ESG Presentation for the City of Los Angeles

Terminal Island Water Reclamation Plant

88th & Vermont, Prop HHH

Presented by Natalie R. Brill, Chief of Debt Management
City Administrative Officer
March 9, 2020
Disclaimer

This Investors Presentation is provided as of March 9, 2020 as part of the Los Angeles 5th Regional Investors Conference 2020 organized by the City of Los Angeles ("City"). If you are viewing this presentation after March 9, 2020, there may have been events that occurred subsequent to such date that may have a material adverse effect on the financial information that is presented herein, and the City has not undertaken any obligation to update this Investor Presentation. All financial data and other information provided herein are not guaranteed as to completeness or accuracy and are subject to change without notice. This presentation is for general information only. You agree not to duplicate, copy, screen capture or electronically store this Investors Presentation, nor to produce, publish or distribute this Investor Presentation in any form whatsoever.

This Investors Presentation does not constitute a recommendation or an offer or solicitation for the purchase or sale of any security or other financial instrument, or to adopt any investment strategy. Any offer or solicitation with respect to the purchase or sale of any security of the City will be made solely by means of an Official Statement, which describes the actual terms of such security. This Investor Presentation is not an Official Statement. In no event shall the City be liable for any use by any party of, for any decision made or action taken by any party in reliance upon, or for any inaccuracies or errors in, or omissions from, the information contained herein and such information may not be relied upon by you in evaluating the merits of participating in any transaction mentioned herein. The City makes no representations as to the legal, tax, credit or accounting treatment of any transaction mentioned herein, or any other effects such transactions may have on you and your affiliates or any other parties to such transactions and their respective affiliates. You should consult with your own advisors as to such matters and the consequences of the purchase and ownership of any security. Nothing in this Investors Presentation constitutes a commitment by the City.

This Investors Presentation contains certain forward-looking statements. The achievement of certain results or other expectations contained in any forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Although the City believes that such expectations reflected in such forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. The City is not obligated and has not undertaken any obligation to issue any updates or revisions to the forward-looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based occur. With respect to any historical information included in the Investors Presentation, past performance is not indicative of future results.
Summary

City of Los Angeles
- Founded in 1781
- Second largest US City
- 2019-20 Budget of $10.7 billion
- Approx. 48,000 full-time City employees (includes proprietary departments)
- Population of approx. 4.04 million as of May 2019
- Area of 470 square miles

Outstanding Direct Debt as of January 1, 2020
Total: $2.21 billion
(Voter-Approved in Green)

- General Obligation Bonds 33.06%
- MICLA Real Property Leases 47.21%
- MICLA Equipment Leases 19.45%
- Judgment Obligation Bonds 0.28%

- Wastewater System has issued six series of Green Bonds for clean water and air quality projects.
- The City has issued one series of Social Bonds for Permanent Supportive Housing.
Mayor’s Decade of Action

- L.A.’s Green New Deal accelerates the following targets:
  - Supply 55% renewable energy by 2025; 80% by 2036; and 100% by 2045
  - Source 70% of our water locally by 2035, and capture 150,000 acre ft/yr (AFY) of stormwater by 2035
  - Reduce building energy use per square feet for all types of buildings to 22% by 2025; 34% by 2035; and 44% by 2050
  - Reduce Vehicle Miles Traveled per capita by at least 13% by 2025, 39% by 2035, and 45% by 2050
  - Ensure 57% of new housing units are built within 1,500 feet of transit by 2025; and 75% by 2035
  - Increase the percentage of zero emission vehicles in the city to 25% by 2025; 80% by 2035; and 100% by 2050
  - Create 300,000 green jobs by 2035; and 400,000 by 2050
  - Convert all city fleet vehicles to zero emission where technically feasible by 2028
  - Reduce municipal GHG emissions 55% by 2025 and 65% by 2035 from 2008 baseline levels, reaching carbon neutral by 2045

- Some of these targets may be issued as ESG bonds
## ESG Green Bonds

<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wastewater System Revenue Bonds, Series 2015-A</td>
<td>Wastewater System Revenue Bonds, Series 2015-C</td>
<td>$188,755,000 $100,835,000</td>
</tr>
</tbody>
</table>

- Both bond series financed “Green Projects” that provided environmental benefits to capital facilities within the Wastewater System.
- Of the Series 2015-A, at least $110.085 million of orders were placed from 8 investors who were interested buyers of Green Bonds.

<table>
<thead>
<tr>
<th>Bond Series 1</th>
<th>Bond Series 2</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wastewater System Subordinate Revenue Bonds, Series 2017-A</td>
<td>Wastewater System Subordinate Revenue Bonds, Refunding Series 2017-B</td>
<td>$227,540,000 $107,155,000</td>
</tr>
<tr>
<td>Wastewater System Subordinate Revenue Bonds, Refunding Series 2017-C (Taxable)</td>
<td></td>
<td>$115,455,000</td>
</tr>
</tbody>
</table>

- Financed or refinanced capital projects that provided environmental benefits and/or supported the City’s broader One Water LA 2040 plan, within the Wastewater System.
- Of the Series 2017 bonds, at least $139.9 million of investor orders took the Green Bond designation into consideration when ordering bonds. For Series 2017-A and B, $71.2 million of orders from 9 investor orders and for Series 2017-C, $63.7 million in orders from 5 investor orders.

<table>

<th>Bond Series 1</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wastewater System Subordinate Revenue Bonds, Series 2018-A</td>
<td>$219,700,000</td>
</tr>
</tbody>
</table>

- Financed “Green Projects” as part of a broad commitment to its One Water LA Plan in managing the City’s watersheds, water resources, and water facilities in an environmentally, economically and socially beneficial manner through 2040.
- Of the Series 2018-A, at least $99.82 million of orders were placed from 9 investors who were interested buyers of Green Bonds.
ESG Social Bonds

General Obligation Bonds, Series 2018-A  $276,240,000

• Financed “Social Projects” consistent with Proposition HHH, passed by the voters, to address the needs of persons experiencing homelessness, chronic homelessness or who are at risk of homelessness, and generally to comport with The Social Bond Principles promulgated by the International Capital Market Association (“ICMA”).

• Of the $276.24 million in Social Bonds, the Social designation was indicated by 4 investors who placed $55.6 million of orders, or 30.5% of all investors orders.

• The City received the 2019 Social Bond Award from Environmental Finance for these Bonds.
The Revised Debt Management Policy recommends the use of Green, Social, and Sustainability Bonds as follows:

- Any type of bond instrument where the proceeds will be exclusively applied to eligible environmental and social projects or a combination of both.

- When determining whether to designate a bond issuance or transaction with a special designation such as Green, Social, or Sustainable, the City should examine and agree to comply with reporting (i.e. impact reporting) and disclosure requirements associated with the special designation.

- Prior to issuing a bond with a special designation, the City should determine if any independent/external review will be used such as a second party opinion, verification, certification, or bond scoring/rating process. These reviews will be made publically available.

- Bonds with special designations may require additional reporting and disclosure. The City may choose to issue bonds with a special designation even when there is no additional pricing benefit based on other benefits:
  - A greater diversification of the City’s investor base that may result in potential increased demand and future premium pricing.
  - An alignment with the City’s broader goals on environmental and social issues.
