INTER-DEPARTMENTAL CORRESPONDENCE

Subject: **TECHNICAL CORRECTION FOR THE BUILDING TRADES RANK AND FILE REPRESENTATION UNIT (MOU 2) - ARTICLE 6.7 PREMIUM PAY NOTES**

The following technical correction is being made to the last paragraph of Article 6.7 for the Building Trades Rank and File bargaining unit. The described additional compensation is pensionable. The inclusion of identifying additional compensation as pensionable or not was a part of the 2015-2018 MOU process and "non-pensionable" was mistakenly entered into the language of this article. Immediately below is the current incorrect language followed by the corrected language thereafter.

Current MOU Article 6.7 Premium Pay Notes last paragraph reads:

Employees in any unit class, when regularly assigned, as defined in Section 4.75 of the Los Angeles Administrative Code, to perform maintenance, service or repair of motor sweepers or of sewage disposal facilities and equipment, or cleaning catch basins, or transporting sewage or catch basin debris more than 50% of a work day, shall receive, for each day so assigned, **non-pensionable** salary at the appropriate step of the second premium level above the salary range prescribed for the class.

Corrected MOU Article 6.7 Premium Pay Notes last paragraph shall read:

Employees in any unit class, when regularly assigned, as defined in Section 4.75 of the Los Angeles Administrative Code, to perform maintenance, service or repair of motor sweepers or of sewage disposal facilities and equipment, or cleaning catch basins, or transporting sewage or catch basin debris more than 50% of a work day, shall receive, for each day so assigned, salary at the appropriate step of the second premium level above the salary range prescribed for the class. **Pensionable when regularly assigned; non-pensionable when assigned on a daily basis.**
