$250,000), with the remainder divided between Salaries General and Contractual Services accounts for audits.

COUNCIL

1. Expenditures shown under "Travel" are to be charged against budget expenditure limitations for involved Council Offices unless approved by majority vote of the Council, or by at least two of the following: President of the Council; Chairperson of the Budget and Finance Committee; Chairperson of the Rules and Elections Committee.
2. "Contingent Expense" account funds are to be apportioned on the basis of \$8,500 per Council member, chargeable on a reimbursement basis against the member's expenditure limit. The President of the Council is to have authority to expend up to an additional \$5,000 for duties related to that Office. Expenditures on a reimbursement basis will be subject only to the provisions of the Administrative Code and such additional regulations pertaining to the use of these funds as the Council may adopt by resolution of general application.
3. Authorize the Controller to transfer up to \$3,651,000 from various funds during Fiscal Year 2017-18, including Council funds and other Council discretionary funds, pursuant to a schedule to be provided by the Chief Legislative Analyst to address the Council's budget reduction contained in 2011-12, 2012-13, and 2013-14 Budgets.

FIRE

1. Request the Fire Chief to designate \$450,000 within the LAFD Special Training Fund 40J for recruit training expense costs related to Firefighter hiring and training.

POLICE

1. The Department has 10,545 authorized sworn positions. It is anticipated that there will be a total of 9,960 on payroll on July 1, 2017, and that projected attrition will be 419. Funding is provided in the Department's budget to hire 12 classes totaling 459 Police Officers for an average of 9,951 officers.
2. Designate \$1,000,000 within the Department's Sworn Overtime account for use by the Operations Valley Bureau for the Human Trafficking and Prostitution Detail.
3. Designate \$1,500,000 within the Department's Sworn Overtime account for traffic and speed enforcement details targeting high priority collision locations identified in the Vision Zero Initiative.
4. Designate \$500,000 within the Department's Sworn Overtime account for a Custody Transport Detail at the 77th Street and Van Nuys jails.
5. Provide funding for the Will Rogers State Beach seasonal detail (\$1,297,800) from within budgeted funds.

Appropriations to City Employees' Retirement

Charter Section 1160 requires the City to pay the cost of maintenance of the retirement fund, which provides retirement, disability, and death benefits for officers and employees of the City except members of the Fire and Police Pensions System and members of the Water and Power Employees' Retirement Plan. The City's General Fund contribution will be financed by the issuance of a Tax and Revenue Anticipation Note (TRAN). The Special Fund portion is the amount obligated to the Harbor, Airports, the Los Angeles City Employee's Retirement System, and the Los Angeles Fire and Police Pensions System for retirement costs for their employees.

Departmental revenue and total City Employees' Retirement System budget and supporting data are shown in Section 4.

PART IV
Nondepartmental

Tax and Revenue Anticipation Notes

A sum is appropriated to this Fund for payment of the entire debt service on tax and revenue anticipation notes issued to pay the annual contributions to both the Los Angeles City Employees' Retirement System (Retirement Fund) and the Fire and Police Pension Fund (Pension Fund) in July. The additional interest earned by the Pension and Retirement Funds from this early payment is used to discount the required City contribution to both Funds without reducing its annual receipts. A sum is also appropriated to this Fund for the interest portion of the debt service on notes issued to alleviate the short-term cash flow deficits that occur early in the fiscal year when certain taxes and revenues have not yet been received. The principal portion of the notes has not been appropriated in the budget since the principal is treated as temporary borrowing rather than expenditure.

Capital Finance Administration

An annual sum is appropriated to make lease and other payments, including trustee and arbitrage fees, required by various non-general obligation, long-term City financing programs. These financing programs utilize a financing lease or "lease purchase" generally paid out of General Fund appropriations and the sale of public securities (lease revenue bonds or certificates of participation) to acquire facilities and equipment items for use by City departments.

Wastewater Special Purpose Fund

An annual sum is appropriated to reimburse the General Fund for the related costs (including General City Overhead) of City departments, offices and bureaus providing support to the Wastewater System Improvement Program. Provision is made for direct payment of non-salary related expense, equipment and special costs previously budgeted in operating budgets through subventions from Sewer Construction and Maintenance funds. An amount equal to 45 days operation and maintenance costs is reserved in accordance with the requirements of the General Resolution authorizing the Wastewater System Revenue Bonds. Funds are appropriated for bond redemption and interest on Wastewater System Revenue bonds.

CAPITAL IMPROVEMENT EXPENDITURE PROGRAM

Municipal Improvement Corporation of Los Angeles (MICLA) - Issued Financing – No expenditure of funds shall occur until Council has made decisions on the underlying policy proposals for the Clean Streets project.

GENERAL CITY PURPOSES

As detailed below, for items in the General City Purposes Budget, administering departments and the City Clerk's Office jointly prepare contracts, administering departments handle contract monitoring and approve payments, and the City Clerk's Office handles the payments and final close-out of contracts.

Inclusion of all items requiring contracts in General City Purposes shall, at the time of final action on the Budget, constitute an acceptance by the City of the offer made by each of the applicants and an instruction to the City Clerk's Office and the administering department to draft, subject to approval of the City Attorney, the appropriate contracts and present them to the applicants for execution except as detailed below. The Mayor, unless otherwise specified, is authorized and directed to execute such contracts on behalf of the City. The administering departments will monitor the contractor and authorize all payments. Upon written authorization for payment by the administering departments, the City Clerk's Office will prepare all documents required by the Controller for payment. The administering departments will perform initial contract close-out reviews to ensure any funds not used by the contractor or used for items not authorized are refunded to the City. Upon completion of their close-out review and any necessary action, the administering departments will forward written contract close-out statements with supporting documentation to the City Clerk's Office for final contract close-out. Subsequent to the adoption of the Budget, appropriations to General City Purposes that require contracts are directed to be handled in a like manner.

1. Annual City Audit/Single Audit Contract to be executed by the Mayor and President of the City Council.
2. The Controller shall transfer the following items to departments on July 1, 2017:

Census Operations and Outreach, City Volunteer Bureau, Crisis Response Team, Equity and Community Well-Being, Gang Reduction and Youth Development Office, Great Streets, Green Retrofit and Workforce Program, Homelessness Support, Immigration Integration, Innovation and Performance Management Unit, Office of International Trade, Office of Re-entry, Open Data and Digital Services, Promise Zone: To be transferred to the Mayor's Office;

Clean and Green Job Program: To be transferred to the Board of Public Works;

NONDEPARTMENTAL FOOTNOTES

Congregate Meals for Seniors and Home-Delivered Meals for Seniors: To be transferred to the Department of Aging;

Homeless Shelter Program, Los Angeles Homeless Count, and Operation Healthy Streets: To be transferred to the Housing and Community Investment Department;

Justice Fund: To be transferred to the City Administrative Officer;

Summer Night Lights and World Police and Fire Games: To be transferred to the Department of Recreation and Parks; and

Youth Employment Program: To be transferred to the Economic and Workforce Development Department.

3. Clean Streets – Related Costs: Funds are provided to reimburse the Solid Waste Resources Revenue Fund for indirect costs for the Clean Streets Program including vehicle fuel, vehicle depreciation, and fleet maintenance expenses. Reimbursements will be processed on an invoice basis.
4. Council Community Projects: Funds are provided for the completion of specific community projects in various Council Districts as follows: Devonshire PALS (\$150,000, Council District 12), OurCycle LA (\$117,314, Council District 10), Project Save (\$350,000, Council District 9), Project Save (\$618,000, Council District 10), and Rita Walters Learning Complex (\$550,000, Council District 8). Expenditures for these projects are to be made at the discretion of the individual Council Offices.
5. Domestic Abuse Response Teams: To be expended by the City Clerk as authorized and directed by the Mayor and President of the Council.
6. FUSE Corps Fellows: Funds are provided to place FUSE Corps Fellows in City departments to work on the following projects: Creating an Office of Civic Engagement (Department of Neighborhood Empowerment), Evaluating Minimum Wage and Fair Chance Implementation and Enforcement (Bureau of Contract Administration), and Developing a Smart City Strategy for Los Angeles (Information Technology Agency). The respective departments will execute individual placement agreements with FUSE Corps. Upon execution of the agreements and approval of the Mayor, funds will be transferred to the departments.
7. Gang Injunction Curfew Settlement Agreement: Funds are provided in accordance with a settlement agreement (C.F. 16-0081) to provide class members access to job readiness programs. On July 1, 2017, the Controller shall transfer \$1,125,000 to the Economic and Workforce Development Department to implement the terms of this agreement. Subsequent transfers shall be processed based on the requirements of the settlement. Any unspent funds will revert to the Reserve Fund at year-end. Additional funds are also included in the Unappropriated Balance budget upon expenditure of General City Purposes funds in accordance with the settlement agreement.
8. Lifeline Reimbursement Program: Funds (\$6,000,000) are to be used to reimburse the Solid Waste Resources Revenue Fund for costs associated with the Solid Waste Lifeline Rate Program and funds (\$1,900,000) are to be used to reimburse the Sewer Construction and Maintenance Fund for costs associated with the low-income subsidy for the Sewer Service Charge. Reimbursements will be processed on an invoice basis. Any unspent funds will revert to the Reserve Fund at year-end.

NONDEPARTMENTAL FOOTNOTES

9. Official Visits of Dignitaries: The unencumbered balance remaining in the account will be reappropriated in the same amounts and into the same accounts that exist on June 30, 2017. Of the 2017-18 appropriation, 50 percent will be allocated to the Mayor and 50 percent will be allocated to the Council. The Mayor will expend his allocated funds with no Council approval required and the Council President will expend the Council's allocation with no Mayoral concurrence required.
10. Solid Waste Fee Reimbursement: Funds are to be used to reimburse the Solid Waste Resources Revenue Fund for costs associated with refuse collection and disposal service to other City departments and special events. The City cannot subsidize these costs with revenues from residential rate payers. Reimbursements will be processed on an invoice basis. Any unspent funds will revert to the Reserve Fund at year-end.
11. Special Events Fee Subsidy - Citywide: In 2009-10, two accounts were established to be divided evenly among all Council Districts for the subsidy of 50 percent of City fees for district-specific events, the subsidy of fees for citywide special events, and development fee subsidies (C.F. 09-0600-S46). For the 2017-18 allocation, each Council District shall receive \$43,000 and the balance shall be appropriated into the Citywide Special Events Fee Subsidy account. The Controller is hereby authorized to reappropriate any unspent funds in the same amounts and into the same accounts that exist on June 30, 2017.
12. Cultural, Art and City Events: Funds are to be used for arts, cultural events, and related activities, such as transportation, with allocations to be made at the discretion of the individual Council Offices.
13. Heritage Month Celebrations and Special Events: To be expended by the City Clerk as authorized and directed by the Mayor and President of the Council (\$108,440 will be expended by the Mayor with no Council approval needed. \$132,535 will be expended by the Council with no Mayoral concurrence.) The mover of the Council motion recommending allocation of the Council portion of the funds will act as the City representative responsible for signing contracts related to the heritage month celebration or special event.

UNAPPROPRIATED BALANCE

1. Community Engagement: Funding is set aside for Gospel Fest (\$25,000) and the Topanga/West Valley PALS (\$250,000).
2. DASH Services Expansion – Phase 2: Funding for this program is contingent upon the identification of on-going funding that would sustain the proposed expansion plan.
3. Fire Field Staffing: Funding is contingent upon the award and receipt of funding to the Fire Department from the Staffing for Adequate Fire and Emergency Response (SAFER) grant.
4. Firefighter Bailout System: Funding is contingent upon the receipt of funding from the Assistance to Firefighters Grant (AFG) Program.
5. Gang Injunction Curfew Settlement Agreement: Funds are provided in accordance with a settlement agreement (C.F. No. 16-0081) to provide class members access to job readiness programs. The Economic and Workforce Development Department must report to the Council regarding status of implementation of the Gang Injunction Settlement agreement and expenditure of 2017-18 General City Purposes funds prior to transfer of funding from the Unappropriated Balance.
6. U.S. Economic Development Administration Grant Obligation: The Economic and Workforce Development Department and/or other relevant Department must report to Council regarding an agreement with the U.S. Department of Commerce Economic Development Administration to fulfill the City obligation for past grant receipts related to a revolving loan fund program, including description of any new proposed initiatives or programs, if relevant, prior to the transfer of funds.

NONDEPARTMENTAL FOOTNOTES

WATER AND ELECTRICITY

For purpose of the budget, "Total Water and Electricity" is considered the appropriated item to reimburse the Department of Water and Power for water and electricity costs maintained by the Department of General Services. Water and electricity are provided to all public buildings, fire and police stations, libraries, collection and disposal sites, maintenance yards, parkway landscape, and service yards. The Library Department fully reimburses the General Fund for their portion of water and electricity. The Department of Recreation and Parks and the Bureau of Sanitation are billed directly. The details printed on the budget pages are estimates used in arriving at the total appropriation for such services and are not to be considered as separate items of appropriation. The estimates are presented for informational purposes only.

OTHER SPECIAL PURPOSE FUNDS

1. The Emergency Operations Board, as deemed appropriate, is authorized to redirect the expenditure of Emergency Operations Fund monies identified in the Adopted 2017-18 City Budget in the event grant funds are unavailable.
2. Funding is provided to pay assessments on City-owned properties within the boundaries of established Business Improvement Districts and relevant General Benefits outlined in the Management District Plan.
3. Funding is provided to the Convention Center Revenue Fund in support of the World Police and Fire Games scheduled to be held in August 2017 (C.F. 16-1159).
4. Funding is provided to the Accessible Housing Fund to implement the terms of a settlement agreement with the Independent Living Center (C.F. 16-1389).
5. Funding is provided to the Neighborhood Council Fund to reflect the transfer of administration of the Neighborhood Council Funding Program from the Department of Neighborhood Empowerment to the City Clerk (C.F. 11-020-S2).

FORFEITED ASSETS TRUST FUND OF THE POLICE DEPARTMENT

Section 5.520 of the Los Angeles Administrative Code establishes the Forfeited Assets Trust Fund of the Police Department. This Fund receives monies forfeited in connection with various Federal and State violations and awarded to the City pursuant to Title 21 United States Code Section 881, California Health and Safety Code Section 11489, or any other Federal or State statute relating to forfeited assets. All monies received from the State and Federal Governments under those statutes are deposited in separate accounts within this Fund. A Supplemental Police Account is established within the Fund in an amount not to exceed \$1.5 million to be administered by the Chief of Police in accordance with an expenditure plan approved by the Mayor and City Council. A 15 percent set-aside of annual State receipts is reserved for gang reduction expenditures. Both State and Federal laws require that these forfeited assets be used to enhance law enforcement resources and not to supplant resources which would have been committed to this purpose in their absence.

STORMWATER POLLUTION ABATEMENT FUND

The Environmental Protection Agency establishes regulations setting forth requirements for stormwater discharges from large municipal storm drain systems. The City enacted a Stormwater Pollution Abatement Charge (Article 4.2 of Chapter 6 of the Los Angeles Municipal Code) on all properties in the City in order to treat and abate stormwater. The charge is based on stormwater runoff and pollutant loading associated with property size and land use.

SCHEDULE 8

COMMUNITY DEVELOPMENT TRUST FUND

The primary objective of the Community Development Block Grant (CDBG) Program is to promote viable urban communities through decent housing, expanded economic development opportunities and comprehensive social services to persons of low and moderate incomes.

The City of Los Angeles receives CDBG funds based on the ratio of population, poverty, and housing overcrowding in the City compared to the ratio within all U.S. metropolitan areas. Funds are allocated by the U.S. Department of Housing and Urban Development to specific programs or purposes, based on approved applications, and remitted to the City by a letter-of-credit arrangement.

The 2017-18 Budget reflects the receipt and use of funds for salaries, expenses, and related costs attributable to departmental budgets. The Mayor and Council approved appropriations for additional projects and programs funded by CDBG funds as detailed in the 43th Program Year (PY) Consolidated Plan, which is authorized from April 1, 2017 through March 31, 2018 (C.F. 16-1091). Funding amounts are based on estimates and are subject to change pending receipt of actual entitlement award from the U.S. Department of Housing and Urban Development.

MOBILE SOURCE AIR POLLUTION REDUCTION TRUST FUND

Chapter 7 to Part 5 of Division 26 of the Health and Safety Code provide for a distribution of funds to cities from a fee imposed on motor vehicle registration in order to implement the California Clean Air Act of 1988. A \$6 per vehicle fee is imposed on vehicles in the South Coast Air Quality Management District. Twenty-seven percent of revenues are allocated to cities based on population. Funds are to be used for programs to reduce air pollution from motor vehicles.

Section 5.345 of the Los Angeles Administrative Code established the Mobile Source Air Pollution Reduction Trust Fund to receive fee revenues to implement mobile source air pollution reduction programs.

SPECIAL PARKING REVENUE FUND

The Special Parking Revenue Fund receives all monies collected from parking meters and City-owned parking lots in the City in accordance with Division 5 of the Los Angeles Administrative Code (LAAC). Fund monies may be used for the following purposes: 1) purchasing, leasing, installing, maintaining, operating, regulating and policing of parking meters and metered spaces, collection of meter revenue and related expenses; 2) the purchase, improvement, and operation of off-street parking facilities; 3) the painting and marking of streets and curbs required for the parking of motor vehicles within parking meter zones; and, 4) the payment of debt service costs incurred for off-street parking facilities. LAAC Section 5.117 Subsection 6 allows the City to establish surplus funding which may be transferred to the Reserve Fund for general governmental purposes, after paying, or setting aside funding for the cost of operations and maintenance for eligible activities.

COMMUNITY SERVICES BLOCK GRANT TRUST FUND

The Community Services Block Grant provides funds to alleviate the problems of poverty and to benefit low-income residents of the City. Program services are provided under contract by community-based delegate agencies. Program planning, monitoring, assessment, and other administrative activities are conducted by the City acting as the Community Action Agency.

This schedule reflects the receipt and appropriation of funds for the administrative budget of the Housing and Community Investment Department. Other funds are expended for program services outside the City Budget as authorized by the Mayor and Council.

TELECOMMUNICATIONS LIQUIDATED DAMAGES & LOST FRANCHISE FEES

Section 5.97 of the Los Angeles Administrative Code (LAAC) establishes the Telecommunications Liquidated Damages and Lost Franchise Fees Fund, which receives all monies collected from cable television franchise holders as liquidated damages and franchise fees lost to the City due to unexcused delays in the construction or activation of cable systems. LAAC Section 5.97 also establishes a Telecommunications Development Account within the Fund. This Account receives 40 percent of all cable television and other telecommunications franchise fee payments, which may be used for public, educational and government (PEG) access programming and other telecommunications uses in the City, such as funding the costs of the Information Technology Agency. The Account also receives one percent of cable television franchise holders gross receipts which must be used to pay capital costs related to providing PEG access programming.

PROPOSITION A LOCAL TRANSIT ASSISTANCE FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Transportation Commission may adopt a sales tax within the County, provided that it is approved by a majority of the electors. Funds are used to (a) improve and expand existing public transit Countywide, including reduction of transit fares, (b) construct and operate a rail rapid transit system, and (c) more effectively use State and Federal funds, benefit assessments, and fares. The City receives an allocation from a 25 percent share of the revenue collected, based on the City's percentage share of the population of Los Angeles County. Thirty-five percent of the proceeds are allocated to the Los Angeles County Transportation Commission for construction and operation of a rail system and 40 percent is allocated to the Commission for public transit purposes.

PROPOSITION C ANTI-GRIDLOCK TRANSIT IMPROVEMENT FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Transportation Commission may adopt a sales tax within the County, provided that it is approved by a majority of the electors. A one-half cent sales tax is collected to improve transit service and operations, reduce traffic congestion, improve air quality, efficiently operate and improve the condition of streets and freeways utilized by public transit, and reduce foreign fuel dependence.

The City receives funds from a 20 percent share of the revenues collected based on a per capita allocation. Funds may be used for public transit, paratransit, and repairing and maintaining streets used by public transit. The Los Angeles County Metropolitan Transportation Authority retains funding from the City's total Proposition C revenue allocation for a debt service payment.

CITY EMPLOYEES RIDESHARING FUND

Section 5.344 of the Los Angeles Administrative Code establishes the City Employees Ridesharing Fund. All employee parking monies collected shall be deposited in the City Employees Ridesharing Fund. All monies deposited in the Fund shall be used to pay the costs, exclusive of salaries, incurred in the City employee ridesharing program to provide for ridesharing enhancements that reduce City employee private vehicle usage in commuting to and from work. The Fund is administered by the Personnel Department. In accordance with the implementation of the Memorandum of Understanding on parking and commute options, revenues have included increases in parking fees, vanpool fares, and retention in the Fund of the \$250,000 previously deposited in the General Fund. Further, appropriations have included an increase in the transit subsidy from a maximum of \$15 per month to \$50 per month.

SCHEDULE 31

STAPLES ARENA TRUST FUND

The Staples Sports Arena is a sports and entertainment complex located adjacent to the Los Angeles Convention Center. The City entered into various agreements with the Arena Developer to advance approximately \$70 million towards the Project. Pursuant to the GAP Funding Agreement between the City and the Developer, the Developer is obligated to fully offset the City's costs for debt service on the bonds issued for the Arena, reimbursement for property conveyed to the Developer, and compensation for loss of interest earnings on cash advanced toward the Project. The Agreement specifies certain credits that will offset the Developer's obligations to the City. This schedule records all cash payments received from the Developer and tracks the reimbursements to the General Fund. All unallocated funds are carried forward as a cash balance (credit) towards the obligation for the following year.

SPECIAL POLICE COMMUNICATIONS/911 SYSTEM TAX FUND

On November 3, 1992 the voters approved the imposition of a special tax to repay bonds, not to exceed \$235 million, issued to finance improvements to the police communications system, which included the 911 system for fire and police emergency calls. The special tax was imposed on each parcel, improvement to property, and use of property. The special tax was imposed from 1993-94 fiscal year through 2012-13. The proceeds of the special tax were deposited in the Special Police Communications/911 System Tax Fund in accordance with Section 21.16.5 of the Los Angeles Municipal Code.

For the purpose of the Budget, "Total Appropriations" is considered the appropriated item, to pay lease payments, insurance premiums and deductibles, bond administration and other expenses required by the lease agreement securing the bonds, as well as to reimburse related City expenses as provided for in the tax ordinance. The Office of the City Administrative Officer is authorized to make payments for lease payments, insurance loss expenses, and other bond administration expenses, and to reimburse the General Fund for departmental related costs. The details printed above are estimates used in arriving at the total appropriation and are not to be considered as separate items of appropriations. They are presented solely for information.

As of September 1, 2013, all lease revenue bonds have been repaid in full. Thus, no special tax assessments will be levied.

Pursuant to the Los Angeles Municipal Code, Chapter 2, Article 1.16, Section 21.16.5 (d) "any amount remaining in the Special Police Communications/9-1-1 System Tax Fund after all lease revenue bonds issued to finance the System have been repaid in full, shall be used solely and exclusively for maintaining, replacing or improving police communications and dispatch equipment and systems." Prior to the expenditure of funds allocated for the Computer-Aided Dispatch System, a report regarding the proposal and policy details for the Police and Fire Dispatch System Consolidation must be approved by the Mayor and Council.

PLANNING CASE PROCESSING SPECIAL FUND

Section 5.121.9 of the Los Angeles Administrative Code (LAAC) establishes the Department of City Planning Case Processing Special Revenue Fund. The Fund is administered by City Planning to provide necessary staffing, expenses and equipment to support functions necessary for the processing of planning and land use applications for any project for which planning or processing of requests for entitlements will severely impact departmental resources. In addition, fees that were previously received from developers under Supplemental Fee Agreements and deposited into the Major Projects Review Trust Fund and Expedited Permit Fund are deposited into the Planning Case Processing Special Fund pursuant to Sections 5.121.9.3 of the LAAC and 19.01 W of the Los Angeles Municipal Code. A separate account shall be established for each major project.

DISASTER ASSISTANCE TRUST FUND

Section 8.72.1 of the Los Angeles Administrative Code establishes the Disaster Assistance Trust Fund to receive monies for emergency and disaster response and recovery costs from various grant programs when directed by the City Council. Funds are expended in compliance with applicable federal and state laws, rules, regulations, instructions, and procedures. For purpose of the Budget, "Total Appropriations" include estimates of amounts to be transferred to various special funds, proprietary departments, and the General Fund where the costs approved for reimbursements were spent. Reimbursements to other departments include actual receipts from prior years not transferred in those fiscal years due to timing differences between receipt of funds and assembly of required documentation. The Office of the City Administrative Officer is authorized to make the payments.

LANDFILL MAINTENANCE SPECIAL FUND

Section 5.332.2 of the Los Angeles Administrative Code establishes the Landfill Maintenance Special Fund. The Fund receives all revenues received by the Department of Public Works from the sale of recyclable materials from curbside recycling. Money in the Fund shall be used for postclosure maintenance costs of City-owned landfills in accordance with the California Public Resources Code. Money in the Fund not required for postclosure maintenance costs shall be used for other solid waste activities as the Mayor and Council may direct. Due to the declining demand and value of recyclables, revenues to the Fund have been steadily decreasing over the years and the Fund has required financial assistance from the Solid Waste Resources Revenue Fund (SWRRF). For 2017-18, all revenues and expenditures from the Fund will be transferred to SWRRF as these costs are all eligible expenditures from SWRRF.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS FUND

The Housing Opportunities for Persons with AIDS (HOPWA) Program is authorized by the 1990 National Affordable Housing Act and is administered under the U.S. Department of Housing and Urban Development (HUD). Its purpose is to provide states and localities with resources and incentives to devise long-term comprehensive strategies for meeting the housing needs of low-income and/or homeless persons with HIV or AIDS, and their families.

The 2016-17 Budget reflects the receipt and appropriations of funds for the departmental budget. Appropriations for other programs funded with HOPWA funds as approved in the Consolidated Plan have been authorized by the Mayor and Council from April 1, 2016 through March 31, 2017. Funding amounts reflected are subject to change pending the determination of the 2016 Federal and State allocations.

CENTRAL RECYCLING TRANSFER STATION FUND

The Central Los Angeles Recycling and Transfer Station (CLARTS) Trust Fund receives revenue for transfer services provided to private haulers engaged in providing solid waste collection services to non-City entities. Revenue is used to pay the direct cost of hauling and disposing of solid waste as well as related community amenities. Revenue, including interest, generated in excess of the direct costs associated with processing waste from private haulers is used to pay a proportionate (in relation to private hauler tonnages) share of salaries, equipment, maintenance and capital improvement projects at the facility as directed by the Mayor and City Council.

SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND

Assembly Bill 3229 established the Citizen's Option for Public Safety (COPS) program, through which funding is provided to local government for the purpose of ensuring public safety. This program requires the establishment of a Supplemental Law Enforcement Services Fund for the deposit of COPS funds received from the County. These funds must be used for direct support of front line municipal police services and must supplement, not supplant, existing resources for such services.

STREET DAMAGE RESTORATION FEE SPECIAL FUND

The Street Damage Restoration Fee Special Fund was created by Council action to receive revenues from the Street Damage Restoration Fee. The Fee was established to compensate the City for damage to City streets caused by excavations or other work performed by any entity, including City agencies, required to obtain a permit for the performance of said excavations or other work. The funds are to be used only for street surfacing, resurfacing, repair and reconstruction, and laboratory fees, testing, materials, engineering, salaries and overhead associated therewith.

MEASURE R TRAFFIC RELIEF AND RAIL EXPANSION FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2008, the voters in Los Angeles County approved the imposition of an additional one-half cent sales tax for a period of 30 years to (a) expand the County Metro rail system, including providing a direct airport connection; (b) make local street improvements, such as signal synchronization, filling potholes, repairing streets and making neighborhood streets and intersections safer for drivers, bicyclists and pedestrians in each community; (c) enhance safety and improve the flow of traffic on freeways and highways; (d) make public transportation more convenient and affordable (especially for seniors, students, the disabled and commuters); and, (e) provide alternatives to high gas prices, stimulate the local economy, create jobs, reduce pollution and decrease dependency on foreign oil. All transit projects funded by Metro through the Measure R transit capital fund will require a three percent local match. Matching funds identified will allow Metro to deliver transit projects within the City more quickly.

A total of \$4,020,345 (Direct Costs - \$3,271,684; Fringe Benefits - \$748,661) is also budgeted in Schedule 49 Measure R Traffic Relief and Rail Expansion Fund for the installation of sidewalk access ramps. A total of \$4,070,047 is also budgeted in Schedule 34 Local Transportation Fund (TDA) for Sidewalk Repair Contractual Services, Engineering Consulting Services, and various expenses from the Bureau of Street Services related to the Sidewalk Repair Program. The City's Proprietary Departments are estimating \$2,667,550 in sidewalk repair work for facilities. These amounts, plus the funds budgeted in the Sidewalk Repair Fund total \$31 million in 2017-18. Please refer to the Detail of Department Programs, Vol. II for more details on the \$31 million total. This meets the City's obligation, per the Willits Settlement Agreement, to spend \$31 million per year to make sidewalks and other pedestrian facilities accessible to the disability community. The City's reporting requirement on Sidewalk Repair Program improvements begins upon final approval of the Agreement, expected in April 2017. The City's \$31 million obligation begins on July 1, 2017.

*The City Engineer, subject to the concurrence of the City Administrative Officer, is authorized to transfer funds of any amount from special purpose fund appropriations within this Fund to the Incentive Program or Contractual Services accounts in order to implement the \$31 million obligation.

SCHEDULE 52

MEASURE M LOCAL RETURN FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2016, the voters in Los Angeles County approved an increase of one-half of one percent (.5%) to the Sales Tax within Los Angeles County (County). The Sales Tax will increase to one percent (1%) on July 1, 2039, when the Measure R tax of one-half of one percent (.5%) tax imposed by Metro by Ordinance number 08-01 expires. Sales Tax revenue shall be used to meet the goals of improving freeway traffic flow; accelerating rail construction and building rail lines; enhancing local regional and express bus service, bike and pedestrian connections; improving transportation system connectivity, streets and intersections; addressing transit and highway safety; providing more accessibility, convenience, and affordability of transportation for seniors, students and the disabled; and incorporating modern technology in the transportation system.

* The amount is only the transfer from the Reserve Fund into the budget to assist in financing the General Fund portion of the budget. All excess general revenue and general unencumbered funds at year-end are transferred into this fund. The Reserve Fund is an unbudgeted fund to finance contingencies and major emergencies that may occur. The condition of the fund is shown in Section 3 of the budget schedules and statements.

** The amounts are unencumbered balances and unallocated revenues that revert to the Reserve Fund.

** Emergency Reserve Account funds are to be used only upon the finding of "urgent economic necessity" by the Mayor and confirmed by the Council. It was established on August 21, 1998, Council File No. 98-0459; amended to 2% of the General Fund, with the remainder to be allocated to the Contingency Reserve Account in compliance with the Financial Policies adopted by Council on April 19, 2005, Council File No. 04-1822; amended to 2.75%, Council File No. 07-0600.

Note: The Proposed Budget Reserve Fund July 1 Available Balance is equivalent to 5.09% of the General Budget of \$5,779,260,708.

BUDGET STABILIZATION FUND

The Mayor and Council established a Budget Stabilization Fund as part of the 2009-10 budget process. The purpose of the Budget Stabilization Fund is to set aside savings during periods of robust economic growth which can then be drawn upon to stabilize revenues during economic downturns. In 2011, Charter Amendment P added the Budget Stabilization Fund to the Charter. In March 2014, Administrative Code Section 5.120.4 was adopted which established the rules of the Fund. This Fund is comprised of excess revenue from seven economy-sensitive taxes, Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax, pursuant to the Administrative Code. If cumulative receipts from these taxes are more than 3.4 percent above the prior year's level, those excess receipts are directed to the Budget Stabilization Fund. The Budget Stabilization Fund will primarily be used to offset shortfalls that occur due to lower than usual (3.4 percent) growth in these taxes, or for one-time uses if the amount in the Fund exceeds 15 percent of the General Fund budget.

STAPLES ARENA FUNDING AGREEMENT RECONCILIATION

The Staples Sports Arena is a sports and entertainment complex located adjacent to the Los Angeles Convention Center. The City entered into various agreements with the Arena Developer to advance approximately \$70 million towards the project. Pursuant to the Gap Funding Agreement between the City and the Developer, the Developer is obligated to fully offset the City's costs for debt service on bonds issued for the Arena, reimbursement for property conveyed to the Developer, and compensation for loss of interest earnings on cash advanced toward the project. The Agreement specifies certain credits that will offset the Developer's obligations to the City. This schedule serves as an accounting of the Developer's obligations and offsetting credits.

*Debt payments are budgeted within the Capital Finance Administration Fund, with the Staples Arena Trust Fund as the source of funds. Actual cash payment to Trustee may vary from budgeted amount due to interest earnings.

**The 1998 Gap Funding Agreement authorized the Staples Developer to offset the repayment obligations with certain allowable credits. When the allowable credit exceeds the obligation amount, the Staples Developer is allowed to carry the credit forward in the following fiscal year. In 2003, Amendment No. 1 to the Gap Funding Agreement authorized the Staples Developer to prepay its repayment obligations. In exchange for the City's agreement to modify the credit enhancement requirements, the Staples Developer paid the City \$16.5 million, comprised of \$14.7 million for estimated shortfalls and \$1.8 million for additional inducement.

CITY DEBT POLICY STATEMENT

In August 1998, the City adopted a formal debt policy, and in April 2005 this debt policy was incorporated into the City's Financial Policies. The debt policy established guidelines for the structure and management of the City's debt obligations, including target and ceiling levels for certain debt ratios to be used for financial planning purposes. The policy places certain restrictions on the types of items that can be financed, limiting financing only to those items with a useful life of six years or more. In accordance with the policy, the ratio of annual debt payments cannot exceed 15 percent of General Revenues for voter-approved and non-voter approved debt overall, and cannot exceed six percent of General Revenues for non-voter approved debt alone. The six percent ceiling for non-voter approved debt may be exceeded only if there is a guaranteed new revenue stream for the debt payments and the additional debt will not cause the ratio to exceed 7.5 percent, or there is not a guaranteed revenue stream but the six percent ceiling will only be exceeded for one year.

STATEMENT OF BONDED INDEBTEDNESS AND OTHER OBLIGATIONS

Charter Section 312(g) requires that the budget provide all essential facts regarding the bonded and other indebtedness of the City government. Under the California Constitution, the City may issue general obligation bonds subject to the approval of two-thirds of the voters voting on the bond proposition. General obligation bonds represent an indebtedness of the City secured by its full faith and credit. An ad valorem tax on real property is levied to pay principal and interest on general obligation bonds. The City may also levy special taxes on real property based on the size of improvements (rather than assessed valuation) with two-thirds voter approval. These taxes may secure bonded obligation. The City may issue revenue bonds under the State 1941 Act with approval by 50 percent plus one of the voters. Under the new City Charter, the City may establish its own procedures for issuing revenue bonds. Under State law, the City may also enter into long-term lease obligations without obtaining voter approval. Lease revenue bonds and certificates of participation may be issued which are secured by such lease-purchase agreements. Under various sections of State law, the City may establish assessment or Mello-Roos districts and issue bonds for infrastructure improvements. The bonds are secured solely by the properties in the district. The table below summarizes the outstanding general obligation bonded indebtedness of the City, judgment obligation bonds, lease revenue bonds, certificates of participation, revenue bonds and special assessment and Mello-Roos districts.

² Total General Fund debt outstanding is \$ 2,279,942,101. Total outstanding City debt including revenue and assessment obligations is \$ 5,082,452,101.

³ The Charter limits general obligation indebtedness to 3.75% of assessed valuation. Outstanding general obligation indebtedness as of June 30, 2016 was 0.15% of assessed valuation. The ratio for June 30, 2017 is estimated at 0.14%.

⁴ Procedural Ordinance No. 182531 effective June 10, 2013 was adopted to enable bond issuances subsequent to reaching the voter authorization limit.

⁵ Does not include debt service for projected 2017-18 issuance.

⁶ The Parking System Revenue Bonds, Series 1999-A and Series 2003-A (the "Parking Bonds") were redeemed in full effective November 1, 2013. Taxable lease revenue commercial paper notes were issued to redeem the Parking Bonds. As of April 1, 2017, the outstanding taxable lease revenue commercial paper notes is \$37,300,000.

⁷ Backed solely by assessments on participating properties.

⁸ Series 2003-A issued \$135,000,000 in bonds for the project; was refunded as Series 2014-A during 2014-15.

⁹ Formerly known as "Silver Oaks."

**Based on projected revenues for 2017-18 plus incremental revenue from self-supporting debt, including General Obligation Bonds and the Staples Arena debt.

The budget recommended and submitted by the Mayor does not cover the operations, either as to receipts or expenditures (other than appropriations required by Charter, or other assistance under Charter Section 246), of the departments of City government given control of their own revenues or special funds, but is accompanied by copies of the proposed budgets of such departments for the information of the Council and the public. The budget of each of these departments is adopted by the citizen boards of commissioners charged with the control and management of such departments in accordance with Charter Sections 511 and 1160.

DEPARTMENT OF AIRPORTS

The Department, under its Board of Commissioners, is responsible for the management, supervision and control of all airports and airport facilities under the jurisdiction of the City of Los Angeles. It plans, constructs and maintains its own buildings, and controls its own funds in accordance with the Los Angeles City Charter.

1) The total City Contribution (General Fund) in a given Fiscal Year is the sum of the General Fund and Excess Benefit Plan (EBP) line items. For 2017-18 these amounts total \$636,782,956. However, since the EBP revenue is transferred to the Controller, it is excluded from LAFPP total revenue. The Harbor contribution is calculated separately and reflected in the Harbor Revenue Fund.

2) In November 2016, voters of the City of Los Angeles approved an amendment to the City Charter to (1) enroll all new Airport Police Officers hired on or after January 7, 2018, in the Los Angeles Fire and Police Pension Plan (LAFPP) instead of the Los Angeles City Employees' Retirement System (LACERS); (2) allow all current Airport Police and Airport Safety Officers who started before January 7, 2018, to convert all of their LACERS retirement credit to LAFPP Tier 6 credit at their own expense; and (3) give any current or future Airport Chief of Police the option of joining LACERS instead of LAFPP. The first contribution will be due on January 7, 2018 from Airports.

Honorable Members of the City Council
City of Los Angeles, California

SUBJECT: REVENUE FORECAST REPORT

In accordance with City Charter Section 311(c), I am submitting my revenue forecast for fiscal years 2016-17 and 2017-18. Also included are the 2017-18 debt service and General Fund cash flow borrowing requirements.

The City's total annual budget for 2016-17 is \$8.8 billion. Two-thirds of this (\$5.6 billion) is General Fund revenue, most of which comes from taxes. One third (\$3.2 billion) is special fund revenue, which comes from a variety of fees, grants, and other restricted funding sources, and can only be used for specific purposes.

The annual Revenue Forecast Report provides updated estimates of current year General Fund and special fund revenues and projects those revenues for the following year as well. This information is then used as the basis for decision-making in the budget process.

In order to develop our forecast, the Controller's Office collected revenue projections from City departments, reviewed recent economic reports, and met with a number of local economists, including those from Beacon Economics, HousingEcon.com, CBRE Hotels Consulting, and UCLA Anderson School of Management. While forecasts necessarily involve some uncertainty, this forecast represents our best estimates based on the information available. Seeking to promote responsible fiscal policy, we provide a relatively conservative forecast of revenues.

Honorable Eric Garcetti, Mayor
Honorable Members of the City Council
City of Los Angeles, California

Page 2

This Office estimates that General Fund receipts for the current year will be \$5.549 billion, a 4.0 percent increase over 2015-16 total revenue. Because the Adopted Budget assumed 4.5 percent growth, this is \$28 million less than what was anticipated. Higher than budgeted revenues from the Ex-Community Redevelopment Agency (CRA) Tax Increment, Property Tax, and Transient Occupancy Tax are offset by the projected shortfalls in Licenses, Permits, Fees and Fines; Utility Users' Tax - Electric; the Power Revenue Transfer; and Parking Fines.

For 2017-18, we project General Fund receipts to be \$5.562 billion, just \$13 million (0.2 percent) more than the 2016-17 estimate. This number would have been higher if not for one-time revenue of \$99 million from 2016-17 which is not included in the 2017-18 projection. Adjusting for this one-time revenue, total revenue growth is projected to 2.0 percent. Increases in Property Tax, Utility Users' Tax – Electric, Transient Occupancy Tax, and Sales Tax are offset by projected drops in the Power Revenue Transfer and Licenses, Permits, Fees, and Fines.

New revenue sources are on the horizon, such as monies related to Measure M and recreational marijuana. Other potential revenues, such as billboards, have also been the subject of conversation. Each of these will necessitate significant policy decisions.

In order to balance revenues against the projected growth in expenditures in 2017-18, the City will need protect its current General Fund revenue while seeking other new and expanded sources. These could include collections improvements and tax and regulatory enforcement, potentially through data-sharing agreements as I discussed in my 2015 audit titled "Smart Data Sharing: A Path to New Revenue". The City should also revisit the numerous revenue ideas that have been provided through the years by labor, the Commission on Revenue Efficiency (CORE), the neighborhood councils, and City departments.

The tight revenue situation suggests the need to avoid actions which restrict or reduce General Fund revenue – such as proposed carve-outs of Transient Occupancy Tax for affordable housing, Gas Franchise revenue for community benefits, or Multi-Family Trash Franchise revenue for special purpose funding. While the proposed uses for these monies are well-intentioned, restricting these revenues would make them unavailable in times of need. Keeping them in the General Fund provides flexibility while still allowing the Council to fund these important programs.

Honorable Eric Garcetti, Mayor
Honorable Members of the City Council
City of Los Angeles, California
March 1, 2017
Page 3

As for special funds, receipts are projected to grow by 8.3 percent in 2016-17, to a total of \$2.565 billion. For 2017-18, growth is expected to slow, but still show a relatively strong growth of 3.5 percent, for a total of \$2.654 billion.

We must examine the potential use of special funds to see how they might be used more strategically. This is not only a way of increasing General Fund revenue (from reimbursements), but in many cases these funds can be used to augment services paid for by the General Fund. An example of this is the Street Damage Restoration Fee (SDRF) which, along with the General Fund and the Gas Tax, funds the pavement preservation program. If the SDRF is increased to fully recover the costs of cutting into our streets, the City will be able to maintain more streets, while requiring fewer resources from the General Fund.

While this report focuses on revenue, it is crucial that we consider expenditures as well. As illustrated in the Comprehensive Annual Financial Report (CAFR), issued by my office in February, expenditure growth exceeded revenue growth in 2015-16, increasing the structural deficit. Given the estimates contained in this report, a second year of this imbalance may well occur. As General Fund revenue is projected to increase by only 0.2 percent next year, while expenditures are projected to increase by 2.2 percent, fiscal discipline and prioritization of needs are of the utmost importance.

Should you have any questions, or require additional information, please contact Matthew Crawford, Director of Financial Reporting at (213) 978-7203 or matthew.crawford@lacity.org.

Sincerely,

RON GALPERIN
Los Angeles City Controller

SUMMARY

This Revenue Forecast Report for the City of Los Angeles forecasts fiscal years 2016-17 and 2017-18 revenue in advance of the upcoming budget process. Also included are the 2017-18 debt service requirement and the General Fund cash flow borrowing requirement. The Forecast is issued pursuant to the Controller's City Charter mandate to monitor and report on all matters relating to the City's fiscal health, to keep the City's official financial records, and to supervise expenditures of the City.

Open data for City financials is available online at ControlPanelLA (ControllerData.LACity.org), including monthly updated information on General and Special Fund revenues. Economic presentations provided by local economists to the Controller in the development of this Financial Forecast Report are also available at LAController.org.

Financial Outlook

Local economists, with which we consulted, forecast that economic growth in Los Angeles will continue to be moderate. With a local unemployment rate of 5.1 percent as of October 2016, Los Angeles is approaching what economists term "full employment". As the labor market tightens, personal income and wages, along with consumer spending and housing demand, are anticipated to rise.

With an unemployment rate of 5.1 percent, Los Angeles is approaching "full employment".

The forecast assumes that possible changes to federal policies on the financial markets, taxes, regulations, trade and immigration would take place thoughtfully and gradually. However, many of the changes under consideration pose undetermined risks, particularly if they are implemented by Washington injudiciously. Overall, however, the outlook for Los Angeles remains positive due to its location, size and amenities.

With this environment and assumptions in mind, the City is currently estimated to realize General Fund revenues in the current fiscal year of approximately \$5.549 billion, \$28 million or 0.5 percent lower than the 2016-17 Adopted Budget total General Fund revenue of \$5.577 billion. Total 2017-18 revenues are projected to \$5.562 billion, \$13 million or 0.2 percent more than the current year estimate.

The biggest factor holding the 2017-18 growth down is one-time revenue in 2016-17 which is not present in the 2017-18 projection.

**Current Fiscal Year One-Time Revenue
(amount expressed in thousands)**

2016-17 Total Revenue	\$	5,548,527
Less: One-Time Revenue		(99,133)
Adjusted 2016-17 Revenue	\$	5,449,394
Percentage Change		-1.8%

As you can see, before any natural growth is taken into account, the 2017-18 revenue is 1.8 percent below the 2016-17 level. This means that the projected natural growth of 2.0 percent barely exceeds the gap caused by the one-time revenue. While this was not unexpected, the challenge it creates is still significant.

Debt

The estimated City debt service requirement for 2017-18 is \$569.6 million. Of this amount, the total General Obligation Bond (GOB) debt service requirement for principal and interest is estimated at \$120.6 million. GOBs are general obligations of the City payable from ad valorem taxes levied on all of the taxable property of the City. Taxes levied for the GOB debt service requirement are separate from the General Fund property tax revenue. The remaining debt service covers the Municipal Improvement Corporation of Los Angeles (MICLA); and Wastewater, Solid Waste Resources, Site-Specific Tax, and Judgment Obligation Bonds.

In total, debt service is projected to be 5.95 percent of projected 2017-18 General Fund receipts, well under the 15 percent limit set by the City’s Debt Policy.

General Fund Cash Flow

Annually, the Controller estimates an amount of borrowing needed to meet City short-term cash flow requirements in the first half of the next fiscal year. Based on revenue and expenditure patterns, the likely cash flow borrowing requirement in 2017-18 is \$400 million, the same amount borrowed this fiscal year.

General Fund Revenue Projections for 2016-17 and 2017-18

The City's General Fund revenue comes from a wide variety of sources. The largest single source is Property Tax, which represents just under one third of all General Fund revenue. Other significant revenue sources include Licenses, Permits, Fees and Fines, Utility Users Tax, Sales Tax, Business Tax, Transient Occupancy Tax, Power Revenue Transfer, and Documentary Transfer Tax. The chart below shows the City's major revenue sources over the past ten years.

The City is estimated to realize General Fund revenues in the current fiscal year of approximately \$5.549 billion, \$28 million or 0.5 percent below the 2016-17 Adopted Budget of \$5.577 billion. This Office bases these estimates on information received from departments, consultation with local economic experts and academics, and recent trends.

Total 2017-18 General Fund revenues are projected to \$5.562 billion, an increase of \$13 million over the 2016-17 estimate, but a decrease of nearly \$15 million compared to the 2016-17 Adopted Budget. It should be noted that the Controller's 2017-18 General Fund revenue estimates do not account for discretionary one-time transfers from the Reserve Fund, the Special Parking Revenue Fund or other funds identified during the budget process.

The complete list of estimated City receipts for 2016-17 and 2017-18 is presented in Schedule 1.

Economy-Sensitive General Fund Revenues

The seven major revenue sources labeled “Economy-Sensitive” include Property Tax, Utility Users’ Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Transfer Tax, and Parking Users’ Tax. Together, they represent 72 percent of General Fund revenues in the 2016-17 Adopted Budget.

Exhibit 2 presents the City’s economy-sensitive General Fund receipts in the 2016-17 Adopted Budget, and the Controller’s estimates for 2016-17 and 2017-18.

General Fund economy-sensitive revenues are estimated to increase in 2017-18 by 2.8 percent above the 2016-17 Adopted Budget. Exhibit 3 provides an explanation of the estimates of General Fund economy-sensitive revenues for 2016-17 and 2017-18.

**GENERAL FUND ECONOMY-SENSITIVE REVENUES
YEAR-TO-YEAR CHANGES**

Fiscal Year 2016-17	Fiscal Year 2017-18
<p>Property Tax</p> <ul style="list-style-type: none"> • It is estimated that property tax receipts will be \$4.9 million above the budgeted amount to \$1.791 billion. Higher than anticipated one percent secured property tax revenue is primarily offset by increased refunds. • One percent secured property tax receipts is estimated to increase by 5.6% from prior year actual revenue. • A total of \$63.6 million in property tax receipts in lieu of sales tax (triple flip) was received as budgeted. This represents the last year of triple flip revenue distributed to cities, with no additional revenue to be received beyond 2016-17. 	<ul style="list-style-type: none"> • Total property tax receipts are projected to increase by \$27.9 million over the 2016-17 estimate to \$1.819 billion. • The estimate reflects 6.0% assumed growth in secured levy based on projected improvement in the housing market. • The one percent secured property tax receipts is projected to \$1.383 billion, a \$68.5 million or 5.2% increase from the 2016-17 estimate. • The vehicle license fee (VLF) swap is projected to \$435.8 million, a \$23.0 million increase from the 2016-17 estimates. • The increase of \$91.5 million in secured and VLF receipts is offset by the elimination of \$63.6 million in one-time triple flip revenue.
<p>Utility Users' Tax</p> <ul style="list-style-type: none"> • The estimated utility users' tax (UUT) receipts of \$619.3 million are broken down as follows: \$360.0 million electric users', \$190.5 million telephone users', and \$68.8 million gas users'. • Electric users' tax receipts are estimated based on collection trend and reflects the approved rate increase. • The telephone users' tax receipts are estimated at \$4.8 million above budget based on actual collection trend through the first seven months of the year. The decline in this category has slowed with implementation of AB1717 which imposes UUT on prepaid wireless services. • Natural gas prices has remained low as expected in the current fiscal year. Gas users' tax receipts are estimated to be \$2.5 million above budget based on collection to date and slightly higher usage during the winter months. 	<ul style="list-style-type: none"> • The estimated UUT receipts of \$645.3 million are broken down as follows: \$390.0 million electric users', \$185.3 million telephone users', and \$70.0 million gas users'. • Electric users' tax receipts are projected to increase by 8.0% from the 2016-17 estimate and reflects the approved rate increase. • The telephone users' tax receipts are projected to continue its declining trend with a 2.7% reduction from the 2016-17 estimate. • The gas users' tax receipts are estimated at slightly above the 2016-17 estimate. Gas prices are projected to remain flat.

Fiscal Year 2016-17	Fiscal Year 2017-18
<p>Business Tax</p> <ul style="list-style-type: none"> • Current fiscal year business tax receipts will be slightly above budget based on 2.0% economic growth in renewal revenue, offset by \$15.3 million due to business tax rate reduction, for a net total of \$504.0 million, or \$1.7 million above budget. 	<ul style="list-style-type: none"> • Business tax receipts are projected to remain flat in 2017-18. The third and final year of the City's business tax rate reduction program is anticipated to offset the assumed 2.5% economic growth.
<p>Sales Tax</p> <ul style="list-style-type: none"> • It is anticipated that sales and use taxes will total \$520.3 million, slightly above budget. • Current year budgeted amount reflects full-year restoration of one percent sales tax due to unwinding of the triple flip. 	<ul style="list-style-type: none"> • Sales and use tax receipts are estimated to total \$535.9 million, a 3.0% increase over the 2016-17 estimated receipts based on consultation with local economists.
<p>Transient Occupancy Tax (TOT)</p> <ul style="list-style-type: none"> • Current fiscal year receipts are estimated at \$237.8 million, \$3.0 million or 1.2% below budget. Receipts during the first seven months of the year are 1.7% below plan (excluding budgeted receipts from short-term rentals). 	<ul style="list-style-type: none"> • It is projected that TOT revenues will total \$251.1 million, a 5.6% increase over the 2016-17 estimated receipts based on consultation with local economists.
<p>TOT – Short-term Rental</p> <ul style="list-style-type: none"> • Office of Finance (Finance) estimates receipts from the tax collection agreement with Airbnb at \$27.0 million, \$21.3 million above budget. Remittances started in September and collection through January of the current fiscal year has totaled \$13.5 million. 	<ul style="list-style-type: none"> • Finance projects short-term rental TOT receipts at \$32.4 million based on the average of the actual amounts collected to date.
<p>Documentary Transfer Tax</p> <ul style="list-style-type: none"> • It is estimated that current fiscal year receipts will be \$4.2 million above budgeted amount to \$206.4 million. This represents 4.0% above prior year actual receipts based on consultation with local economists. 	<ul style="list-style-type: none"> • Documentary transfer tax receipts are expected to grow 4.0% over the 2016-17 estimate to \$214.6 million based on consultation with local economists.
<p>Parking Users' Tax</p> <ul style="list-style-type: none"> • Finance estimates that parking users' tax receipts will meet the adopted budget amount of \$111.0 million. 	<ul style="list-style-type: none"> • Finance projects that parking users' tax receipts will remain flat at \$111.0 million next fiscal year.

Licenses, Permits, Fees and Fines

Licenses, Permits, Fees and Fines effectively represents miscellaneous General Fund revenues. These include everything from ambulance services, animal licenses, and engineering permits, to returned-check fees, special fund reimbursements, and payments for services provided to other agencies. In all, this category comprises more than 16 percent of total budgeted General Fund revenue. This presents a challenge when forecasting revenue, as the miscellaneous category is extremely difficult to project due to the many uncorrelated revenue streams making trend analysis impossible. Some years, many of these individual revenues are increasing, but one or two large revenues are decreasing, making the net change small. If the smaller revenues are less consistent in the following year, a significant negative change can occur that would be impossible to predict at the aggregate level. Fiscal year 2016-17 provides an excellent illustration of this problem, as actual receipts are trending almost \$45 million under the \$923 million budget.

As a partial solution, we have identified two broad revenue categories within Licenses, Permits, Fees and Fines: Services to Proprietary Departments; and Reimbursements from Other Funds. These two categories represent more than \$600 million in annual revenue, nearly 70 percent of the broader category. More importantly, as coherent groupings, they are much more predictable than the broader Licenses, Permits, Fees and Fines category.

“Services to Proprietary Departments” represents funds remitted to the City in payment for services that City departments have provided to Water and Power, the Port, and Airports. “Reimbursement from Other Funds” consists most of reimbursement from City special funds of General Fund overhead costs such as benefits, utilities, and centralized services like payroll. We recommend that the Mayor and the CAO consider using this breakdown, or other similar options, in the budget documents for 2017-18. In Exhibit 4, the budgeted and estimated 2016-17 and projected 2017-18 amounts are broken down in this way.

EXHIBIT 4
LICENSES, PERMITS, FEES AND FINES
(amounts expressed in thousands)

	Adopted Budget	Controller March 1, 2017 Estimated Receipts	
		FY 2016-17	FY 2017-18
Licenses, Permits, Fees and Fines	\$ 297,491	\$ 277,760	\$ 254,631
Services to Proprietary Departments	136,144	146,076	132,789
Reimbursement from Other Funds	489,847	454,650	478,049
Total Licenses, Permits, Fees and Fines	\$ 923,482	\$ 878,486	\$ 865,469

One of the major determining factors for the Reimbursements from Other Funds category is the indirect cost rates. The City calculates special funds' reimbursements of General Fund costs by using the federally-approved annual cost allocation plan (CAP) indirect cost rates. These rates are used in new or renewal applications, contracts, and billings for Federal grant activities and exclude costs disallowed by Federal regulations and/or auditors.

While these rates must legally be used for calculating overhead for Federal grant programs, payments wholly within the City do not. In an effort to seek out additional General Fund revenue, this Office is exploring the development of special overhead rates which expand recovery of General Fund costs that may be excluded due to Federal regulations but may be eligible otherwise. We look forward to discussing this possibility in the near future.

Recently, the Los Angeles Police Department was awarded a five-year, \$370 million contract to provide police services on an overtime basis to the Metropolitan Transit Authority. While this agreement is anticipated to generate \$74 million in annual revenue to the City, this is not included in our estimates, as it will necessarily be offset by the expenditures required to deliver the service.

Other Significant Revenues

Exhibit 5 depicts other revenues such as Franchise Income, Parking Fines, Power Revenue Transfer, and Ex-CRA Tax Increment. The revenue estimates are provided by various departments responsible for administration of the program(s) and/or collection and transmittal of the receipts to the General Fund.

EXHIBIT 5

OTHER SIGNIFICANT REVENUES (amounts expressed in thousands)

	Adopted	Controller March 1, 2017		% Change over FY2017

Ex-CRA Tax Increment	54,594	92,941	64,300	70.24%	17.78%

Franchise income is collected from City franchisees, including distributors of natural gas; cable TV operators; and others such as official police garages and taxicabs. It is estimated that 2016-17 revenue will be \$2.5 million or 5.9 percent above budget. The projected 2017-18 revenue are projected to increase by \$14.4 million over the 2016-17 estimate to \$59 million. Slightly lower than anticipated cable franchise income is offset by an increase of \$15.6 million in new Trash Franchise Fee. The City's Exclusive Franchise System for Commercial and Multi-Family Solid Waste Collection Program established a franchise system and fees for private haulers operating in the City, which will become effective during 2017-18.

Parking Fines are based on Department of Transportation (DOT) estimates. DOT anticipates that 2016-17 revenue will be \$11.1 million or 7.3 percent lower than the \$152 million budgeted amount and remain at that level in

2017-18. Parking Fine revenue has decreased noticeably every year since 2013, the last time citation amounts were increased.

The Power Revenue Transfer is set as a percentage of prior-year gross operating power revenue realized by the Department of Water and Power (DWP). DWP anticipates 2016-17 revenue to \$264.4 million, \$26.6 million below the budgeted amount, and 2017-18 revenue to \$245.0 million, or \$19.4 million below the 2016-17 estimate.

Current year Ex-CRA Tax Increment revenue is estimated at \$93 million, \$38 million above the \$54.6 million budget. Actual receipts through January exceed the plan by \$10 million. In addition, the City received a distribution of \$28.9 million from sale of property. It is projected that 2017-18 revenue will total \$64.3 million, a decrease of nearly \$29 million from the 2016-17 estimate. It is difficult to determine whether any distribution related to sale of property will occur next fiscal year.

General Fund Cash Flow

Current and Prior Year Experience

Due to the timing difference between receipts and expenditures, the Controller annually requests issuance of Tax and Revenue Anticipation Notes (TRAN) to ensure that the General Fund has sufficient cash to cover expenditures during the first half of the fiscal year. The Controller also has the ability to initiate Reserve Fund and interfund borrowing during the year for cash flow purposes. Exhibit 6 illustrates cash flow borrowings for 2007-08 through 2016-17.

Fiscal Year 2017-18 Tax Revenue Anticipation Notes (TRAN)

Annually, the Controller estimates an amount of borrowing needed to meet City short-term cash flow requirements in the first half of the next fiscal year. The Controller's Office will work with the Mayor and City Administrative Officer (CAO), as in prior years, to determine the amount of borrowing required and its source, as better information becomes available. However, given revenue and expenditure patterns, the likely cash flow borrowing requirement in 2017-18 is \$400 million, the same amount borrowed in the current fiscal year.

Debt

City Debt Policy

Exhibit 7 below illustrates the City’s debt service in relation to General Fund receipts and demonstrates compliance with the City’s debt management policies.

Note: FY 2013-14 to FY 2015-16 ratios are based on actual General Fund receipts. FY 2016-17 and FY 2017-18 ratios are based on estimated and projected receipts.

The City’s debt policy established maximum levels for voter and non-voter approved debt. Exhibit 8 below illustrates the City’s capacity to issue voter and non-voter approved debt. The maximum debt service level for non-voter approved debt is not to exceed six percent of General Fund revenues (with certain exceptions). As you can see, the City has managed its debt issuance very conservatively, with debt service well below the policy limits. Based on the current ratio of debt service to total projected receipts in 2017-18, the City has the capacity to issue additional non-voter approved debt with an annual debt service requirement of no more than \$124.0 million or 2.23 percent of General Fund receipts.

The City's total debt service level for voter and non-voter approved debt shall not be greater than 15 percent of General Fund revenues. After the \$124.0 million, the City has the capacity to issue voter approved debt with an annual debt service requirement of no more than \$379.4 million. A small amount of this capacity will be consumed by the issuance of general obligation bonds associated with Proposition HHH, which was approved by Los Angeles voters in November 2016.

(3) A total of \$1,447,680,000 in TRAN were issued on July 7, 2016, with final maturity of June 29, 2017. The amount of interest to be paid in 2017-18 will depend upon the size of the TRAN and interest rates at the time of sale. The size of the TRAN will depend upon the amount of cash needed for cash flow and budgetary decisions on advance funding of City pensions and retirement contributions.

The City strategically structures its various debt service schedules with the goal of stability. This means that, when one issuance is paid off and retired, payments are accelerated for other issuances. By scheduling the payments

this way, the City avoids large swings in debt service which can have negative budgetary impacts.

General Obligation Bond Payments

Exhibit 10 lists the City's General Obligation Bonds (GOB) debt service requirements for principal and interest for 2017-18. The total principal and interest requirements for 2017-18 are estimated at \$120.6 million. GOBs are general obligations of the City payable from ad valorem taxes levied upon all of the taxable property in the City. Taxes levied for the GOB debt service requirement are separate from the General Fund property tax revenue. The City issues GOB debt for capital improvement projects, including the acquisition of property and the construction of new facilities and improvements to existing facilities.

GOVERNMENT SPENDING LIMITATION

This schedule presents information with respect to compliance with Article XIII B of the State Constitution which provides for State and local government spending limitations, effective with the 1980-81 fiscal year. As originally approved, Article XIII B provided that "appropriations subject to limitation" shall not exceed the appropriations limit for the prior year adjusted for changes in the cost of living and population. "Appropriations subject to limitation" generally exclude appropriations from: user fees, except for proceeds exceeding the costs of providing the service; Federal grants; State mandated program reimbursements; and indebtedness funds. The costs of court and Federal mandates are also excluded. If the financial responsibility of providing a service is transferred to another agency or the financial source is transferred from other revenues to user fees, then the appropriations limit is to be decreased accordingly.

Article XIII B was significantly amended in 1990. The appropriations limit for 1990-91 shall be the limit for 1986-87 adjusted as follows: 1) The City may choose either the City or County population change each year; 2) The City may choose either the change in California per capita personal income or the change in the City's nonresidential new construction on the local assessment roll; 3) Appropriations for capital outlay projects (fixed assets with a useful life of ten or more years and a value of \$100,000 or more) may be excluded from the limit.

The following is a comparison of City appropriations limits and "appropriations subject to limitation." As provided by the 1990 amendments to Article XIII B, the calculation of the appropriations limit is reviewed as part of the City's annual financial audit.

This tabulation represents a distribution of the 2017-18 appropriations of City funds for general budget purposes according to City functions.

Appropriations distributed to specific programs are presented on the Supporting Data pages of Section 2 of the document.

Appropriations for General City Budget purposes and other funds estimated to be spent by departments (except for the proprietary departments) during the fiscal year are distributed according to subfunction of City government in the tabulation appearing in Section 6 of this document.

A consolidated statement of all departments of City government, including the Airports, Harbor, and Water and Power departments, appears also in Section 6 and shows the economic impact of the City's budget for the fiscal year.

*Appropriations totaling \$19,843,782 for Capital Improvements and Bond Redemption and Interest Costs are reflected in the Operating Budget column.

In some instances columns or rows may not total the exact amounts shown due to rounding.

*Appropriations totaling \$19,843,782 for Capital Improvements and Bond Redemption and Interest Costs are reflected in the Operating Budget column.

**See the "Federal and State Funding Estimates" schedule in Section 5 for details of grant funds (\$400,396,964). In some instances, grant funds are spent directly from special grant accounts. If budget appropriations are reimbursed, some duplication will exist between the columns entitled "Operating Budget" and "Grant and Other Funds." Other funds consist of departmental receipts under control of the Recreation and Parks and Library departments (\$46,408,000 and \$4,900,000, respectively).

Glossary and Index

GLOSSARY

Appropriation: A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation: The valuation set upon real estate and certain personal property in the City by the County Assessor as a basis for levying property taxes.

Authorized Positions: Regular positions authorized in the budget to be employed during the fiscal year.

Balance Available: Available cash balances at July 1 in special purpose funds that are projected to be unobligated from prior years and available for appropriation in the budget. The calculations are shown for each fund in Section 3 of the budget.

Board of Commissioners: Commissioners are appointed by the Mayor, subject to confirmation by the City Council, to manage operations for certain City departments. Each Board consists of five or more members.

Bond: A long-term IOU or promise to pay. It is a promise to repay a specific amount of money (the face amount of the bond) on a particular date (the maturity date) with interest. Bond proceeds are primarily used to finance capital projects.

Budget: A plan of financial activity for a specified fiscal year indicating all planned revenues and appropriations for the year.

Budget Stabilization Fund: The Budget Stabilization Fund was created to prevent overspending during prosperous years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue. Charter Amendment P established the Budget Stabilization Fund in the City Treasury. Requirements for transfers or expenditures from the Fund were established by ordinance.

Budget Summary Book: Supplement to the budget which concisely highlights items in the budget such as the budget goals, financial overview, and the departmental overview of its mission, goals, and budget considerations.

Bureau: A major division of the Department of Public Works responsible for certain tasks of the department such as construction and maintenance of public buildings, streets, bridges, sewers, storm drains, and related improvements. Each bureau is treated as a separate entity in the budget.

Capital Finance Administration Fund: A fund established to consolidate lease payments and related expenses from long-term financing obligations.

Capital Improvement Expenditure Program: Expenditures for the acquisition, construction, expansion, or rehabilitation of the City's physical plant (such as streets, sewers, and storm drains) and facilities (such as fire and police stations, libraries, and shops).

Certificate of Participation: A certificate of participation (which looks very much like a bond) represents a pro-rata share in the pledged revenue stream made by a public agency pursuant to a lease financing (or an installment purchase agreement), subject to appropriation.

Comprehensive Annual Financial Report: The annual publication of the City's financial condition at conclusion of the fiscal year. The report is prepared to conform to Generally Accepted Accounting Principles (GAAP) for governmental units and presents the financial data in conformity with the Adopted Budget.

Debt Policy: The City adopted a formal debt policy in August 1998 and revised it in April 2005. The debt policy establishes guidelines for the structure and management of the City's debt obligations. These guidelines include target and ceiling levels for certain debt ratios to be used for planning purposes as shown in the City Debt Policy Statement Schedule in Section 3 of the budget.

GLOSSARY

Debt Service: The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Department: A major administrative division of the City that indicates overall management responsibility for an operation or a group of related operations within a functional area. The responsibilities are indicated under the heading of its budget. A department often has more than one budgetary program and may have more than one source of funds.

Department of Airports: The Department, under its Board of Commissioners, is responsible for management, supervision, and control of all airports and airport facilities under the jurisdiction of the City of Los Angeles. It plans, constructs, and maintains its own buildings and controls its own funds in accordance with the City Charter. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Department of Water and Power: The Department, under its Board of Commissioners, is responsible for supplying the City and its inhabitants with water and electric energy. This is accomplished by constructing, operating, and maintaining works for importing water and electric energy throughout the City and in Mono and Inyo Counties and by importing electric energy from other western states. The Department fixes rates for water and electric service subject to approval of the City Council by ordinance. It controls its own funds and maintains an independent retirement, disability, and death benefit insurance plan. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Detail of Department Programs: Supplement to the budget book that identifies by department and program the incremental changes from one fiscal year to another fiscal year (also referred to as the Blue Book). The Blue Book also contains related departmental schedules including the Detail of Positions and Salaries, Contractual Services, and Travel Authority.

Encumbrance: An unpaid obligation incurred for current or future services such as for professional service, materials, equipment, and capital improvements.

Expenditure: A payment made for cost of services rendered, materials, equipment, or capital improvements.

Fee: A charge to the party who benefits directly from the City's service, such as individual building permit fees.

Financial Policies: The City adopted a formal set of financial policies to govern several areas of City financial management. The adopted financial policies include the following: Fiscal Policies, Fee Waiver Policy, Capital Improvement Program Funding Policy, Pension and Retirement Funding Policy, Reserve Fund Policy, Debt Management Policy, and General Fund Encumbrance Policy.

Fire and Police Pensions: The Department administers the provisions of the City Charter relative to service, disability, and dependents' pensions for members of the Fire and Police Departments and certain Harbor and Airports Police members. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Fiscal Year: The time period for the City budget, which begins on July 1 and ends on June 30 of the following year.

Function: A group of related budgetary programs across departmental boundaries and aimed at accomplishing a broad goal or major service. The details are shown in Section 6 of the budget.

Fund: A fiscal entity with revenues and expenditures that are segregated for the purpose of carrying out a specific purpose or activity.

GLOSSARY

General Fund: The fund for deposit of general receipts which are not restricted, such as property, sales and business taxes, and various fees. The General Fund also functions as a set of subfunds (primarily by departments) to track appropriations and expenditures.

General Obligation (G.O.) Bond: This type of bond is backed by the taxing power without limitation of the City and is paid from an ad valorem levy on property.

Grant: A contribution by a government or other organization to support a particular function.

Harbor Department: The Department, under its Board of Commissioners, is responsible for the management, supervision, and control of the Harbor District, operates the Port of Los Angeles, operates a pilotage service, and engages in the leasing of land and production of oil in the District. It constructs and maintains its own facilities and controls its own funds in accordance with the City Charter. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Los Angeles City Employees' Retirement System: The Department administers the provisions of the City Charter relative to the retirement, disability, and death benefits provided for all City employees, except the uniformed forces of the Fire and Police Departments and the Department of Water and Power. The budget is independent of the City's General Budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Modified Cash Budget: The basis of the general budget recognizing revenues upon receipt and appropriating planned expenditures and obligations for the fiscal year. Revenue is recognized when cash is received, regardless of when it is earned, whereas the appropriation is made for the planned operations during the concerned fiscal year.

Municipal Improvement Corporation of Los Angeles (MICLA): A finance corporation established for the purpose of lease or "lease purchase" arrangements to finance real property, capital equipment acquisition, or capital improvements through lease revenue bonds or certificates of participation.

Program: A group of related budgetary activities performed by a department to accomplish a function for which the City is responsible.

Property Tax (Ad Valorem): There are two distinct types of property tax levies authorized by State legislation, as follows: One Percent and General Obligation Bond Debt Service. The County administers the levies as assessor and tax collector.

Property Tax - One Percent: In essence, properties are valued and assessed at one percent of the market value except for certain adjustments. The City is entitled to its pro rata share of the County collection under a formula which was developed in 1978 after the major change to the tax structure under Proposition 13.

Proposition 13: State Proposition 13 limits the amount of ad valorem taxes on real property to one percent of full cash value (County Assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter) as determined by the County Assessor, except the additional ad valorem on bonded indebtedness for acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness.

Regular Position Authority: A position funded in the budget and approved for filling by ordinance. The need for this position is permanent.

Related Cost: A cost necessary for the functioning of a City department as a whole that is budgeted outside that department. Such costs include pensions, health insurance, utilities, pool vehicles, and custodial services.

GLOSSARY

Reserve Fund: The fund in which general unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The funds can be transferred into the budget for such purposes. Unallocated general revenue and unencumbered General Fund appropriations to departments at the close of the fiscal year are transferred into this fund. The Reserve Fund is comprised of two accounts - a Contingency Reserve Account and an Emergency Reserve Account. The Contingency Reserve Account is available to cover unexpected expenditures and/or General Fund revenue shortfalls upon authorization by the City Council. The Emergency Reserve Account, which is set at a minimum of 2.75 percent of the General Fund revenues, may not be used for funding unless the Mayor and City Council determine that there is an urgent economic necessity and conclude that no other viable sources of funds are available.

Reserve Fund Policy: The City adopted a Reserve Fund policy in 1998 which required the City to maintain a Reserve Fund (unreserved and undesignated) equivalent to two percent of General Fund revenues. In April 2005, the Policy was revised to increase the minimum Reserve Fund balance to five percent of the adopted budget General Fund revenues. This policy change was strengthened through the adoption of Charter Amendment P in the City's March 8, 2011 municipal election. Charter Amendment P established the Reserve Fund's Emergency and Contingency Reserve as Charter accounts and set a minimum balance for the Emergency Reserve account of 2.75 percent of General Fund receipts. Furthermore, this amendment set an "urgent economic necessity" threshold for when the Emergency Reserve can be spent, which requires the approval of at least two-thirds of the City Council and the Mayor.

Resolution Position Authority: A position funded in the budget and approved for filling by a Council resolution. The need for the position is expected to be temporary.

Revenue: Cash or credits the City receives during the fiscal year as income to finance general or restricted operations. They include items such as taxes, fees from specific services, interest earnings, and grants from the State or Federal governments.

Revenue Bond: This type of bond is backed only by the revenues from a specific enterprise or revenue stream, such as sewer revenues.

Revenue Outlook Book: Supplement to the budget which lists sources of General Fund revenue and includes graphs and pertinent financial data and detail of departmental receipts by class and source for each operating department.

Source of Funds: The section in the budget of each department or fund indicating how it is being financed whether from the General Fund or special purpose funds.

Special Purpose Funds: Funds that account for proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The budget schedules for these funds are included in Section 3, which lists the expenditure restrictions, revenue available, appropriations, and expenditures for three fiscal years.

Substitute Position Authority: A position not funded in the budget and approved for filling by a Council action. Positions are temporary, usually a year or less, and must be funded through departmental savings.

Surety Bond: An insurance policy obtained by the City to ensure that City bondholders are repaid. The surety replaces existing reserve funds on several outstanding Municipal Improvement Corporation of Los Angeles (MICLA) and Convention Center issuances.
