

REPORT FROM

OFFICE OF THE CITY ADMINISTRATIVE OFFICER

Date: June 3, 2022

CAO File No. 0590-00098-5227
Council File No. 21-0600
Council District: ALL

To: Eric Garcetti, Mayor
Nury Martinez, Council President
Paul Krekorian, Chair, Budget and Finance Committee

From: Matthew W. Szabo, City Administrative Officer

Reference: 2021-22 Budget

Subject: **FOURTH (YEAR-END) FINANCIAL STATUS REPORT**

SUMMARY

This Office is transmitting the Fourth (Year-End) Financial Status Report (FSR) for Fiscal Year 2021-22. This report provides an update on the current-year budget including projected departmental and non-departmental expenditures, the status of the Reserve Fund, updates on the American Rescue Plan Act (ARPA), 2021-22 revenue trends, and a discussion on issues of concern which may impact the City's finances.

As we close the books on our third fiscal year impacted by the COVID-19 pandemic, the City continues to regain its financial footing, although with diminished flexibility and potential future challenges related to inflation. Over the course of the fiscal year, we have had to tap into our General Fund reserves to protect critical City programs. The recommendations in this report further draw down on the Reserve Fund to cover unbudgeted expenditures. As some departments were able to use existing appropriations to reduce or eliminate overspending identified in the Mid-Year FSR, our recommended use of the Reserve Fund is less than the amount anticipated in that report. While we will retain healthy reserves as we close the year, it is paramount that we continue to exercise restraint in the use of our General Fund reserves in the upcoming year to ensure that we are prepared for the ongoing impact of the COVID-19 pandemic and other future unforeseen challenges.

Revenues through April are \$2.1 million above the revised plan and the revenue trends through April indicate that 2021-22 revenue will likely meet the revised estimates included in the 2022-23 Adopted Budget. There remains downside risk in grant receipts associated with the anticipated reimbursements from the Federal Emergency Management Agency (FEMA) for COVID-19 response efforts, which may be delayed to 2022-23.

We have identified \$31.21 million in expenditures above plan in the current year and \$2.79 million in additional General Fund appropriations that are required to supplement special fund revenue shortfalls for total overspending of \$34 million. The largest over-expenditures are due to Fire

Department sworn staffing costs, including costs for a fourth recruit class. Other significant over-expenditures are related to increased fuel and utilities costs for the General Services Department and insufficient funding in the Logistics Victory LA Fund to meet contractual obligations to purchase emergency supplies. In addition, several departments, report increased costs from inflationary pressures on fuel, materials, and other commodity prices. The impact from the recent increase in consumer prices is manageable as most departments that reported overspending attributed to inflation will be able to use savings in other accounts to fully address the overspending. We will continue to monitor these pressures in 2022-23. In this report, we provide an update on issues of concern that may impact the City's budget as we close the fiscal year, although the anticipated impact is anticipated to be minimal. These include costs associated with the Ninth Summit of the Americas, employee union negotiations, and inflation. This report recommends \$34 million in solutions to fully address the projected overspending, including a transfer of \$17 million from the Reserve Fund and \$5.58 million in Reserve Fund loans.

The Reserve Fund balance is \$452.19 million or 6.03 percent of 2021-22 General Fund revenue, after accounting for transactions approved since July 1 and the recommendations in this report. While this balance remains above the five percent Reserve Fund policy, the Reserve Fund balance has decreased \$34.94 million since the Mid-Year FSR, resulting from a continued trend of transfers from the Reserve Fund in 2021-22 to support critical City programs. We continue to recommend that the City take a cautious approach to using the Reserve Fund and refrain from using the Reserve Fund to fund new programs, program expansions, and service restorations at this time.

American Rescue Plan Act – State and Local Fiscal Recovery Funds Recommendations Nos. 6, 7, 8, 9, and 10

On March 11, 2021, President Biden signed the American Rescue Plan Act (ARPA) into law establishing the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund (SLFRF). The intent of these funds is to provide support to state, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

The Treasury released the “final rule” which went into effect on April 1, 2022 and provided additional guidance and flexibility on the eligible uses of the funding. These included expanding the list of uses for certain capital expenditures and support for public hiring and capacity, streamlining options to provide premium pay for essential workers, broadening eligible water, sewer, and broadband infrastructure projects, and simplifying the program for small localities included an option to elect a standard allowance for revenue loss rather than calculating the revenue loss through the full formula. We will continue to monitor and review the Treasury’s guidance and rules as they become available and will report to the Mayor and City Council in the event that updated regulations cause us to change any recommendations related to the City’s use of these funds.

The SLFRF provided the City with approximately \$1.28 billion in recovery funds. On May 18, 2021, the City received the first tranche of SLFRF totaling \$639,450,464. The City moved the first tranche of SLFRF funding into the General Fund revenue, which allowed the City to balance the 2020-21 General Fund budget without drawing on reserves or deficit borrowing. The City has not yet

received the second \$639,450,464 tranche of SLFRF as of this writing, although the legislation and Treasury Department had stated that jurisdictions should expect the second tranche one year after the first. Based on discussions with other jurisdictions, we believe the arrival of the second tranche is imminent. The 2021-22 Budget also treats those funds as General Fund revenue.

The CAO is responsible for administering the SLFRF funds and for preparing all required reports on behalf of the City. This Office submitted the second quarterly Project and Expenditure Report that was due to Treasury on April 30, 2022 which covered spending of approximately \$26.7 million from January 31, 2022 through March 31, 2021. In total, we have reported approximately \$344 million in spending to date.

General Fund Revenue

Attachment 1 – 2021-22 Adopted and Revised General Fund Revenue

Key Findings/Recommendations

- *Revenue data through April indicates that 2021-22 revenue, with minor variances, will likely meet the revised estimates considered with the adoption of the 2022-23 budget. April receipts are \$2.1 million above the revised plan.*
- *Receipts-to-date represent 70.1 percent of the revised General Fund revenue budget, and are 5.9 percent above General Fund receipts from this time last year.*
- *While total economy-sensitive receipts are higher than the previous years, receipts for transient and parking occupancy taxes remain well below the revenue trends that preceded the pandemic.*
- *Current downside risk includes the timely receipt of \$16.7 million in anticipated reimbursements for COVID-19 response efforts from the FEMA.*

2021-22 Revised Revenue

The 2021-22 Adopted Budget assumed approximately \$7.50 billion in General Fund revenue based on assumptions for a steady recovery from pandemic-era lows for economy-sensitive revenues during the first half of the fiscal year. This recovery occurred more quickly than assumed, with final 2021-22 revenue anticipated to close \$106.5 million (1.4 percent) above the adopted budget, for a revised budget of \$7.61 million.

Contributing to the increase in the revised budget are new highs in documentary transfer, business, and sales taxes (\$76.3 million, \$23.1 million and \$58.8 million above plan, respectively). The post-pandemic recovery for other economically sensitive revenues is less apparent. Despite the strong performance of documentary transfer and business taxes, property value growth in secured and unsecured receipts fell below conservative budget expectations, requiring a net \$61.2 million reduction to property-related revised revenue. Transient occupancy taxes (TOT), now expected to outperform adopted budget expectations by \$46.4 million, still remain below levels seen in 2015-

16. Parking-related revenues, which mirrored the TOT decline but not the recovery, have been reduced in the revised budget by a net \$14.0 million. Utility users' taxes and related revenues were revised upward by a net \$9.1 million, with the growth more directly tied to increasing fuel prices than the improving economy. After including the \$7.0 million increase to revised interest earnings from higher interest rates, the net economic add to the revised budget is \$164.0 million.

Offsetting reductions to the revised revenue budget include a net \$25.4 million decrease to departmental receipts to reflect changes in cost allocation plan rates, vacancies, salary assumptions and reimbursements, and a \$32.1 million reduction to grant revenue, primarily due to the delay in anticipated FEMA reimbursements. Table 1 and the discussion below summarize the 2021-22 Adopted and Revised General Fund Revenue Budget. Attachment 1 provides greater detail on variances from the revised budget plan.

Table 1. 2021-22 Revised General Fund Revenue Budget (in millions)

	Adopted	Revised	Change
Property Tax	2,400.3	2,323.0	(77.2)
Property Tax Ex-CRA Inc.	112.0	126.7	14.7
State Motor Vehicle License Fees	2.9	4.5	1.6
Residential Development Tax	4.8	4.5	(0.3)
Departmental receipts	1,244.8	1,219.3	(25.4)
Parking Fines	123.6	112.1	(11.5)
Parking Occupancy Tax	99.3	96.9	(2.4)
Special Parking Revenue Transfer	8.5	8.5	0.0
Transient Occupancy Tax	183.3	229.7	46.4
Documentary Transfer Tax	227.0	303.4	76.3
Business Tax	716.6	739.7	23.1
Sales Tax	606.6	665.4	58.8
Utility Users' Tax	605.1	623.6	18.5
Power Revenue Transfer	225.8	225.0	(0.8)
Franchise Income	94.7	104.2	9.5
Grant (non-FEMA) Receipts	12.5	13.9	1.4
FEMA Receipts	73.8	46.1	(27.7)
Interest Income	20.6	27.6	7.0
Tobacco Settlement	11.5	11.8	0.3
American Rescue Plan Transfer	639.5	639.5	0.0
Reserve Fund Transfer	85.1	85.1	0.0
Total General Fund	7,503.2	7,609.8	106.5

Property taxes, former CRA/LA distributions, motor vehicle license fees, and residential development tax: As reported previously, the County Assessor's forecasted growth City receipts

is 4.0 percent compared to 5.9 percent assumed in the adopted budget. The revised budget reduced the property tax estimate by \$77.2 million in line with actual receipts, with the difference from the previously reported estimate for property tax downside risk (between \$28 million and \$52 million) representing secured receipts that are now anticipated for July. The \$14.7 million increase to CRA/LA tax increment revenue reflects actual and anticipated receipts as estimated by the County Auditor-Controller. All receipts in this category are at or near the revised plan and expected to meet revised estimates by year-end.

Department receipts: Departmental receipts through April total \$811.6 million, and are \$757,000 below the revised plan. General Fund related costs and other reimbursements (-\$33.3 million) and MTA reimbursements (-\$13.7 million) are lower due to delayed receipts, and are partially offset by early receipts from proprietary receipts (\$18.0 million), ambulance billings (\$3.6 million), various fees (9.9 million), and other revenue (\$14.8 million). Total departmental receipts are expected to meet revised estimates by year-end.

Parking occupancy taxes, parking fines, and Special Parking Revenue Fund transfer: Parking-related revenues proved slower to recover after pandemic-driven closures and restrictions. Revised receipts in this category remain below 2018-19 revenue levels. April receipts for this category are at or near the revised plan and expected to meet revised year-end estimates.

Transient occupancy tax (TOT): In contrast to parking-related receipts, TOT receipts recovered more quickly in the first half of the fiscal year. The net revenue increase of \$46.4 million is attributed entirely to hotel activity, while short-term rental activity remains restricted in accordance with the home sharing ordinance. Total April receipts are \$3.3 million above the revised plan, with \$4.6 million in hotel receipts offsetting a \$1.3 million shortfall in short-term rental receipts. Total TOT is expected to meet the revised estimate by year-end.

Documentary transfer, business and sales taxes: These receipts are expected to surpass pre-pandemic highs and consequently added \$158.3 million to the revised budget (\$76.3 million, \$23.1 million and \$58.8 million, respectively). As home price appreciation and inflation are factors contributing to this growth, there is downside recessionary risk to these revenue sources. Documentary transfer tax receipts through April are \$1.7 million above the revised plan. Sales tax receipts are \$2.6 million below the revised plan. All three revenue sources are currently expected to meet the revised revenue budget.

Utility users tax (UUT) and Power Revenue Fund transfer: While electricity users tax (\$9.0 million) and the power revenue fund transfer (\$800,000) have been reduced in the revised budget to reflect actual and anticipated receipts, natural gas fuel prices have increased the gas users tax estimate (\$13.6 million). The communication users tax (CUT) estimate has also been increased by \$5.4 million; although this merely represents a lesser decline for this down-trending receipt. April receipts for this category are -\$707,000 below the revised plan, with lower gas users tax receipts (-\$1.0 million) partially offset by CUT. Total UUT is expected to meet the revised revenue budget by year-end.

Franchise Income: The increase in natural gas fuel prices have similarly increased the estimate for gas franchise revenue (\$4.4 million). Solid waste franchise revenue was revised upward by \$4.1 million per actual receipts, making the total increase to franchise revenue \$9.5 million. Revenue through April is \$9.4 million above the revised plan with the recording of cable television franchise receipts previously anticipated for June. Total franchise revenue is expected to meet the revised revenue estimate.

Grant receipts: Estimated grant revenue was reduced by \$32.1 million (\$27.7 million for disaster grant and \$4.3 million for departmental grant revenue). The disaster grant shortfall reflects the delay in anticipated reimbursements from the FEMA for testing and hospital surge activities, which are now included in the 2022-23 budget. The revised disaster grant estimate of \$46.1 million represents existing FEMA project obligations, of which \$29.4 million has been received to date. While the remaining \$16.6 million in FEMA reimbursements are still anticipated by year-end, there is downside risk that this money will be delayed to 2022-23 as well. Total grant receipts of \$7.0 million through April are \$1.4 million below the revised plan, attributed to lower department grant reimbursements for related costs.

Other receipts: Other significant changes to the revised budget include a \$7.0 million increase to interest earnings reflecting higher rates. The second and final American Rescue Plan Act recovery fund payment is anticipated for June.

Expenditures

Key Findings/Recommendations

- *This Office has identified approximately \$34 million in projected overspending and unfunded items across various departments and funds. Of this amount, \$2.79 million is due to additional General Fund appropriations required to supplement special fund revenue shortfalls.*
- *The recommendations in this FSR address full address the \$34 million in identified overspending.*

Based on expenditure data through the end of March 2022, this Office has identified \$34 million in projected overspending and unfunded items across various departments and funds. This amount is largely due to over-expenditures in the Fire (\$16.82 million) and General Services (\$11.27 million) departments. Most departments reported year-end surpluses due to salary savings and vacancies.

Year-end overspending is mostly due to the following categories (see detail in Table 2):

- Projected overspending of \$16.82 million in the Fire Department primarily due to the addition of a fourth recruit academy class, increased maintenance costs, support for COVID-19 operations, and reappropriation obligations reducing the availability of surplus funds to offset overspending.

- Projected overspending totaling \$11.27 million in the General Services Department due to increased fuel and utilities costs, and reappropriation and potential employee payout obligations reducing the availability of surplus funds to offset overspending.

(See Table 2 on next page)

Table 2. Year-End FSR Projected Overspending/Unfunded Expenditures (in Millions)

Departmental and Non-Departmental Overspending				
Department	Mid-Year FSR	Change	Year-End FSR	Reason
Animal Services	\$ 0.70	\$ (0.70)	\$ -	Overspending resolved due to a transfer from the Unappropriated Balance in the Mid-Year FSR and delayed hiring.
City Attorney	0.62	(0.62)	-	Overspending resolved due to transfers in the Mid-Year FSR and lower than anticipated contractual services, and office and administrative expenditures.
City Clerk	0.10	(0.10)	-	Overspending resolved due to a transfer from the Unappropriated Balance in the Mid-Year FSR, delayed hiring, and reduced estimated retirement payouts.
Fire	17.95	(1.13)	16.82	Overspending decrease primarily due to transfers from the Unappropriated Balance in the Mid-Year FSR. Figure shown also reflects \$4.09 million in reappropriation obligations reducing the projected surplus available to offset overspending and \$0.2 million in prior year special fund ineligible costs that must be reimbursed.
General Services	11.44	(0.17)	11.27	Overspending decrease primarily due a transfer from the Unappropriated Balance in the Mid-Year FSR and the identification of prior year funds available to offset petroleum overspending. Figure shown also reflects \$0.9 million in salary savings not available for budget balancing due to potential need to address employee payouts for unanticipated retirements and attrition, and \$0.5 million in reappropriation obligations reducing the projected surpluses available to offset overspending.
Housing	0.42	(0.14)	0.28	Overspending decrease due to reduced salary and lease costs for Proposition HHH, and lower than anticipated contract expenditures.
Information Technology Agency	2.36	(2.36)	-	Overspending resolved due to a transfer from the Reserve Fund for HRP overspending (C.F. 20-0313-S4).
Police	31.70	(31.70)	-	Overspending resolved by lower than anticipated expenditures in several accounts including the Salaries Sworn, Overtime Sworn, and Contractual Services accounts.
Bureau of Engineering	-	0.50	0.50	New overspending due to the one-time payments associated with the agreement with the Coalition of City Unions.
Bureau of Street Services	1.30	0.33	1.63	Overspending increase due to the one-time payments associated with the agreement with the Coalition of City Unions.
Non-Departmental				
General City Purposes	1.79	(1.08)	0.71	Overspending decrease primarily attributed to the delay of expenditures for the LA's Best program to 2022-23.
Human Resources and Payroll Project	11.90	(11.90)	-	Overspending resolved due to a transfer from the Reserve Fund for HRP overspending (C.F. 20-0313-S4).
Subtotal - Overspending	\$ 80.28	\$ (49.07)	\$ 31.21	
Special Fund Imbalances Requiring Potential General Fund Subsidy				
EI Pueblo	(0.75)	0.44	(0.31)	Decreased revenue shortfall due to transfer from the Unappropriated Balance in the Mid-Year FSR.
Logistics Victory LA Fund	-	(2.48)	(2.48)	New shortfall due to projected insufficient balance in the fund to meet contractual obligations.
Subtotal - SF Imbalances	\$ (0.75)	\$ 0.44	\$ (2.79)	
Total Year-End Overspending	\$ 81.03	\$ (49.51)	\$ 34.00	

Current Year Budget Balancing

As noted in Table 3 below, the recommendations in this report are expected to fully address projected year-end overspending of \$34 million.

(See Table 3 on next page)

Table 3. 2021-22 Budget Balancing Solutions

Year-End FSR Overspending	\$ 34.00	
Year-End FSR Recommendations		
UB - Zoo and El Pueblo Shortfalls	\$ 0.31	Transfer to the El Pueblo De Los Angeles Historical Monument Fund to address projected revenue shortfalls and ensure sufficient funding for operating costs.
UB - Fire Department Compensation Adjustments	1.35	Transfer to the Fire Department to address Salaries Sworn overspending.
UB - Reserve for Mid-Year Adjustments	14.74	Transfer to the Fire Department to address overspending in the Salaries General, Salaries Sworn, Unused Sick Time and Overtime Constant Staffing accounts.
UB - Reserve for Mid-Year Adjustments	0.20	Transfer to the Development Services Trust Fund to reimburse ineligible expenses for the Fire Inspection Management System and Brush Clearance modules.
UB - Reserve for Mid-Year Adjustments	9.45	Transfer to the General Services Department to address increased fuel and commodity costs, and utility usage.
UB - Reserve for Mid-Year Adjustments	0.28	Transfer to the Housing Department to address Proposition HHH salaries and leasing overspending.
UB - Reserve for Mid-Year Adjustments	0.50	Transfer to the Bureau of Engineering to address overspending due to the one-time payments associated with the agreement with the Coalition of City Unions.
UB - Reserve for Mid-Year Adjustments	0.88	Transfer to the Bureau of Street Services to address overspending due to the one-time payments associated with the agreement with the Coalition of City Unions.
UB - Reserve for Mid-Year Adjustments	0.71	Transfer to the General City Purposes to address Fire/Police Pension Defrayment and Medicare Contributions overspending.
Reserve Fund Loan - Fire	3.10	To address the delayed receipt of Medi-Cal IGT funds.
Reserve Fund Loan - Logistics Victory LA Fund	2.48	To address contractual obligations for the purchase of emergency supplies.
Subtotal	\$ 34.00	
Year-End Overspending	\$ -	

City Reserves

Key Findings/Recommendations

- After accounting for transactions approved since July 1 and the recommendations in this report, the Reserve Fund balance is \$452.19 million, which represents 6.03 percent of the General Fund budget.
- Based on the 2022-23 Adopted Budget, the Reserve Fund balance will be \$869.18 million (or 11.58 percent) by year-end. Of this amount, the City expects to reappropriate \$322.24 million, transfer \$72.79 million to the Budget Stabilization Fund, transfer \$16.65 million to the 2022-23 Budget, and return \$20.00 million in year-end advances. These actions reduce the Reserve Fund balance to \$477.50 million (or 6.41 percent) of the 2022-23 General Fund revenues on July 1.

The City maintains budgetary reserves designed to help manage its risks and ensure sufficient resources to meet contingencies. The City's General Fund reserves total approximately \$571.34 million or 7.62 percent of the total 2021-22 General Fund revenue.

Table 4. Total City Reserves

Reserves	Balance (In Millions)	%	6/30 Balance (estimate)	7/1/2022 Balance (estimate)	Purpose
UB, 2021-22 Reserve for Mid-Year Adjustments account	\$ --	0.00%	\$ --	\$24.30 (0.33%)	Available to address shortfalls that may arise throughout the year.
Reserve Fund	\$452.19	6.03%	\$869.18 (11.58%)	\$477.50 (6.41%)	Preserved for the most critical needs and matters of urgent economic necessity and are not to be used for ongoing expenses.
Budget Stabilization Fund	\$119.15	1.59%	\$119.24 (1.59%)	\$192.13 (2.58%)	Restricted for the maintenance of service levels during years of slow growth and declining revenue.
Total Reserves	\$571.34	7.62%	\$988.42 (13.17%)	\$693.93 (9.32%)	

Unappropriated Balance, 2021-22 Reserve for Mid-Year Adjustments

The transactions in the Mid-Year FSR left the Reserve for Mid-Year Adjustments Account depleted. This report includes recommendations to transfer \$17.0 million from the Reserve Fund and \$9.8 million from the Zoo and El Pueblo Revenue Shortfalls Account into the Unappropriated Balance, Reserve for Mid-Year FSR Adjustments Account, to replenish the account for a total available balance of \$26.8 million. This report recommends transferring the available balance in this account to address the remaining budget shortfall as described in Table 3.

Reserve Fund

Attachment 2 – Current Status of Reserve Fund

Recommendation Nos. 15, 17, 26, and 27

After accounting for transactions approved since July 1 and the recommendations in this report, the Reserve Fund balance is \$452.19 million, which consists of \$206.34 million in Emergency Reserve and \$249.27 million in Contingency Reserve. The Reserve Fund balance represents 6.03 percent of the General Fund budget, which is above the 5 percent Reserve Fund policy.

The Reserve Fund balance of \$452.19 million reflects a decrease from the Mid-Year FSR balance of \$487.13 million. Among the transactions contributing to the decrease and approved since the Mid-Year FSR are two loans related to Project Roomkey Program extensions totaling \$23.14 million (C.F. 20-0841-S21 and 22-0278-S1) and a transfer to fund the increased costs associated with the delay of the Human Resources and Payroll (HRP) project (C.F. 20-0313-S4).

This report also includes several transfers that reduce the Reserve Fund balance. This report includes a transfer to the UB, Reserve for Mid-Year Adjustments Account to address several departments' overspending and unfunded expenditures (\$17.00 million) and a transfer to the Bureau of Street Services to reimburse the Bureau for sidewalk repair projects pursuant to the MOU between the Bureau and Department of Water and Power (\$1.49 million). Additionally, this report recommends authorizing a \$3.10 million loan for the Fire Department to provide sufficient cash flow related to the Medi-Cal Intergovernmental Transfer Program (IGT). This Office expects this loan will be repaid upon receipt of reimbursements for this program. This report also recommends authorizing a \$2.48 million loan for the Victory LA Fund to meet the City's contractual obligation to purchase masks and disinfecting wipes to be sold to entities in need of personal protective equipment. Repayment of the loan is dependent on the amount that is available in the Fund once the City discontinues the program.

The reduction to the Reserve Fund is partially offset by a transfer of \$1.97 million from the Emergency Operations Fund to the Reserve Fund to return unexpended funding and released appropriations provided for COVID-19 pandemic response, civil unrest response, and the Emergency Management Performance Grant 2019.

The 2022-23 Adopted Budget projects that the Reserve Fund balance will be \$869.18 million (or 11.58 percent) by June 30, 2022. Among the various assumptions that increase the Reserve Fund balance include the receipt of loan repayments (\$14.19 million), special fund reimbursements

(\$9.00 million), General Fund reversions (\$380.31 million), Unallocated revenue (\$106.55 million), and the reversion of prior year encumbrances (\$12.50 million). Of this year-end amount, we estimate that the City will reappropriate \$322.24 million and return \$20.00 million in Charter Section 261i advances on July 1, 2022. The 2022-23 Adopted Budget also assumes a transfer of \$72.79 million to the Budget Stabilization Fund and \$16.65 million to the 2022-23 Budget. This will reduce the Reserve Fund balance to \$477.50 million, or 6.41 percent of the 2022-23 General Fund Revenues.

Budget Stabilization Fund

To supplement the Reserve Fund, the City established the Budget Stabilization Fund (BSF) as part of the 2008-09 Budget to prevent overspending during prosperous years and to provide resources to help maintain service levels during lean years. The current balance in the Budget Stabilization Fund is \$119.15 million.

Issues of Concern

Key Findings/Recommendations

- *Additional internal and external factors that may have an impact on the City include employee union negotiations and the impact of inflation on operational costs.*

Employee Union Negotiations

In 2021, several labor organizations re-negotiated closed Memoranda of Understanding (MOUs) with the City, which resulted in the extension of the length of the MOUs, deferral of wage increases, and provisions to re-open MOUs to meet and confer over wages prior to the new MOU expiration dates. Bargaining units affiliated with the Coalition of City Unions (Coalition) and the Fiscal and Policy Professionals Association reached an agreement to pay bargaining unit members a cash amount equal to the value of deferred wages. The payments are to be paid in two equal installments in 2021-22 and 2022-23. Unless we state otherwise in this report departments will be able to absorb the 2021-22 payments and, where they cannot, this report includes any necessary transactions. The 2022-23 Budget includes adequate funding for the anticipated 2022-23 payments.

Impact of Inflation on Operational Costs

Over the last year, the Bureau of Labor Statistics reports that the Consumer Price Index (CPI) rose by 8.3 percent over the last 12 months as of the end of April. The CPI measures the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services, including fuel, shelter and food prices, which is commonly used to measure inflation. The reported 8.3 percent CPI increase represents a 40-year high for CPI increases. Several departments have reported that the observed cost increases have driven overspending for petroleum, construction materials, and grain purchases. So far, departments have largely been able to offset these costs without requiring additional appropriations. We anticipate that this level of inflation will continue and drive additional overspending for petroleum and other commodities that the City purchases in 2022-23. We cannot calculate the impact of this additional inflationary

pressure on City costs at this time. This Office will work with departments to monitor expenditures impacted by increased inflation and report in the 2022-23 First FSR. The risk of overspending driven by inflation further underscores the need to maintain the City's reserves, as they may be needed to offset potential future overspending driven by inflation in 2022-23.

Budgetary Adjustments

Budgetary adjustments totaling approximately \$82.38 million are recommended in Sections 1, 2, 5, 6, and 7 of this report which include:

- \$26.20 million in new appropriations;
- \$26.89 million for transfers between accounts within various departments and funds;
- \$32.87 million for transfers between various departments and funds;
- \$39.40 million in appropriations from the Unappropriated Balance;
- \$143.55 million in reductions to special fund appropriations
- \$18.49 million in transfers from the Reserve Fund
- \$5.58 million in Reserve Fund loans
- \$70.63 million in General Fund reappropriations
- \$3.85 million in Special Fund reappropriations
- \$2.02 million in other adjustments to departmental appropriations

- 11 2022-23 Special Fund Reappropriations
- 12 Exemptions from General Fund Encumbrance Policy

RECOMMENDATIONS

(Refer to Discussion Sections 1, 2, 5, 6, and 7)

That the Council, subject to approval of the Mayor:

1. Appropriate \$26,197,832.99 to various department and fund accounts as specified in Attachment 3;
2. Transfer \$26,885,747.33 between accounts within various departments and funds as specified in Attachment 4;
3. Transfer \$32,867,013.35 between various departments and funds as specified in Attachment 5;
4. Transfer \$39,402,502.56 from the Unappropriated Balance to various departments and funds as specified in Attachment 6;
5. Exempt up to \$55,869,100.91 million in Financial Management System prior-year encumbrances from the General Fund Encumbrance Policy as per Attachment 12 with the final amounts to reflect the most current encumbrance balance as of June 30, 2022;

American Rescue Plan Act

6. Establish a new account within the American Rescue Plan Act Fund, No. 64M, Account 10V907 entitled Transfers to the General Fund;
7. Deposit receipts totaling up to \$639,450,464 that the City receives pursuant to the American Rescue Plan into the American Rescue Plan Act Fund, No. 64M;
8. Following deposit of the American Rescue Plan Act relief funds into the American Rescue Plan Act Fund, No. 64M, appropriate the full balance within the Fund to the Transfers to the General Fund Account No. 10V907;
9. Transfer the full balance of the American Rescue Plan Act Fund, No. 64M, Account No. 10V907, Transfers to General Fund to General Fund revenues, Fund 100, Department 62, Revenue Source Code 5669 – Interfund Operating Transfer – American Rescue Plan; and,
10. Transfer the available cash balance within the American Rescue Plan Act Fund, No. 64M, Account No. 10V907, Transfers to the General Fund to General Fund revenues, Fund 100, Department 62, Revenue Source Code 5669 – Interfund Operating Transfer – American Rescue Plan.

City Administrative Officer

11. Authorize the Controller to disencumber \$264,514.47 in Fiscal Year 2015-16, 2016-17, 2017-18, 2019-20, and 2020-21 encumbered balances for various insurance contractors within the Insurance and Bonds Premiums Fund No.46S/10 as listed below and revert

\$264,514.47 to the Reserve Fund No. 101 and transfer therefrom to the Unappropriated Balance No. 100/58 and appropriate therefrom to the Insurance and Bonds Premiums Fund No. 46S/10, BFY 2022, Account No. 100230 Insurance and Bonds Premiums for insurance premium payments.

<u>FY</u>	<u>Document ID</u>	<u>Vendor Name</u>	<u>Amount</u>

		Total:	\$264,514.47

12. Authorize the Controller to transfer up to \$400,000 to various departmental accounts from General City Purposes Fund 100/56, Account TBD, Summit of the Americas Contingency, upon the review of expenditure documentation and recommendation of the CAO, and the approval of the Mayor's Office outlining the amount and departmental accounts to be reimbursed.
13. Authorize the City Administrative Officer to recognize Federal Emergency Management Agency grant receipts up to \$46,051,575, subject to the amount deposited in the City Treasury as of June 30, 2022, and transfer a like amount from the Disaster Assistance Trust Fund No. 872/10, Account No. 10V813, Federal Disaster Assistance, to the General Fund No. 100/62, Revenue Source Code No. 5425, Disaster Cost Reimbursement from Federal Government.

Fire

14. Approve an equipment list deviation in the MICLA 2021-22 Adopted Budget to revise the planned purchase of three Air Operations tugs for one Tire Service emergency vehicle due to urgent replacement needs.
15. Authorize a Reserve Fund loan in the amount of \$3,100,000 for the Fire Department Fund 100/38, Salaries Sworn Account No. 001012 to pay for sworn deployment costs initially anticipated to be reimbursed by the Medi-Cal Intergovernmental Transfer Fund as the reimbursement has been delayed until Fall 2023. This loan will be repaid upon receipt of the Medi-Cal Intergovernmental Transfer Fund reimbursements.

General Services

16. Authorize the Controller to disencumber up to \$1,300,000 in 2020-21 encumbered balances within the General Services Department Fund No. 100/40, Account No. 003230, Petroleum Products, revert \$1,300,000 to the Reserve Fund No. 101, transfer therefrom to the Unappropriated Balance Fund No. 100/58, and appropriate therefrom to the General

Services Department Fund No. 100/40, Account No. 003230, Petroleum Products, to address current year expenditures above plan.

17. Authorize a Reserve Fund loan in the amount of \$2,478,000 for the Logistics Victory LA Revolving Fund No. 63E/40, Account No. 409955, Logistics Acct for Purchase of Medical Equip and Supplies to meet the City's contractual obligation to purchase emergency supplies. This loan will be repaid from sale proceeds from the sale of emergency supplies.

18. Relative to the projected shortfall in the Special Gas Tax Improvement Fund No. 206/50 associated with increased fuel costs:

- A. Reduce appropriations in the amount of \$125,000 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V140, General Services; and,
- B. Reduce appropriations in the amount of \$125,000 in the General Services Fund No. 100/40, Account No. 001010, Salaries General.

Housing Department

19. Decrease appropriations totaling \$867,053.38 from the Los Angeles Housing Department Fund No. 100/43, Account No. 001010, Salaries General, and decrease corresponding appropriations from the following funds and accounts:

- A. Decrease appropriation in the amount of \$165,607.19 within the Community Development Trust Fund No. 424/21, Account No. 21V143, Housing Department;
- B. Decrease appropriation in the amount of \$81,242.90 within the HOME Investment Partnerships Program Fund No. 561/43, Account No. 43V143, Housing Department.
- C. Decrease appropriation in the amount of \$12,826.09 within the Foreclosure Registry Trust Fund No. 56V/43, Account No. 43V143, Housing Department.
- D. Decrease appropriation in the amount of \$39,719.49 within the Affordable Housing Trust Fund No. 44G/43, Account No. 43V143, Housing Department.
- E. Decrease appropriation in the amount of \$25,514.26 within the Housing Production Revolving Fund No. 240/43, Account No. 43V143, Housing Department.
- F. Decrease appropriation in the amount of \$298,447.83 within the Municipal Housing Finance Fund No. 815/43, Account No. 43V143, Housing Department.
- G. Decrease appropriation in the amount of \$243,695.62 within the Housing Impact Fund No. 59T/43, Account No. 43V143, Housing Department.

20. Relative to reducing appropriations in prior-year accounts to align appropriations with available cash balance:

- A. Reduce appropriation within the Affordable Housing Trust Fund No. 44G/43 as follows:

Account	Account Name	Amount
43M357	Local Funding for Affordable Housing	\$5,008,880.31
43M411	Unallocated	377,581.00
43N411	Unallocated	6,391,891.00
43P411	Unallocated	380,556.00

43T411	Unallocated	6,432,706.00
43T158	Unappropriated Balance	184,000.00
	Total	\$8,828,021.15

Police

21. Correct the FY 2020-21 Police Department Reversion Worksheet as the STC expenditures should be allocated to the General Fund. Authorize the reversal of the reversion amount of \$85,022.67 from Reserve Fund to Standards for Training and Corrections Trust Fund No 41Y/70 and appropriate therefrom to the Standards for Training and Corrections Trust Fund No. 41Y/70, Account No. 70T170, Police as part of a correction to the 2020-21 Police Department Reversion Worksheet.

Public Works – Board

22. Transfer \$54,246.17 from Information Technology Agency (ITA) Fund No. 100/32, Account No. 003040, Contractual Services to Public Works Trust Fund No. 834/50, Account BSA 1370, Advance to Other Funds to partially repay the Public Works Trust Fund loan for the Compete4LA Procurement Portal. Attachment 6 includes a transfer of \$54,246.17 from the Unappropriated Balance, Public Works Trust Fund Loan Repayment Account to ITA's Contractual Services Account as part of this loan repayment.

Public Works – Bureau of Sanitation

23. Encumber the General City Purposes Fund No. 100/56, Account Nos. 000855 and 000856 balances appropriated for the Life Rate Program and Solid Waste Fee Reimbursement, respectively, to pay 2021-22 invoices.

Public Works – Bureau of Street Lighting

24. Relative to the projected shortfall in the Special Gas Tax Improvement Fund No. 206/50 associated with increased fuel costs:

- A. Reduce appropriations in the amount of \$500,000 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V184, Bureau of Street Lighting; and,
- B. Reduce appropriations in the amount of \$500,000 within the Bureau of Street Lighting Fund No. 100/84, Account No. 001010, Salaries General.

Public Works – Bureau of Street Services

25. Reduce appropriations in the amount of \$1,885,516 within the Proposition C Anti-Gridlock Transit Fund No. 540/94, Account 94V186, Bureau of Street Services and reduce corresponding appropriations in the amount of \$1,885,516 within Bureau of Street Services Fund No. 100/86, Account No. 001010, Salaries General, to align appropriations with projected expenditure patterns through year end.

26. Transfer \$1,492,437 from Reserve Fund No. 101 to the Unappropriated Balance Fund No. 100/58, and appropriate therefrom to the Bureau of Street Services Fund No. 100/86, Account No. 001010 Salaries General (\$632,437), Account No. 001090 Overtime General (\$600,000), and Account No. 003040 Contractual Services (\$260,000) to reimburse the Bureau for Sidewalk Repair projects pursuant to the MOU between the Bureau and LADWP. The LADWP revenue for this work was booked as General Fund revenue, but an offsetting appropriation to the Bureau was not included in the 2021-22 Adopted Budget. The LADWP revenue was included for overall City budget balancing and a transfer from the Reserve Fund is needed to reimburse the Bureau

Reserve Fund

27. Transfer and appropriate \$17,000,000 from the Reserve Fund No. 101 to the Unappropriated Balance Fund No. 100/58, Account No. 580196, Reserve for Mid-Year Adjustments for budget balancing.

Special Gas Tax Improvement Fund

28. Relative to the projected shortfall in the Special Gas Tax Improvement Fund No. 206/50 associated with increased fuel costs, reduce appropriations in the amount of \$8,884,089 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V299, Reimbursement to the General Fund. This recommendation is consistent with the General Fund revenue assumptions of the 2022-23 Adopted Budget.

Various Actions for Fiscal Year 2022-23

29. Instruct the City Clerk to place on the agenda of the first regular Council meeting on July 1, 2022, or shortly thereafter, the following instructions:

Reappropriations/Appropriations

- A. Reappropriate up to the specific General Fund amounts noted, from the unencumbered balance remaining in the funds and accounts identified in Attachment 10 of the 2021-22 Year-End Financial Status Report in the same amount and into the same accounts as exist on June 30, 2022, for the purposes noted therein.
- B. Reappropriate up to the specific special fund amounts noted, from the unencumbered balance remaining in the special fund and accounts identified in Attachment 11 of the 2021-22 Year-End Financial Status Report in the same amount and into the same accounts as exist on June 30, 2022, for the purposes noted therein.

Fire

- C. Relative to the 2017 Staffing for Adequate Fire and Emergency Response (SAFER) grant:
 - i. Transfer appropriations corresponding to FY 17 SAFER Grant funds, as needed, from Fund No. 335/38, Account No. 38909R, 2017 FEMA SAFER Grant, to FY 2022-23, Fire Fund No. 100/38, Account No. 001012, Salaries Sworn, or Account 1030, Sworn Bonuses, or Revenue Source Code 5161, Reimbursement of Prior Year Salary, as appropriate, upon submission of proper documentation by the Los Angeles Fire Department (LAFD), subject to approval of the City Administrative Officer (CAO), of direct costs incurred during the grant performance period; and,
 - ii. Transfer 2017 SAFER Grant funds from Fund No. 335/38 to FY 2022-23, Fire Fund No. 100/38, Revenue Source Code 5346, Reimbursement of Related Costs from Grants, or Revenue Source Code 5331, Reimbursement of Related Costs – Prior Year, as appropriate, for fringe benefits and related costs upon submission of proper documentation by LAFD, subject to CAO approval, of related costs incurred during the grant performance period.

- D. Relative to the Emergency Medical Transportation (GEMT) Quality Assurance Fee (QAF) Program:
- i. Transfer \$6,700,000, or an amount as otherwise approved in the FY 22-23 Adopted Budget for the GEMT Quality Assurance Fee Program, from the Unappropriated Balance to Fund 100/38, Account 003040, Contractual Services, to fulfill quarterly payments to the State, in accordance with deadlines to be determined, for the GEMT Quality Assurance Fee (QAF) program.
 - ii. Make quarterly payments for the GEMT/QAF in accordance with deadlines established by the State, upon receipt of invoices, and report back on the status of the program in subsequent FSRs.
- E. Transfer \$340,257 from Fund No. 298/38, Account No. 38V232, Communications Labor, to the Information Technology Agency (ITA) Fund No. 100/32, Account No. 001100, Hiring Hall Salaries, for the installation of communication equipment in Fire Department vehicles, and authorize the Controller to reimburse the General Fund upon receipt of ITA labor services invoices from MICLA.
- F. Authorize a transfer of \$3,000,000 from the Unappropriated Balance Fund No. 100/58, Account No. 580274, Mutual Aid Overtime to Fire Department Fund No. 100/38, Account 001092, Sworn Overtime, for sworn resources deployed outside the City during peak wildfire periods which usually occur from early summer through the end of the calendar year. Mutual aid reimbursements can be expected throughout the year and are captured as revenue to the General Fund.

Housing Department

- G. Authorize the Controller to disencumber up to \$500,000 in Fiscal Year 2021-22 encumbered balances for Contract No. C-138260, Legal Aid Foundation of Los Angeles (LAFLA) (SC 43 CO21138260Y) within the Housing Department Fund No. 100/43, Account No. 003040, Contractual Services, and revert \$500,000 to the Reserve Fund No. 101, to be reappropriated therefrom to the 2022-23 Housing Department Fund No. 100/43, Account No. 003040, Contractual Services to continue funding the LAFLA Contract No. C-138260 for the continuation of eviction defense services in 2022-23.

Liability Claims

- H. Transfer \$4,520,250 from Unappropriated Balance Fund No. 100/58, account number to be determined, California False Claims Act Settlement to the following accounts:
- i. \$1,250,000 to the Office of City Attorney Fund No. 100/12, Account No. 009301, City Attorney Outside Counsel for fees and expenses pursuant to the contingency fee agreement;

- ii. \$3,020,000 to Liability Claims Fund No. 100/59, Account No. 009999, Miscellaneous Qui Tam Liability Payouts for a settlement with Communications Brokers & Consultants, Inc. and the minimum statutory qui tam share for Mr. Richard Knudsen; and,
 - iii. \$250,250 to the Consumer Protection Trust Fund No. 550/12, Account No. 12T307, False Claims Receipts to support ongoing investigation and prosecution of false claims.
- I. Authorize the City Attorney to draw a demand from Liability Claims Fund No. 100/59, Account No. 009999, Miscellaneous Qui Tam Liability Payouts, as follows:
- i. Communications Brokers & Consultants, Inc. in the amount of \$1,445,000; and
 - ii. Mr. Richard Knudsen, in the amount of \$1,575,000.
- J. Authorize the City Attorney, or designee, to make necessary technical adjustments to the Liability Claims recommendations of this report (Recommendations 28, H. and I.), subject to the approval of the City Administrative Officer, and authorize the Controller to implement the instructions.

Technical

30. Authorize the CAO to make technical corrections as necessary to those transactions included in this report to implement Mayor and Council intentions.

FISCAL IMPACT STATEMENT

A total of \$31.21 million in projected over-expenditures and \$2.79 million in additional General Fund appropriation required to supplement special fund revenue shortfalls are identified in the Year-End (Fourth) Financial Status Report. Transfers, appropriations, and other budgetary adjustments totaling approximately \$82.38 million are recommended in Sections 1, 2, 5, 6, and 7 of this report. This includes \$26.8 million in transfers from the Unappropriated Balance Reserve for Mid-Year Adjustments Account, \$18.49 million in transfers from the Reserve Fund, and \$5.58 million in Reserve Fund loans.

FINANCIAL POLICIES STATEMENT

The recommendations in this report comply with the City's Financial Policies as the recommended transactions use current revenues and balances to pay for current operations.

DEBT IMPACT STATEMENT

There is no debt impact to the General Fund as a result of the recommendations in this report as there are no new debt issuance authorizations recommended.

DISCUSSION

The following is a discussion regarding the recommendations included in the report and other budget related items. The discussion is presented in the following sections:

Section 1. Status of Departmental Budgets	24
Section 2. Status of Non-Departmental Funds and Special Accounts	67
Section 3. Status of Employment.....	73
Section 4. Status of State Budget.....	73
Section 5. Special Gas Tax Improvement Fund	74
Section 6. Ninth Summit of the Americas	75
Section 7. Exemptions from General Fund Encumbrance Policy	76

1. STATUS OF DEPARTMENTAL BUDGETS

This section addresses the status of department expenditures and revenues, presents projected year-end overspending, and highlights issues of concerns. Recommendations include new appropriations, special fund reappropriations, and transfers for operational needs.

A. Aging

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end surplus of \$969,235, comprised of a \$91,835 General Fund surplus and a \$877,400 special fund surplus. The projected surplus is \$358,260 higher than previously reported in the Mid-Year FSR, due to existing vacancies and the receipt of additional grant funding for salary expenses. This Office recommends transferring a portion of the General Fund Salaries General Account surplus to pay down banked and anticipated year-end overtime expenditures. Any unspent grant funds will be returned to the grantor at year end.

The Department anticipates meeting its revised General Fund revenue budget of \$282,322.

Unappropriated Balance, Senior Meals Expansion

The 2021-22 Adopted Budget provides \$10 million in one-time funding in the Unappropriated Balance for the expansion of the Senior Meals Program. On February 2, 2021, the City Council approved the Department's proposal for this program, which is consistent with the use of one-time funds (C.F. 22-0080). The expansion program launched on February 28, 2022. The start of the program has been slow due to the delay of the web portal to enroll seniors. The Department is working with ITA to expedite the launch of the web portal and once it launches, the Department will conduct outreach and marketing efforts in order to process and enroll additional seniors. With the

additional seniors, the Department anticipates spending most of the \$10 million in funding by year end.

This Office recommends the following transaction at this time:

- Transfer \$92,000 from the Department's Salaries General Account to the Overtime General Account to pay down banked and anticipated year-end overtime expenditures.

B. Animal Services

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end surplus of \$204,200, comprised of net General Fund expenditures within budget and a \$204,200 special fund surplus. The projected surplus differs from the previously reported net over-expenditure of \$599,641 reported in the Mid-Year FSR, which is primarily due to a transfer from the Unappropriated Balance recommended in the Mid-Year FSR and delays in hiring.

The net zero General Fund projection is primarily due to a surplus in the Salaries General Account (\$405,399), offset by over-expenditures in the Contractual Services (\$200,406), Animal Medical Supplies (\$72,584), and Animal Food/Feed and Grain (\$135,000) accounts. The Salaries General Account surplus is due to vacancies in the Department and delayed hiring. The Contractual Services over-expenditure is due to unanticipated cost increases for the installation of a surveillance system at the North Central Animal Shelter, cellphone replacements, and software license renewals. The projected over-expenditures in the Animal Medical Supplies and Animal Food/Feed and Grain accounts are due to inflationary pressures on commodity costs.

The projected special fund surplus is comprised of surpluses in the Salaries General Account (\$98,468) due to vacancies in the Department and hiring delays, and the Salaries As-Needed Account due to lower projected as-needed staff costs eligible for General Fund reimbursement by the Animal Sterilization Fund. This Office recommends transfers from accounts with projected surpluses to address the projected over-expenditures.

Animal Sterilization Fund

The Mid-Year FSR projected a year-end balance of \$116,006 in the Animal Sterilization Fund, due to a recalculation of the \$1.65 million General Fund appropriation provided to the Spay and Neuter Program in the 2021-22 Adopted Budget. The Department now projects a surplus of \$370,780 in the Animal Sterilization Fund. This increase is primarily because of additional unanticipated revenue from donations (\$60,000) and grants (\$79,000), and license fee subsidy revenue due to additional staffing in the Licensing Section (\$12,000).

This Office projects a revenue shortfall of \$261,424 from the Department's revised General Fund revenue budget of \$3,581,424. This revenue shortfall is due to decreased breeder's license, film permits, and animal regulation fees associated with the implementation of the COVID-19 Safer at Home order and position vacancies within the Department.

This Office recommends the following transactions at this time:

- Transfer \$72,548 from the Salaries, General account to the Animal Medical Supplies Account to offset increased costs for animal medical supplies.
- Transfer \$135,000 from the Salaries General Account to the Animal Feed and Grain Account to address increased pet food costs.
- Transfer \$200,406 from the Salaries General (\$197,851), Uniforms (\$1,313), and Transportation (\$1,242) accounts to the Contractual Services Account to offset unanticipated expenditures to complete the surveillance system installation work at the North Central Animal Shelter, cellphone replacement project, and software license renewals.

C. Building and Safety

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a year-end surplus of \$17.14 million, which consists of a special fund surplus of \$17.07 million in the Salaries General Account and a General Fund Surplus of \$71,000 in the Printing and Binding Account. The projected year-end special fund surplus is approximately \$0.51 million lower than previously reported in the Mid-Year FSR, due to the one-time payment associated with agreement with the Coalition of City Unions and vacancies within the Department. The projected General Fund surplus in the Printing and Binding Account is due to historical spending patterns and current expenditures.

The Department projects a revenue shortfall of \$2.3 million from the Department's revised General Fund revenue budget of \$60 million. The shortfall is due to the ongoing COVID-19 pandemic and the Mayor's Tolling Order, which waives some Non-Compliance fees, Code Enforcement Inspection fees, and late fees.

Commercial Command Vehicle

On March 29, 2022, this Office approved a CAO Rule 11 Deviation for the Department to purchase a Field Command vehicle for use as an Emergency Command Center in the event of a major disaster and for bi-annual emergency response training. This Office recommends approval of the Department's request to transfer \$902,000 within the Building and Safety Building Enterprise Fund from the Reserve for Future Costs Account to the Building and Safety Expense and Equipment Account to effectuate the purchase of the vehicle.

This Office recommends the following transaction at this time:

- Transfer \$902,000 within the Building and Safety Building Permit Enterprise Fund No. 48R, from the Reserve for Future Costs Account to the Building and Safety Expense and Equipment Account to purchase a Field Command vehicle.

D. Cannabis Regulation No Recommendation

This Office projects a year-end surplus of \$1.13 million, consisting of a \$0.32 million General Fund surplus and a \$0.8 million special fund surplus. The projected surplus is approximately \$0.25 million higher than previously reported in the Mid-Year FSR. The General Fund surplus is due to lower than anticipated illegal cannabis enforcement administrative hearing activity. The special fund surplus is due to hiring delays and vacancies in the Department.

The Department anticipates meeting its revised General Fund revenue budget of \$5.03 million by year-end.

No transactions are recommended at this time.

E. City Administrative Officer

Recommendation Nos. 11, 12, and 13

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 10 – General Fund Reappropriations

The Office of the City Administrative Officer projects completing the year within budget.

This Office anticipates meeting its revised General Fund revenue budget of \$8.8 million by year end.

Property Insurance

In the Mid-Year FSR, this Office reported a projected over-expenditure of up to \$2 million in the Insurance and Bonds Premiums Special Fund associated with the anticipated cost of the March 2022 annual master property insurance renewal. This renewal was anticipated to be up to \$2 million more costly for the General Fund due to the City's recent loss history associated with the Hyperion property damage claim (CF. 21-0840) and the financial strain on the insurance markets due to the COVID-19 Pandemic. Ultimately, the increased cost to the General Fund of this insurance renewal was approximately \$900,000, and the CAO anticipates being able to absorb this increase within the existing cash balance of the fund. A portion of these costs will be funded by the reappropriation of prior-year encumbrances.

Disaster Assistance Trust Fund

The revised 2021-22 General Fund revenue budget anticipates \$46 million in General Fund reimbursements from FEMA for COVID-19 response efforts. The City has received \$29.4 million from FEMA to date, and anticipates receipt of the remaining \$16.6 million before June 30, 2022. These reimbursements are deposited to the Disaster Assistance Trust Fund (DATF), and must be transferred from the DATF to the General Fund. This Office requests authority to transfer the anticipated total \$46 million in FEMA reimbursements to the General Fund.

This Office requests the following transactions at this time:

- Transfer \$300,000 from the Salaries General Account to the Office and Administrative Account for technology upgrades for staff.
- Transfer \$100,000 from the Salaries General Account to the Overtime General Account to fund anticipated overtime payouts for employees.
- Release various prior year encumbrances totaling \$264,514.47 and reappropriate those funds within the Insurance and Bonds Premiums Fund for the increased costs of the annual property insurance renewal.
- Transfer \$46 million from the DATF to the General Fund to reimburse the General Fund for COVID-19 emergency response efforts.

2021-22 General Fund Reappropriations

- Reappropriate up to \$100,000 from the unencumbered balance within the Department's Overtime General Account to fund anticipated overtime obligations in 2022-23.
- Reappropriate up to \$400,000 from the unencumbered balance within the Department's Contractual Services Account to fund the costs of continuing the contract with KPMG to support American Rescue Plan Act compliance and reporting in 2022-23.

F. City Attorney

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 11 – Special Fund Reappropriations

This Office projects a net year-end surplus of \$1.31 million, comprised of a net \$0.02 million General Fund surplus and a \$1.29 million special fund surplus. The projected surplus differs from the previously reported net over-expenditure of \$0.68 million reported in the Mid-Year FSR, due to transfers made in the Mid-Year FSR and lower than anticipated expenditures from the Contractual Services and Office and Administrative accounts. The projected net General Fund surplus is comprised of a surplus in the Salaries General Account (\$1.77 million), offset by an over-expenditure in the Litigation Account (\$1.75 million). The special fund surplus is comprised of salary savings in the Salaries General Account (\$1.29 million). The Salaries General surpluses are due to vacancies in the Department and delays in hiring. The over-expenditure in the Litigation Account is due to higher than projected costs for expert witnesses, medical experts, court reporting services, and other expenses for litigation caseload support. This Office recommends a transfer from the Salaries General Account surplus to the Litigation Account to address the projected over-expenditure.

This Office projects that the Department will exceed its revised General Fund revenue budget of \$40.7 million by approximately \$0.99 million, due to year-to-date receipts of some revenue sources exceeding the current year revised revenue estimate.

This Office recommends the following transactions at this time:

- Transfer \$1,750,000 from the City Attorney's Salaries General Account, to the City Attorney's Litigation Account to address projected overspending for expert witnesses, medical experts, court reporting services, and other expenses for caseload support.
- Appropriate \$80,451.98 from the Proposition HHH Bond Proceeds Fund to the Department's Reimbursement Source 5301 – Reimbursement from Other Funds (\$57,111.80) and Revenue Source 5361 - Related Cost Reimbursement – Others (\$23,341.18) revenue accounts to reimburse the General Fund for eligible salary expenditures and related costs related to the Proposition HHH Program. Per the requirements of the bond, the Department has provided the required backup documentation for expenditures. This Office has reviewed the recommended amount and determined it to be eligible for reimbursement.

2022-23 Special Fund Reappropriations

- Reappropriate up to \$170,000 in unexpended balances from the Innovation Fund No. 105/10 within the Office of the City Attorney Fund No. 100/12, Account No. 003040, Contractual Services to support the Connecting Neighborhood Justice Program (C.F. 21-0192).

G. City Clerk

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end General Fund surplus of \$133,255. Special fund expenditures are projected to be on budget. The General Fund surplus is comprised of surpluses in the Salaries General (\$158,255) and Elections Expense (\$600,000) accounts, offset by over-expenditures in the Salaries, As-Needed (\$600,000) and Contractual Services (\$25,000) accounts. The previously reported overspending was resolved through an appropriation from the Unappropriated Balance in the Mid-Year FSR, and savings from delayed hiring and a reduction in estimated retirement payouts.

June 2022 Primary Election

The 2021-22 Adopted Budget included \$8 million in the Unappropriated Balance for the County's costs for the June 2022 Election. The County of Los Angeles' current cost estimate for the June 2022 Election is approximately \$9.2 million, resulting in a potential \$1.2 million over-expenditure for election costs. The Department anticipates receiving the County's final invoice by October 2022. This Office recommends that the available funding of \$8 million in the Unappropriated Balance be reappropriated into 2022-23. This Office will seek to identify supplemental funding, as necessary, to offset the remaining election costs budget gap, in 2022-23. The Department will provide updated cost estimates for the June 2022 Election in its 2022-23 FSRs.

November 2022 General Election

The Department estimates the cost for the November 2022 Election to be \$10.3 million, which does not include potential costs for initiative petition verifications and additional printing and mailing expenses for the Voter Information Pamphlets. The Department expects to receive the bill for the County's portion of the Election expenses by March 2023. The 2022-23 Proposed Budget includes a total of \$12.3 million for the November 2022 Election, including \$2.3 in the Department's budget and \$10 million in the Unappropriated Balance for the County portion of the expenses. The Department will provide updated cost estimates for the November 2022 Election in its 2022-23 FSRs.

While the estimated County election costs are budgeted in 2022-23, there are unbudgeted costs associated with the initiative petition verifications that will have a fiscal impact in the current fiscal year. The Department reports that there are currently eight initiative petitions circulating and five may be filed in May 2022 for the November ballot. As these petitions need to be funded at the time of filing, the Department reports that it may have a current year shortfall in its Salaries, As-Needed and Overtime, General accounts for the costs of these initiative petition verifications. The cost for each initiative petition verification ranges from \$170,000 (5% random sampling) to \$395,000 (random sampling and full review). On May 18, 2022, the Mayor and Council approved Motion (Martinez-O'Farrell) (C.F. 22-0498), which instructs the Department to transfer \$600,000 from the Elections Expense Account to its Salaries, As-Needed Account to address the currently projected costs to hire staff to review the initiative petitions. The Department anticipates that review for one of the petitions will be largely completed in July, thus this Office recommends reappropriating unspent Salaries As-Needed funding for the review of initiative petitions in July.

The Department anticipates meeting its revised General Fund revenue budget of \$1.1 million by year end.

This Office recommends the following transactions at this time:

- Transfer \$26,608.97 from the Department's Salaries General Account to the Bank Fees Account within the Neighborhood Council Funding Trust Fund to pay for bank fees incurred in Fiscal Years 2020 and 2021.

2022-23 General Fund Reappropriations

- Reappropriate up to \$8,000,000 from the unencumbered balance within the Unappropriated Balance, June 2022 County Election Expenses Account for expenses related to the June 2022 Election.
- Reappropriate up to \$600,000 from the unencumbered balance within the Department's Salaries As-Needed Account for the review of initiative petitions for the November ballot which may not be completed by year end.

H. City Planning

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end surplus of \$8.64 million, consisting of a \$1.17 million General Fund surplus and a net \$7.47 million special fund surplus. The projected surplus is approximately \$4.28 million higher than previously reported in the Mid-Year FSR, primarily due to delays in hiring and reduced projected contractual services expenditures based on current expenditure trends. The surplus is primarily driven by surpluses in the Salaries General Account (\$5.62 million - \$0.52 million General Fund and \$5.09 million special fund) due to delays in hiring and the Contractual Services Account (\$2.4 million - \$0.5 million General Fund and \$1.9 million special fund) due to reduced projected expenditures based on current expenditure patterns. Our projections include an over-expenditure of \$3,542 in the Salaries General Account funded by the Building and Safety Building Permit Enterprise Fund, due to the one-time cash payment associated with the agreement with the Coalition of City Unions.

This Office projects a shortfall of approximately \$0.7 million from the Department's revised General Fund revenue budget of \$12.9 million. This shortfall is due to a reduced related costs reimbursements because of decreased special fund revenues related to the impact of the COVID-19 pandemic and special-funded vacancies.

This Office recommends the following transfer at this time:

- Transfer \$3,542 within the Building and Safety Enterprise Fund (Enterprise Fund), from the Reserve for Future Costs Account to City Planning Account to the cover the projected Enterprise-funded salary cost of the one-time cash payment associated with the agreement with the Coalition of City Unions.

I. City Tourism Department

No Recommendation

This Office projects a net year-end special fund surplus of \$117,082, primarily due to vacancies in the Department. The projected surplus is \$18,469 lower than previously reported in the Mid-Year FSR, due to higher than anticipated expenditures in the Department's Salaries General Account. This Office recommends that the remaining \$117,082 be reserved as a contingency for any necessary year-end budget adjustments.

The Department anticipates meeting its revised General Fund revenue budget of \$312,398 by year-end.

J. Civil, Human Rights, and Equity

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end surplus of \$10.98 million, comprised of a \$1.56 million General Fund surplus and a \$9.42 million special fund surplus. The projected surplus is \$9.8 million higher

than previously reported in the Mid-Year FSR (\$0.38 million in General Fund and \$9.42 million in special funds), due to delays in hiring and the transfer of \$10 million from the Unappropriated Balance for the multi-year implementation of the LA REPAIR Participatory Budgeting Program.

The General Fund surplus is primarily due to surpluses in the Salaries General (\$0.98 million) and Contractual Services (\$0.56 million) accounts, offset by over-expenditures in the Office and Administrative Account (\$9,762). The surpluses in the Salaries General Account are because of delays in hiring. The projected Contractual Services Account surplus is due to delays in the execution of contracts for various support services including the Racial Equity Audit, a legal fellow, community engagement and outreach services, implicit bias training, and translation services, and the multi-year implementation of the LA REPAIR Participatory Budgeting Program. The over-expenditure in the Office and Administrative Account is due to higher than projected costs for staff equipment and the recently expanded Department office space. Due to the delays in contract execution, the Department will be unable to encumber General Funds in its Contractual Services Account before year-end and this Office recommends the reappropriation of these funds to 2022-23.

The Department has no budgeted General Fund Revenues.

This Office recommends the following transactions at this time:

- Transfer \$10,000 from the Salaries, General Account to the Office and Administrative Account to offset over-expenditures for the purchase of equipment for new staff and the recently expanded Department office space.
- Reappropriate up to \$559,000 in the Contractual Services Account to 2022-23 to ensure funding availability for various contracts including a Racial Equity Audit (\$350,000), a legal fellow (\$100,000), community engagement and outreach services (\$40,000), Implicit Bias Training (\$45,000), and translation services (\$24,000), that the Department will not be able to encumber by year end.

K. Community Investment for Families

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

This Office projects a net year-end surplus of \$444,241, comprised of net General Fund expenditures within budget and a net special fund surplus of \$444,241. The net zero General Fund projection is comprised of a surplus in the Salaries General Account (\$50,000) offset by over-expenditures in the Office and Administrative Account (\$50,000), due to technology-related costs and will be addressed by a Mayoral transfer from the Salaries General Account. The projected General Fund expenditures are \$119,521 higher than previously reported in the Mid-Year FSR, because of higher than anticipated contractual services and office and administrative expenses.

The special fund surplus is comprised of a surplus in the Salaries General Account (\$491,000) offset by over-expenditures in the Overtime General (\$764), Printing and Binding (\$15,577), and

Office and Administrative (\$30,418) accounts. Additionally, the special fund surplus in the Salaries General Account was offset by over-expenditures in the Community Services Block Grant Trust Fund (CSBG) Salaries General Account (\$232,009), which will be resolved in a separate CSBG transmittal. The projected special fund surplus is a decrease of approximately \$110,000 from the previously reported surplus in the Mid-Year FSR, due to increased hiring activity. This Office recommends transferring funds from the Salaries General Account and other special fund accounts to offset the projected overspending in the Overtime General, Printing and Binding, and Office and Administrative accounts.

This Office projects a revenue shortfall of approximately \$100,000 from the Department's revised General Fund revenue budget of \$3.42 million. The shortfall is due to reduced related cost reimbursements associated with vacancies in the Department.

The Office recommends the following transaction:

- Relative to aligning the appropriations for the Children's Savings Account Program expenditures within the new CIFD Miscellaneous Grants and Awards Fund No. 65G (C.F. 16-0703-S5):
 - Transfer appropriations (\$37,263.09) from the Salaries, General Account to the Overtime General (\$764.43), Office and Administrative (12,293.17), Printing and Binding (\$15,577), and Children's Savings Account Grant, Account No. 21V200 (\$8,628.49).
 - Transfer appropriations (\$28,268.27) from the Reimbursement of General Fund Costs Account to the Children Savings Account Grant, Account No. 21V200.
- Transfer (\$18,125.10) from the Community Development Trust Fund, Reimbursement of General Fund Costs Account to the Department's Office and Administrative Account for technology equipment purchases and to correct a transaction from the Mid-Year FSR.
- Transfer \$200,000 from the Los Angeles Department of Building and Safety (LADBS) Salaries General Account within the Community Development Trust Fund to the Reimbursement of General Fund Costs Account. LADBS' projected salary savings will be used to cover a shortfall in LADBS' Related Costs Account for the reimbursement of General Fund costs for the Proactive Code Enforcement Program.

L. Controller

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 10 – General Fund Reappropriations

Attachment 11 – Special Fund Reappropriations

This Office projects a net year-end surplus of \$1,203,033, which is \$919,212 in the General Fund and \$283,821 in special funds. The surplus is due to vacancies in the Department, offset by overspending in the Contractual Services Account for unbudgeted Socrata Open Data (\$100,500) and Human Resources Payroll project (HRP) (\$700,000) expenses. Related to the HRP, the Department reports that additional unanticipated testing requirements have emerged from Phase I and items and decisions made in Phase I may need to be revisited, reconfigured, and tested for Phase II which will require more resources. The additional contract resources for testing will ensure that the HRP project has testing staff available until the new resources approved in the budget are brought online and to assist with any new and unforeseen requirements, additions, and revisions that are encountered throughout the project. Due to the risks associated with implementing a large scale, complex payroll system, the Department also needs additional implementation support for Phase II. Thus, the Department would also like to engage a consultant that has experience with implementing the Workday payroll system in a large organization to assist with the successful implementation of Phase II.

This Office projects that the Department will meet its revised General Fund revenue budget of \$5.5 million by year end.

This Office recommends the following transactions at this time:

- Transfer the available cash balance within the E-Payables Rebate Fund No. 60Y/39 to the General Fund No. 100/26, Revenue Source Code 5188 - Miscellaneous Revenue - Other to properly record the receipt of E-Payables rebate revenues.
- Transfer \$100,500 from Controller Fund No. 100/26, Account No. 001010, Salaries General, to Controller Fund 100/26, Account No. 003040 Contractual Services, for Socrata Open Data expenses.
- Transfer \$700,000 from Controller Fund No. 100/26, Account No. 001010, Salaries General, to Controller Fund 100/26, Account No. 003040 Contractual Services, for HRP testing and Phase II implementation support.
- Re-appropriate the unencumbered balance remaining in Controller Fund 100/26, Account 003040, Contractual Services, in the same amount and into the same account as exists on June 30, 2022, for HRP Support and audit assistance.

- Re-appropriate up to \$90,000 from the unencumbered balance remaining in Controller Fund 100/26, Account 001070, Salaries As-Needed, in the same amount and into the same account as exists on June 30, 2022, for the Innovation Fund.
- Re-appropriate up to \$70,000 from the unencumbered balance remaining in Controller Fund 100/26, Account 003040, Contractual Services, in the same amount and into the same account as exists on June 30, 2022, for the Innovation Fund.

M. Council

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

The Council requests the following transactions at this time:

- Transfer \$3,800,000 from the Council's Salaries General Account to the Salaries As-Needed (\$3,000,000), Printing and Binding (\$200,000), and Office and Administrative (\$600,000) accounts to align the Council's operating budget with current expenditure patterns.
- Transfer \$390,599 from the General City Purposes (GCP), Council Community Services District 1 Account to the Police Department's Overtime Sworn (\$294,400), and Recreation and Park's Metro Region Maintenance (\$96,199) accounts to support costs of additional community services, public safety, and gang reduction and prevention services around MacArthur Park.
- Transfer \$500,000 from the AB 1290 Fund, CD9 Redevelopment Projects – Services Account to the Council's Salaries, As-Needed Account to support Council District 9 expenses.

N. Cultural Affairs

No Recommendation

This Office projects a year-end special fund surplus of \$707,566, due to vacancies in the Department. The projected surplus is \$664,160 higher than previously reported in the Mid-Year FSR, due to delays in the filling of vacancies.

This Office projects that the Department will meet its 2021-22 revised General Fund revenue estimate of \$12,000 by year end.

This Office does not recommend any transactions at this time.

O. Disability No Recommendation

This Office projects a year-end surplus of \$290,098, comprised of a \$213,977 General Fund surplus and a \$76,121 special fund surplus. This is approximately \$5,884 less than what was previously reported in the Mid-Year FSR. This decrease is due unexpected costs related to the Salaries, General account as a result of a SIP re-issuance payment.

The Department anticipates meeting its revised General Fund revenue budget of \$28,587.

P. Economic and Workforce Development

Attachment 5 – Transfers between Departments and Funds

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end surplus of \$4.15 million, comprised of a \$0.61 million General Fund surplus and a \$3.54 million special fund surplus. The projected surpluses are primarily due to vacancies in the Department and delays in hiring. The projected surplus is approximately \$0.63 million higher than previously reported in the Mid-Year FSR, due to lower than projected hiring by the Department.

This Office projects the Department will meet its revised General Fund revenue budget of \$3.7 million by year end.

This Office recommends the following transactions at this time:

- Reappropriate \$176,780 in prior year balances in the Transit Oriented Development Planning Grant (TOD) Fund 60N, to various current year accounts to complete a study for the potential establishment of an Enhanced Infrastructure Financing District in Downtown Los Angeles.
- Transfer \$164,870 from various departmental accounts and funds to the Department's Leasing Account for the payment of lease costs for the remainder of the fiscal year.
- Transfer \$27,169 from the Department's Salaries General Account funded by the Community Development Block Grant to the Personnel Department's Salaries General Account for partial funding of Personnel support provided to the Department.
- Transfer \$11,500 from the Salaries General Account to the Operating Supplies Account to pay for participant stipends as part of the YouthSource Center Program.
- Transfer \$28,511 from various departmental accounts funded by the LA County Systems Involved Youth Fund to reimburse the County of Los Angeles.

Q. El Pueblo

Attachment 6 – Appropriations from the Unappropriated Balance

This Office projects a net year-end surplus of \$47,034, comprised of a \$22,121 General Fund surplus and a net \$24,913 special fund surplus. The projected surplus is \$26,603 lower than previously reported in the Mid-Year FSR, due to unexpected costs associated with a SIP reissuance payment, one-time payments associated with the agreement with the Coalition of City Unions, and accrued vacation and sick payouts for a departing employee. The General Fund surplus is due to salary savings from an unfilled Targeted Local Hire and Bridge to Jobs position. The special fund surplus is comprised surpluses in the Salaries, General (\$87,034), Printing and Binding (\$4,000), Office and Administrative (\$26,500), Operating Supplies (\$500), Merchandise for Resale (\$4,000) and Special Events (\$30,000) accounts. These surpluses are offset by projected over-expenditures in the Salaries, As Needed (\$48,000), Contractual Services (\$15,000), and Water and Electricity (\$42,000) accounts.

The projected over-expenditures in the Department's Salaries-As Needed Account are from payments associated with the agreement with the Coalition of City Unions and the Department's reliance on part-time staff to support Department operations due to existing vacancies. The projected overspending in the Contractual Services Account is from unanticipated expenditures including tree removal/urban forestry consulting services and an inventory data collection project. Over-expenditures in the Water and Electricity Account are primarily due to accounting errors and increased gas prices. The Department plans to address these projected shortfalls through Mayoral Transfers from surplus accounts.

This Office projects a special fund revenue shortfall of \$309,740 from the 2021-22 revised special fund revenue budget of \$4,646,000 assumed in the 2022-23 Adopted Budget. This projection includes the \$308,659 transferred from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account approved in the Mid-Year FSR. As of April 15, 2022, outstanding unpaid merchant rent is approximately \$183,335. The collection of outstanding rent receipts by the end of the fiscal year is not guaranteed. If the outstanding rent payments are not realized and the continued pattern of non-collection continues, the Department may begin the following fiscal year with a shortfall in their special fund.

This Office recommends the following transaction at this time:

- Transfer \$309,740 from the Unappropriated Balance, Zoo and El Pueblo shortfall account to the El Pueblo De Los Angeles Historical Monument cash balance to provide sufficient funding to cover the Department's year-end revenue gap.

R. Emergency Management Department

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

This Office projects a year-end surplus of \$624,891, comprised entirely of General Fund. The projected surplus is \$284,108 greater than previously reported in the Mid-Year FSR due to the

delays in filling the Department's vacancies. The projected surplus is primarily due to a surplus in the Salaries General Account (\$547,491) because of vacancies in the Department.

This Office projects the Department will meet its revised General Fund revenue budget of \$251,416 by year end.

Emergency Operations Fund

The Emergency Operations Fund (EOF) cash balance has approximately \$1,328,262.96 in unexpended funds provided for COVID-19 pandemic response (C.F. 20-0147-S46) (\$1,022,058.88) and Civil Unrest response (C.F. 19-0600-S180) (\$306,204.08) that may be reverted to the General Fund as these activities have concluded. In addition, the EOF cash balance has approximately \$643,681 in unexpended funds provided for Emergency Management Performance Grant (EMPG) 2019 (C.F. 20-1301) activities, which can be reverted as the General Fund previously transferred funds to the EOF for EMPG 2019 expenses and the General Fund can now be paid back for these costs.

This Office recommends the following transactions at this time:

- Transfer \$248,584 from the Emergency Operations Fund FY20 Contractual Services Account to the Emergency Operations Fund FY22 Contractual Services Account to upgrade the audio and visual equipment in the Emergency Operations Center Media Center.
- Transfer \$17,970 from the Emergency Operations Fund FY20 Contractual Services Account to the Emergency Operations Fund FY22 Contractual Services Account to install a secured badge door.
- Transfer \$1,971,943.96 from the cash balance in the Emergency Operations Fund to the Reserve Fund for unexpended funding and released appropriations provided for COVID-19 pandemic response (C.F. 20-0147-S46) (\$1,022,058.88), Civil Unrest response (C.F. 19-0600-S180) (\$306,204.08), and Emergency Management Performance Grant 2019 (C.F. 20-1301) (\$643,681).

S. Employee Relations Board **No Recommendation**

This Office projects the Department will finish the year on budget. This projection includes the use of savings in the Department's expense accounts to offset unfunded salary step increases and the one-time payment associated with the agreement with the Coalition of City Unions.

The Department has no General Fund revenue budget.

T. Ethics No Recommendation

This Office projects a year-end special fund surplus of \$321,384, primarily consisting of surpluses in the Salaries, General (\$71,701) and Contractual Services (\$249,680) accounts. The projected surplus is \$60,669 higher than previously reporting in the Mid-Year FSR, due to vacancies in the Department. The projected surplus in the Contractual Services Account is due to the Department's anticipation that special investigator services will not be needed this fiscal year.

The Department anticipates exceeding its revised General Fund revenue budget of \$1.32 million by approximately \$80,000 by year end.

U. Finance

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a \$4.0 million General Fund surplus, primarily due to a surplus in the Salaries General Account due to vacancies in the Department. The projected surplus is approximately \$0.9 million higher than previously reported in the Mid-Year FSR, due to delays in hiring.

This Office projects that the Department will meet its revised General Fund revenue budget of \$11.6 million by year-end.

This Office recommends the following transactions at this time:

- Transfer \$134,484.68 from the Department's Salaries General Account to the General Services Department's Mail Services Account for postage reimbursements required because of increases in Finance mailings and postage fees.
- Transfer \$611,000 from the Department's Salaries General Account to the Department's Contractual Services Account for increased costs related to LATAX maintenance support, collections systems vendor transition, and investment data analytics services.
- Transfer \$78,000 from the Department's Salaries General Account to the Department's Office and Administrative Account for health and safety related office improvements in advance of the Department's reconstitution.

2022-23 General Fund Reappropriation

- Reappropriate up to \$1,000,000 from the unencumbered balance within the Department's Contractual Services Account into the same account in 2022-23 for the continuation of the LATAX Cloud Migration and Technology Enhancements Project in 2022-23 as the contract negotiations are ongoing and the Department will be unable to encumber the funds in 2021-22.

V. Fire

Recommendations No. 14, 15, and 29 C. through F.

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

Attachment 11 – Special Fund Reappropriations

This Office projects a net year-end General Fund over-expenditure of \$12.53 million. The projected over-expenditure is approximately \$5.42 million lower than previously reported in the Mid-Year FSR, primarily due to transfers to the Department from the Unappropriated Balance approved in the Mid-Year FSR. The projected overspending is comprised of over-expenditures totaling \$19.02 million within the Salaries General (\$0.3 million), Unused Sick Time (\$0.29 million), Salaries Sworn (\$14.76 million), and Constant Staffing Overtime (\$3.67 million) accounts, which are offset by surpluses totaling \$6.49 million in the Variable Staffing Overtime (\$2.33 million), Contractual Services (\$2.86 million), Office and Administrative (\$0.86 million), and various other expense (\$0.44 million) accounts. This Office recommends using the surpluses to offset overspending in other accounts or reappropriating those funds to support continuing programs in 2022-23. The overspending in the Salaries Sworn Account includes \$3.1 million in budgeted funds from the Medi-Cal Intergovernmental Transfer Fund that are no longer anticipated to be received during this fiscal year and are now expected to be received in Fall 2022. The addition of a fourth recruit academy class to alleviate the expected vacancies as a result of the vaccine mandate has contributed \$1.2 million to projected year-end overspending. This Office recommends additional appropriations from the Unappropriated Balance to address projected overspending.

The most significant expenses are discussed below:

- Salaries Sworn: The projected year-end overspending is attributed to a one-time budget reduction, a delay in the receipt of the budgeted \$3.1 million from the Medi-Cal Intergovernmental Transfer Fund, one-time budget reductions, and the addition of a fourth recruit academy class.
- Constant Staffing Overtime: The projected year-end overspending is because prior surplus funds were transferred to other accounts to address shortfalls in previous FSRs and an increase in compensated time off among field members.

The Department anticipates meeting its revised General Fund revenue budget of \$231.22 million by year end.

This Office recommends the following transactions at this time:

- Transfer \$146,000 from the Salaries As-Needed (\$56,000), Printing and Binding (\$75,000) and Water Control Devices (\$15,000) accounts to the Office and Administrative Account to support the payment of ongoing bills for goods and services.
- Transfer \$25,937 from Measure B reimbursements to the General Fund for expenses incurred for the period July 1, 2021 through December 31, 2021.
- Transfer \$1,466,864 from the Unappropriated Balance, Fire Department Compensation Adjustments Account, to the Salaries Sworn Account to address the anticipated year end overspending.
- Transfer \$14,738,136 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account, to address year end shortfalls in the Salaries General (\$505,000), Salaries Sworn (\$10,233,136), Unused Sick Time (\$300,000) and Overtime Constant Staffing (\$3,700,000) accounts.
- Authorize a Reserve Fund loan in the amount of \$3,100,000 for the Fire Department Fund 100/38, Salaries Sworn Account No. 001012 to pay for sworn deployment costs initially anticipated to be reimbursed by the Medi-Cal Intergovernmental Transfer Fund as the reimbursement has been delayed until Fall 2023. This loan will be repaid upon receipt of the Medi-Cal Intergovernmental Transfer Fund reimbursements.
- Transfer \$195,000 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account, to the Development Services Trust Fund, Account TBD, for the reimbursement of ineligible software maintenance expenses charged to that fund for the Fire Inspection Management System (FIMS) and Brush Clearance modules.

MICLA

- Approve an equipment list deviation in the MICLA 2021-22 Adopted Budget to revise the planned purchase of three Air Operations tugs for one Tire Service emergency vehicle due to urgent replacement needs.

2022-23 General Fund Reappropriations

- Reappropriate up to \$387,222.94 from the unencumbered balance within the Department's Contractual Services Account for the continuing development and replacement of the Network Staffing System (NSS), a scheduling and time allocation system for sworn personnel.
- Reappropriate up to \$76,442 from the unencumbered balance within the Department's Overtime General Account for the continuation of a mobile radio channel reconfiguration project pursuant to Federal Communications Commission directive (C.F. 19-1095). This funding supports the work of communications electricians assigned to the project.

- Reappropriate up to \$2,000,000 from the unencumbered balance within the Department's Contractual Services Account for the continuation of the Therapeutic Van Pilot Program (CF 20-1178), which will use Los Angeles County Department of Mental Health (DMH) therapeutic transport resources in conjunction with the LAFD Tiered Dispatch System to provide mental health patients with immediate therapeutic support from DMH staff.
- Reappropriate up to \$277,488 within the Unappropriated Balance for staffing costs of the Fire False Alarm Program subject to the Department's report on implementation of the program. Program design has been delayed as the Departments addressed issues related to a third-party billing vendor, which have now been resolved. The Department intends to report in the first quarter of Fiscal Year 2022-23.

2022-23 Special Fund Reappropriations

- Reappropriate up to \$1,362,290 from the Development Services Trust Fund within the Department's Contractual Services (\$357,460) and Office and Administrative (\$1,004,830) accounts for continuing development of the Fire Inspection Management System (FIMS).
- Reappropriate up to \$85,000 from the Innovation Fund within the Department's Salaries General Account to support the Early Intervention Treatment Program (C.F. 18-1053).
- Reappropriate up to \$32,312.50 from the Innovation Fund within the Department's Contractual Services Account for completion of the Digital Training and Adoption Project, which will provide an interactive, 'in-app' training program delivered entirely remotely and online, reducing the need for in-person training.
- Reappropriate up to \$110,000 from the unencumbered balance within the Department's Operating Supplies Account funded by the Emergency Operations Fund for the execution of a pilot Solar Emergency Wi-Fi Project that will provide communications access to first responders and residents through a standalone solar powered network in the Mandeville Canyon area in the event of a major disaster and/or power outage.

2022-23 Transfers and Appropriations

- Appropriate ongoing reimbursements from the 2017 SAFER Grant (C.F. 17-1434-S3) to the Department's salary accounts for 2022-23. Transfer authority must be renewed each fiscal year for General Fund transactions.
- Authorize the Controller to transfer funds set aside in the Unappropriated Balance for the GEMT Quality Assurance Fee (QAF) Program to the Department's Contractual Services Account for the Department to make timely payments to the State upon receipt of invoices. The State has yet to announce deadlines for invoices and timely payment is required to avoid loss of revenue and/or penalties.
- Authorize a \$340,257 transfer in MICLA funding to the Information Technology Agency's (ITA) Hiring Hall Salaries Account to reimburse ITA for the installation of communication

equipment in the Fire Department fleet. Installation work is ongoing. Due to the need to stay on schedule, funding is needed to reimburse ITA's Hiring Hall account prior to the approval of the 2022-23 First FSR in early November.

- Authorize a transfer of \$3,000,000 from the Unappropriated Balance, Mutual Aid Overtime Account to Fire Department Fund 100/38, Account 001092, Sworn Overtime, for sworn resources deployed outside the City during peak wildfire periods which usually occur from early summer through the end of the calendar year. Mutual aid reimbursements can be expected throughout the year and are captured as revenue to the General Fund.

W. General Services

Recommendation Nos. 16, 17, and 18

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end over-expenditure of \$3.26 million, comprised of a \$9.87 million General Fund over-expenditure and a \$6.61 million special fund surplus. The projected General Fund over-expenditures are driven by overspending of \$12.37 million in eight accounts: Petroleum (\$7.74 million), Utilities (\$2.6 million), Contractual Services (\$1.2 million), Salaries Construction Projects (\$0.12 million), Overtime General (\$0.38 million), Hiring Hall (\$0.2 million), Hiring Hall Construction (\$0.09 million), and Benefits Hiring Hall Construction, (\$0.04 million) accounts. These General Fund over-expenditures are partially offset by a total \$2.5 million projected surplus in the Salaries General (\$2.16 million), Salaries As-Needed (\$0.2 million), Travel (\$0.13 million), and Custodial Supplies (\$0.01 million) accounts. An additional \$1.3 million is available to offset the Petroleum over expenditures from prior-year encumbrances that are no longer necessary. After transferring a portion of the current year savings and using the \$1.3 million in prior year encumbrances to address part of this overspending, this Office recommends a new appropriation of \$9.46 million to offset the remaining over-expenditures.

The \$7.7 million in Petroleum Account overspending is due to a 52 percent increase in diesel and unleaded fuel prices over 2021 as of February. In addition to the recommendations to fully address this remaining overspending in this FSR, through prior FSRs the City has already transferred \$8.5 million to address petroleum needs. In the Mid-Year FSR a \$5 million transfer from the Unappropriated Balance partially offset over expenditures in the Petroleum and Utilities Expense accounts. In the Second FSR, \$3.5 million was transferred from the Salaries General Account to the Petroleum Account. Additional appropriations are necessary to ensure fuel delivery through year end, due to significant volatility in the fuel markets.

The \$1.2 million in Contractual Services Account overspending is due to increased custodial work at libraries, COVID disinfection at City facilities, operations and maintenance at the Public Works Building, increased, repair and maintenance of City Facility security card readers, and unreimbursed credit card processing fees. The \$2.6 million Utilities Account overspending is due to increased rates and usage at various City facilities.

The special fund surplus consists of projected surpluses in the Salaries General (\$5.5 million) and Petroleum (\$1.7 million) accounts, offset by an over-expenditure in the Overtime General Account (\$0.4 million). Petroleum savings are due to expenditures for alternative fuels which power Bureau of Sanitation vehicles and are not subject to the volatility of diesel and gas fuel prices. The Salaries General surplus is due to a high number of vacancies which the Department is working to reduce. The Overtime General over-expenditure is from increased overtime usage due to high vacancy rates, increased work related to an aging fleet, and COVID-19 related absences.

This Office recommends transfers of \$1.5 million from the Salaries General (\$1.2 million), Salaries As-Needed (\$0.2 million), and Travel (\$0.13 million) accounts to offset projected over-expenditures in the Contractual Services, Overtime General, Hiring Hall Salaries, Hiring Hall Construction, Benefits Hiring Hall Construction, and Salaries Construction Projects accounts. We did not recommend transferring the entirety of the projected Salaries General surplus, as the Department indicated the remaining \$0.9 million may be needed to address employee payouts related to unanticipated retirements and attrition.

This Office also recommends a \$0.4 million transfer within the Solid Waste Resources Revenue (SWRRF) Fund to offset projected over expenditures in the Field Equipment Expense and Overtime General accounts.

In April 2020, the City entered into a monthly contractual obligation to purchase N95 masks and disinfecting wipes through the Logistics Victory LA Fund (LoVLA). It was anticipated that these expenses would be offset by sales of supplies. Sales have not been consistent or predictable, and a \$2.5 million appropriation is necessary to ensure that the City meets its contractual obligations to purchase emergency supplies. The City will be cancelling the Contract for the monthly allocation of supplies effective June 30, 2022 however funding is still required to fulfill the City's obligations under the Contract terms.

This Office projects the Department will exceed its revised General Fund revenue budget of \$47.82 million by a net \$2.61 million, for a total of \$50.43 million, based on receipts through March. The projected revenue increase is from an increase in the sale of City-owned surplus properties and receipts from the sale of salvaged items. The projected increase is offset by a reduction in anticipated reimbursements from the Library due to delays in the reopening of branch libraries.

This Office recommends the following transactions at this time:

- Transfer a total of \$1.5 million from the Department's Salaries General (\$1.2 million), Salaries, As-Needed (\$0.2 million), and Travel (\$0.13 million) accounts to the following accounts:
 - Contractual Services (\$733,000) to account for Public Works Operating Expenses (\$350,000), custodial costs for Libraries (\$200,000), City security card reader maintenance (\$103,000), and credit card processing fees (\$80,000).

- Overtime General (\$380,000) to address additional overtime usage as a result of higher than anticipated fleet maintenance and high vacancy rates (\$220,000), Compensated Time Off Payments (\$100,000), and Supply Services invoice payment processing (\$60,000).
- Hiring Hall Salaries (\$199,800) due to the reliance on Hiring Hall staff while vacant positions are backfilled.
- Salaries Construction (\$122,597) due to unanticipated Coalition payments (\$94,597) and unfunded COVID-19 paid time off (\$28,000).
- Hiring Hall Construction (\$87,000) due to unfunded COVID-19 paid time off.
- Hiring Hall Construction, Benefits (\$43,000) due to unfunded COVID-19 paid time off.
- Transfer \$9.45 million from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account, to the following accounts:
 - Petroleum (\$6.39 million) to address volatility in fuel costs.
 - Utilities (\$2.6 million) to address increased usage and rates due to increased commodity costs.
 - Contractual Services (\$0.46 million) to offset COVID-19 related cleaning costs
- Transfer \$38,102 from the Salaries General Account to the Salaries Publishing Division account to offset Coalition payments.
- Transfer \$79,808 from Contractual Services to Construction Materials (\$50,500) and Salaries Construction (\$29,308) for yards and shops maintenance.
- Transfer \$399,000 million from the SWRRF Salaries General Account to the Overtime General Account to address additional overtime usage as a result of higher than anticipated fleet maintenance and high vacancies in the Department.
- Transfer \$112,171 from the Department of General Services Salaries Construction (\$63,101) and Construction Materials (\$49,062) accounts to the Police Department Law Enforcement Memorandum of Agreement for uncompleted work to the Police Administration Building pursuant to an MOA. The funds have not been expended and have exceeded the period in which construction was to commence.
- Transfer \$12,710 from the Custodial Supplies account to Project Restore for specialized cleaning of Council chambers.

- Authorize a Reserve Fund loan in the amount of \$2.48 million to the Logistics Victory LA Fund to fulfill the City's contractual obligation to purchase emergency supplies.
- Disencumber up to \$1.3 million in 2020-21 encumbrances within the Department's Petroleum Products Account and reappropriate up to \$1.3 million to the Department's 2021-22 Petroleum Products Account to address current year expenditures above plan.

2022-23 General Fund Reappropriations

- Reappropriate up to \$500,000 from the unencumbered balance within the Department's Contractual Services Account for consultant costs required to amend GSD's electric vehicle plan. This funding was appropriated by Council from the Unappropriated Balance (C.F. 21-0890).

X. Housing

Recommendation Nos. 19, 20, and 29 G.

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

Attachment 11 – Special Fund Reappropriations

This Office projects a net year-end surplus of \$10.36 million, comprised of a net \$0.96 million General Fund surplus and a net \$9.4 million special fund surplus. The projected General Fund surplus is comprised of a \$1.25 million surplus in the Contractual Services Account, due to lower than anticipated contract expenditures in the current fiscal year, and offset by projected over-expenditures in the Salaries General (\$14,475) and Leasing (\$270,000) accounts for unbudgeted salary and lease costs. The projected special fund surplus consists of surpluses in the Salaries General (\$9.13 million), Contractual Services (\$388,800), and Office and Administrative (\$5,211) accounts, because of vacancies in the Department and lower than anticipated contract and administrative expenditures. The projected special fund surpluses are offset by projected over-expenditures in the Overtime General (\$3,532), Printing and Binding (\$5,000), and Leasing (\$121,764) accounts. The projected over-expenditures are associated with higher than anticipated costs for mailing, accessibility software, and leasing costs not included in the 2021-22 Adopted Budget.

The projected General Fund surplus is approximately \$1.39 million higher than the \$0.42 million General Fund over-expenditure previously reported in the Mid-Year FSR, due to a reduction in projected labor and lease costs for the Proposition HHH Program, and lower than anticipated contract expenditures. This surplus cannot be used to offset the projected Proposition HHH over-expenditures in the Salaries General and Leasing accounts, as these funds are recommended for reappropriation to 2022-23 to support eviction defense services in 2022-23. Thus, this Office recommends a transfer from the Unappropriated Balance, Reserve for Mid-Year Adjustments to address the remaining General Fund over-expenditure.

The projected special fund surplus is approximately \$3.18 million higher than previously reported in the Mid-Year FSR, due to the resolution of previously reported \$2.88 million over-expenditure in various expense accounts, which were resolved in the Mid-Year FSR. The remaining increase is because of hiring delays and staff attrition.

This Office projects a shortfall of \$0.93 million from the Department's revised General Fund revenue budget of \$59.5 million, due to a reduction in related costs reimbursements associated with vacancies in the Department and lower than anticipated reimbursements from Proposition HHH Bond Proceeds.

This Office recommends the following transactions at this time:

- Appropriate \$645,662 from the Proposition HHH Bond Proceeds Funds to the Department's Reimbursement from Other Funds (\$589,221) and Related Cost Reimbursements – Other (\$56,441) revenue accounts to reimburse the General Fund for eligible salary expenses and related costs related to the Proposition HHH Program. Per the requirements of the bond, the Department has provided the required backup documentation for expenditures. This Office reviewed and confirmed that expenditures are eligible for reimbursement.
- Appropriate \$2,510 from the available cash balance to the Financial Audit account within the Affordable Housing Trust Fund to pay for state-required independent auditing services of the Fund.
- Appropriate \$14,475 from the Affordable Housing and Sustainable Communities (AHSC) Grant Fund's available cash balance to the Reimbursement from Grants revenue account to reimburse the General Fund for eligible expenses related to the AHSC Grant.
- Transfer \$284,475 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account, to the Department's Salaries General (\$14,475) and Leasing (\$270,000) accounts for costs associated with the Proposition HHH Program.
- Transfer \$5,000 from the Department's Salaries General (\$3,407) and the Reimbursement of General Fund Costs (\$1,593) accounts within the Systematic Code Enforcement Fee Fund to the Department's Printing and Binding Account to pay for costs associated with Systematic Code Enforcement Program mailings.
- Transfer \$50,000 from the Department's Salaries General (\$35,904) and Reimbursement of General Fund Costs (\$14,096) accounts within the Accessible Housing Fund to pay for the accessibility software for the Accessible Housing Program.
- Transfer \$160,000 from the Department's Salaries General (\$109,021) and Reimbursement of General Fund Costs (\$50,979) accounts within the Systematic Code Enforcement Fee

Fund and Rent Stabilization Trust Fund to the Office of Finance's Bank Services Account for reimbursement of credit card merchant fees.

- Transfer \$263,000 from the Department's Salaries General (\$142,729), Office and Administrative (\$55,230), and Reimbursement of General Fund Costs (\$65,041) accounts within various special funds to the General Services Department's Mail Services Account for reimbursement of postage expenses.
- Reduce appropriations totaling \$867,053 within the Department's Salaries General Fund from various special funds to realign salary appropriations in light of SB 2 Permanent Local Housing Allocation funding.
- Reduce appropriations totaling \$122 million from prior year accounts within the Affordable Housing Trust Fund to align appropriations with the available cash balance.
- Reduce appropriations totaling \$8.8 million from prior year accounts within the Municipal Housing Finance Fund to align appropriations with the available cash balance.

2022-23 General Fund Reappropriations

- Reappropriate up to \$750,000 from the unencumbered balance within the Department's Contractual Services account for systems upgrades for the Rent Registry Program.
- Reappropriate up to \$153,000 from the unencumbered balance within the Department's Contractual Services account for the Eviction Defense Program in 2022-23.
- Disencumber, revert, and reappropriate up to \$500,000 in 2021-22 encumbered balance within the Department's Contractual Services Account for the Eviction Defense Program in 2022-23.

2022-23 Special Fund Reappropriation

- Reappropriate up to \$388,800 from the unencumbered balance within the Department's Contractual Services account for the development of an online training program for the Accessible Housing Program.

Y. Information Technology Agency

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end General Fund surplus of \$6.87 million. This projection is comprised of surpluses in the Salaries General (\$3.99 million), Overtime Hiring Hall (\$0.23 million), and Communications Services (\$3.2 million) accounts, offset by over-expenditures in the Overtime General (\$0.3 million) and Hiring Hall Salaries (\$0.25 million) accounts. The projected surplus is primarily because of the inability to backfill vacant positions due to the lack of a Communication

Electricians eligible list and the Department's overall 24 percent vacancy rate. The projected over-expenditures in the Overtime General and Hiring Hall Salaries accounts are due to the increased use of overtime and hiring hall resources to augment staff shortfalls to meet ongoing demands for ITA support.

This Office recommends transfers to offset the projected over-expenditures in the Overtime General and Hiring Hall Salaries accounts. Additionally, this Office recommends reappropriations in the Overtime Hiring Hall and Communications Services Accounts to complete various communication services requests and other department projects that are currently underway.

This Office projects that the Department will meet its revised General Fund revenue budget by year end.

This Office recommends the following transactions at this time:

- Transfer \$550,000 from the Salaries General Account to the Overtime General (\$300,000) and Hiring Hall Salaries (\$250,000) accounts to mitigate anticipated shortfalls in these accounts associated with project-related expenditures.
- Appropriate \$351,625.89 from the Reimbursement from Other Funds and Service to Harbor revenue accounts to the Communication Services Account for communication services provided to special funded departments.

2022-23 General Fund Reappropriations

- Reappropriate up to \$263,348 from the unencumbered balance within the Department's Overtime Hiring Hall (\$37,533) and Communication Services (\$225,815) Accounts to complete the LAFD Fire Station Alerting System (FSAS) project.
- Reappropriate up to \$2.29 million from the unencumbered balance within the Department's Overtime Hiring Hall (\$191,570) and Communication Services (\$2.1 million) Accounts for various communication services requests funded by other departments.
- Reappropriate up to \$200,000 from the unencumbered balance within the Department's Communication Services Account to continue the Mobile Worker Program.
- Reappropriate up to \$1.3 million from the unencumbered balance within the Department's Communication Services Account to complete the LAPD/LAFD Radio Site Infrastructure project.

Z. Library

Attachment 5 – Transfers between Departments and Funds

This Office projects a year-end special fund surplus of \$3.9 million, due to salary savings of \$3.45 million and expense account savings of \$0.45 million. The projected surplus in the Salaries General

Account is approximately \$0.95 million lower than previously reported in the Mid-Year FSR, due to the one-time payments associated with the agreement with the Coalition of City Unions. This Office recommends transferring the expense account savings to the General Services Department for construction projects at various branch libraries.

This Office projects the Department will meet its revised General Fund revenue budget of \$200,000. All revenue collected by the Library is deposited into the Library Fund.

This Office recommends the following transaction at this time:

- Transfer \$521,790 from the Library Fund (\$452,155) and the Library Trust Fund (\$69,635) to the Department of General Services, Salaries, Construction Projects (\$427,283) and Construction Materials (\$94,507) to fund alteration and improvement projects at various Library locations.

AA. Mayor

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 6 – Appropriations from the Unappropriated Balance

The Mayor's Office requests the following transactions at this time:

- Establish new appropriation accounts and transfer \$204,000 from the City Attorney Grant Allocation Account and appropriate \$1,956 in interest income within the Fiscal Year 2018 Justice Assistance Grant (FY18 JAG) Fund to reimburse the General Fund for City Attorney and Mayor costs to support grant-related expenditures.
- Transfer \$1,000,000 from the Unappropriated Balance, Angeleno Connect Program Account to the Mayor's Contractual Services Account to support administrative costs associated with the implementation of the Angeleno Connect Program.
- Transfer \$350,000 from the Salaries General Account to the Salaries As-Needed Account to cover projected salary expenditures through year end.
- Establish new appropriation accounts and transfer \$363,009 from the Police (\$72,561) and Mayor's Reimbursement of General Fund (\$290,448) accounts within the FY12 and FY13 Securing the Cities (STC) Grant Fund to pay for Police Overtime and reimburse the General Fund for the Mayor's current year related costs.

BB. Neighborhood Empowerment

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end special fund surplus of \$151,394, which is \$108,339 higher than previously reported in the Mid-Year FSR due to delayed hiring. The special fund surplus is primarily

due to surpluses in the Salaries General (\$206,795), Printing and Binding (\$8,040), Transportation (\$5,453), Office and Administrative (\$21,630), Operating Supplies (\$1,898), and Communication Services (\$11,445) accounts, offset by over-expenditures in the Contractual Services Account (\$104,658).

The projected over-expenditures in the Department's Contractual Services Account increased by \$104,658 compared to the projections reported in the Mid-Year FSR, due to several factors, including 1) accounting errors; 2) payment for computer equipment which was supposed to be paid from the Office and Administrative Account; and, 3) the need to hire temporary contract staff to meet increased workloads. This Office recommends a transfer from the projected Salaries General Account surplus to address the projected Contractual Services Account overspending.

The Department has no budgeted General Fund revenues.

This Office recommends the following transaction at this time:

- Transfer \$104,658 from the Salaries General Account to the Contractual Services Account to address projected over-expenditures.

CC. Personnel

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net surplus of \$3.88 million consisting of surpluses in the General Fund (\$2.56 million) and special funds (\$1.32 million). This projection is \$3.56 million increase from the previously reported surplus of \$0.32 million in the Mid-Year FSR, primarily due to lower expenditures in the Salaries General (\$1.37 million), Salaries As-Needed (\$0.06 million), Contractual Services (\$0.95 million), Office and Administrative Expense (\$0.15 million), and Employee Transit Subsidy (\$1.35 million; special fund) accounts. The Salaries General Account surplus is primarily because of position vacancies and filling numerous positions in-lieu at lower classifications with a lower salary expense. The surplus in the Salaries As-Needed (\$0.06 million) and Office and Administrative (\$0.15 million) accounts is due to funding transferred from the Police for a pilot Harbor Jail program, which was anticipated to launch in 2021-22 but has been delayed until 2022-23. The surplus in the Contractual Services Account (\$0.95 million) is due to delays in executing contracts.

The Department anticipates meeting its revised 2021-22 General Fund revenue budget by year end.

This Office recommends the following transactions at this time:

2022-23 General Fund Reappropriations:

- Transfer \$275,000 from the Department's Salaries General Account to the Overtime General Account to pay down employee overtime balances, and reappropriate the funds transferred to the Overtime General Account to 2022-23, as the Department anticipates it will not be

able to process the necessary transactions to pay down employee overtime balances until 2022-23.

- Reappropriate \$250,000 in the Salaries, As-Needed (\$100,000) and Office and Administrative (\$150,000) accounts to 2022-23 for the launch of the Harbor Telehealth Jail pilot program, which was delayed to 2022-23.

DD. Police

Recommendation No. 21

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects the Department will end the year within budget. In the Mid-Year FSR, we reported that the Department projected a year-end over-expenditure of \$31.7 million, however our updated projections show that lower than previously anticipated expenditure rates in several accounts have eliminated the projected overspending. This is primarily driven by projected surpluses in the Salaries Sworn, Overtime Sworn and Contractual Services accounts. In light of recommended reappropriations totaling \$8 million, uncertainty regarding the final deployment costs for the support of the Summit of the Americas, and the potential for increased expenditure rates through year end, we project these are likely to net out the projected surpluses and the Department will finish the year within budget. Our projections do account for the Salaries Sworn and Overtime Sworn account costs associated with the Summit of the Americas, which we project that the Department will be able to absorb.

This Office projects that the Department will meet its revised General Fund revenue budget of \$159.5 million by year end.

Sworn Hiring

As of April 23, 2022, there were 9,375 officers deployed Citywide. The Department has hired 493 recruits in eleven academy classes. Actual attrition-to-date is 532, which is higher than the year-end projected attrition of 495. There are two recruit classes remaining from which the Department expects to hire an additional 79 recruits for a total of 572 recruits by year end. This is comparable to attrition, but lower than the 2021-22 Adopted Budget target of 744 recruits.

This Office recommends the following transactions at this time:

- Transfer \$700,000 from the Salaries Sworn Account to the Accumulated Overtime Account to reflect anticipated payouts for retiring staff members.
- Transfer \$49,999 to the Department of General Services from the 2020 DNA Capacity Backlog Reduction Grant Fund 339/70 for renovation of laboratory space at the Forensic Science Center.

- Transfer \$85,000 from the Contractual Services (\$75,000) and Operating Supplies (\$10,000) accounts to the Information Technology Agency for communication service requests.
- Transfer \$33,632.54 from the Supplemental Police Account Fund 44D/70 to the Vehicles Account and \$33,632.54 from the Vehicles Account Fund 44F/70 to the Supplemental Police Account to adjust the Department's Forfeited Assets Trust Fund appropriations to allow the Department to fully use budgeted funds in 2021-22. These adjustments will not change Forfeited Assets Trust Fund budgeted amounts, only the appropriations from the funding sources.
- Appropriate \$319.54 from the Police Department Trust Fund 885/70 available cash balance to the Police Department's Reimbursement from Other Funds Revenue Source Code, to recognize cumulative cash received from Harvard Park Program.
- Authorize a correction to the Department's 2020-21 Reversion Worksheet for the Standards for Training and Corrections Trust Fund No. 41Y/70 to reduce 2020-21 expenditures from \$208,115.87 to \$123,093.20 and allocate the remaining \$85,022.67 to the General Fund.
- Transfer \$85,022.67 from the Reserve Fund to the Standards for Training and Corrections Trust Fund No. 41Y/70 relative to the recommended correction to the Department's 2020-21 Reversion Worksheet.
- Appropriate \$119,950.30 from the Standards for Training and Corrections (STC) Trust Fund No. 41Y/70 to the Department's Overtime General (97,200) and Overtime Sworn (\$22,750.30) accounts for Custody Services Division personnel attending an STC-approved training.

2022-23 General Fund Reappropriations

- Reappropriate up to \$6,940,261 from the unencumbered balance in the Contractual Services (\$6,571,352) and Field Equipment (\$368,909) accounts to the Contractual Services Account in 2022-23 to meet contractual obligations for Records Management System and Digital In Car Video contracts.
- Reappropriate up to \$498,750 from the unencumbered balance in various expense accounts to the Furniture, Office and Technical Equipment Account in 2022-23 for the replacement of three target systems at the Davis Training Facility.
- Reappropriate up to \$117,976.36 from the unencumbered balance in the Contractual Services Account to the Furniture, Office and Technical Equipment Account in 2022-23 for the replacement of three Force Option Simulators (FOS) at the Department's Training Academy sites.

- Reappropriate up to \$226,198 from the unencumbered balance in the Contractual Services Account to the same account in 2022-23 to fund the purchase of software licenses for the Customer Relationship Management Platform (CRM) as the Department has delayed the purchase of additional licenses until CRM is ready to be rolled out.
- Reappropriate up to \$200,000 from the unencumbered balance in the Contractual Services Account to the same account in 2022-23 to fund Lexis Nexis contractual obligations.

EE. Public Accountability

No Recommendation

This Office projects a year-end General Fund surplus of \$744,400, due to vacancies in the Department. The projected surplus is \$177,510 higher than previously reported in the Mid-Year FSR because of delays in hiring.

This Office projects a shortfall of \$3.74 million from the Department's revised General Fund revenue budget of \$6.17 million by year end. The projected shortfall is due to vacancies in the Department.

FF. Public Works/Board

Recommendation No. 22

Attachment 5 – Transfers between Departments and Funds

Attachment 6 – Appropriations from the Unappropriated Balance

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end surplus of \$134,809, comprised of a \$145,274 General Fund surplus and a net \$10,465 special fund over-expenditure. The projected General Fund surplus is due to vacancies in the Board. The special fund over-expenditure is due to Salaries General Account costs for programs that generally provide reimbursements late in the year and unbudgeted contractual services costs associated with online meeting management services for the Board.

Shower Program

In light of delays in the execution of the contract for the Shower Program (formerly Mt. Tabor Shower Services), the Board will not be able to encumber funding for this contract by year end. The contract will provide shower services to the local homeless population at Mt. Tabor Church and surrounding church locations in Council District 8 and is expected to be executed in July 2022. This Office recommends reappropriating up to the unencumbered balance (\$516,525) for these services to 2022-23.

The Board anticipates that it will meet its revised General Fund revenue budget of \$5.83 million by year-end.

This Office recommends the following transactions at this time:

- Transfer \$10,025 from Measure M Local Return Fund, Venice Boulevard Great Streets Enhancements Account to the Board's Contractual Services Account for graffiti removal and beautification work for the Venice Boulevard Great Streets project in Council District 11.
- Appropriate \$68,000 from the Revenue Source Code 5693, Additional Inter-fund transfer Account to the Board's Salaries General Account to resolve delays in the reimbursement for the Sixth Street Bridge and Bridge Improvement Program.
- Appropriate \$42,000 from the Revenue Source Code 5693, Additional Inter-fund transfer Account to the Board's Salaries General Account to resolve a shortfall within the Solid Waste Resource Recovery Fund (SWRFF).
- Transfer \$54,246.17 from the Unappropriated Balance, Public Works Trust Fund Loan Repayment Account to the Information Technology Agency's Contractual Services Account and transfer therefrom to Public Works Trust Fund No. 834/50, Account BSA 1370, Advance to Other Funds, to partially repay the Compete4LA Procurement Portal Loan

2022-23 Special Fund Reappropriation

- Reappropriate up to \$516,525 within the Board of Public Works Contractual Services Account, funded by the Community Development Trust Fund, to fully fund the RCDC Shower Program (formerly the Mt. Tabor Shower Services) to 2022-23.

GG. Public Works/Bureau of Contract Administration
No Recommendation

The Office projects a year-end surplus of \$5.4 million, comprised of a \$0.84 million General Funds surplus and a \$4.56 million in special fund surplus. The projected surplus is primarily comprised of a surplus in the Salaries General Account (\$4.31 million) due to vacancies in the Bureau, and surpluses in the Overtime General Account (\$0.33 million) and Transportation (\$0.49 million) accounts due to reduced projected expenditures in these accounts. The projected surplus is approximately \$2.49 million higher than previously reported in the Mid-Year FSR, due to delays in hiring.

This Office projects the Bureau will exceed its revised General Fund revenue budget of \$31 million by approximately \$0.5 million. This additional revenue is due to higher than anticipated receipts from A permits, forfeitures, and penalties.

No transactions are recommended at this time.

HH. Public Works/Bureau of Engineering
Attachment 3 – New Appropriations

This Office projects a net year-end surplus of \$1.97 million, comprised of a \$0.5 million General Fund over-expenditure and a net \$2.47 million special fund surplus. The projected surplus is

approximately \$4.13 million lower than previously reported in the Mid-Year FSR, due to new General Fund Salaries General Account overspending due to the one-time payments associated with the agreement with the Coalition of City Unions and higher than anticipated hiring of special funded positions.

The Bridge Improvement Program (BIP) has insufficient funds to reimburse staff costs for various departments due to a delay in reimbursements from Caltrans. Of the \$590,000 in total estimated salary expenditures for the BIP, \$160,000 will be reimbursed to the Bureau through the Construction Projects Report. Since these staff costs are eligible to be funded by Measure M, a transfer of \$430,000 in surplus Measure M funds from the Bureau of Street Lighting to the Bureau is recommended under the Bureau of Street Lighting to address the BIP's cash flow issue.

This Office projects the Bureau will meet its revised General Fund revenue budget of \$67.6 million by year end.

This Office recommends the following transactions at this time:

- Transfer \$0.5 million from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account to the Bureau of Engineering's Salaries General Account to address overspending associated with the one-time payments associated with the agreement with the Coalition of City Unions.
- Appropriate \$115,298.27 in State grant reimbursements deposited within the Subventions and Grant Fund No. 305/50 to the SR710 Valley Blvd. Multi-Modal Transportation Improvement Account and transfer therefrom to the Bureau's budgetary accounts to reimburse the Bureau for staff costs.

II. Public Works/Bureau of Sanitation

Recommendation No. 23

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

This Office projects a net year-end surplus of \$21 million, comprised of an \$8.2 million General Fund surplus and a \$12.8 million special fund surplus. The projected surplus is primarily because of surpluses in the Salaries General Account (\$14.8 million) due to vacancies in the Bureau, the Contractual Services Account (\$2.8 million), and the Field Equipment Expense Account (\$1.1 million). The surpluses in the Contractual Services Account and Field Equipment Expense Account is due to increased funding for homelessness clean-ups.

The Bureau anticipates meeting its revised General Fund revenue budget of \$101.7 million by year end.

Hyperion Spill

Overtime expenditures as the result of the wastewater spill have decreased since the Mid-Year FSR. The Bureau has received payments totaling \$22.2 million from the property insurance policy for damage to Hyperion and is in the process of determining how those funds will be used to reimburse the Sewer Construction and Maintenance Fund (SCM) for eligible expenditures. The full impact of the spill is yet to be determined and this Office will provide updates and potential impacts on SCM in future FSRs.

State Utility Relief

The continued moratorium on utility shut-offs has impacted revenues for the Solid Waste Resources Revenue Fund (SWRRF) and SCM. The moratorium has caused significant arrearages and loss of revenue for both funds. The Bureau projects a six percent decrease in revenue for the SWRRF and a seven percent decrease in revenues for the SCM. The Bureau projects sufficient funding within the funds and no impact to operations. To address wastewater arrearages, the Bureau applied for funds administered by the State Water Board and was approved for \$59.7 million in funding. Funds will provide relief for 74,729 residential and 5,220 commercial customers. The Bureau is working with the Los Angeles Department of Water and Power to implement this program to eligible customers. To address the arrearages for solid waste, Council approved an appropriation from the Unappropriated Balance in the amount of \$8 million for the reimbursement to the SWRRF (C.F. 21-0540). There are currently no state or Federal relief programs for solid waste at this time.

Rate Increases

As stated in previous FSRs, SWRRF and SCM are in need of a rate increase. SWRRF has not had a rate increase since 2008 and is currently subsidized by the General Fund in the amount of \$73 million. SCM's last rate increase occurred in 2020. The Bureau is reviewing the SCM rate model in preparation for a rate case in the near future.

Proposition O

The Bureau projects \$600,000 in expenditures for Proposition O activities. These activities are front funded by the Stormwater Pollution Abatement Fund and reimbursed on a yearly basis. If an appropriation is not received by year end, this will likely result in a Reserve Fund loan.

This Office recommends the following transactions at this time:

- Transfer \$2,370,000 from the Bureau's Salaries General Account within the Sewer Operations and Maintenance Fund (SCMO) to the Bureau's Salaries, As-Needed (\$300,000), Overtime General (\$1,000,000), Construction Materials (\$10,000), Contractual Services (\$500,000), Field Equipment Expense (\$30,000), Office and Administrative Supplies (\$500,000) and Operating Supplies (\$30,000) accounts to address over-expenditures in the Clean Water Program operations.
- Transfer \$31,920 from the Sewer Connection Financial Assistance Program Account, a special purpose fund appropriation within the SCMO, to the Board of Public Works for the Sewer Repair Financial Assistance Program.

- Transfer \$1,000,000 from the Bureau's Salaries General Account within the SCMO to the Bureau's Overtime General Account for sewer cleaning.
- Transfer \$200,000 from the Bureau's Salaries General Account within the Stormwater Pollution Abatement Fund to the Bureau's Contractual Services Account for low impact development plan checking and watershed monitoring.
- Transfer \$2,000,000 from the Sanitation Expense and Equipment account, a special purpose fund appropriation within the Solid Waste Resources Revenue Fund, to the Bureau's Salaries General Account.
- Transfer \$50,000 from the Sanitation Expense and Equipment account, a special purpose fund appropriation within the Central Los Angeles Recycling Transfer Station Fund, to the Bureau's Salaries General Account.
- Appropriate \$22,232,474 in insurance payments from the Bureau's Damage Claims and Settlements Account within the Sewer Capital Fund (SCMC) to new accounts within the SCMC (\$12,232,474) and SCMO (\$10,000,000) to address expenditures resulting from the wastewater spill at the Hyperion Water Reclamation Plant.
- Encumber the remaining balances within the General City Purposes Fund's Lifeline Rate Program and Solid Waste Fee Reimbursement accounts to pay 2021-22 invoices.

JJ. Public Works/Bureau of Street Lighting

Attachment 5 – Transfers between Departments and Funds

This Office projects a net year-end surplus of \$1.62 million, comprised of a \$1.51 million General Fund surplus and a \$0.11 million special fund surplus. The projected surplus is approximately \$1.08 million higher than previously reported in the Mid-year FSR, due to lower than anticipated hiring activity by the Bureau. The projected surplus is primarily comprised of surpluses in the Salaries General (\$0.81 million), Hiring Hall Salaries (\$0.53 million), and Contractual Services (\$0.74 million), offset by over-expenditures in the Hiring Hall Benefits (\$0.15 million) and Operating Supplies (\$0.43 million) accounts. The Salaries General surplus is due to lower than projected hiring activity by the Bureau. The Hiring Hall Salaries Account surplus and the Hiring Hall Benefits Account over-expenditure are due to a transfer for projects that incorrectly balanced the costs between these two accounts. The Contractual Services surplus is due to delays in finalizing contracts with vendors. The Operating Supplies over-expenditure is due to inflationary pressures on the cost of materials and supplies.

This Office projects the Bureau will meet its revised General Fund revenue budget of \$16.23 million by year end.

This Office recommends the following transactions at this time:

- Transfer \$39,420 within the Street Lighting Maintenance Assessment Fund (SMLAF), for the reimbursement of NASA Grant Administrative Fees and Materials.
- Transfer \$110,288 from the CRA/LA Excess Non-Housing Bonds Proceeds to the Bureau's Salaries General Account (\$8,500), Street Lighting Improvements Account (42,500), and SLMAF (\$59,288) to reimburse for salaries and supplies for work on Vermont Avenue between Hollywood Boulevard and Franklyn Boulevard.
- Transfer \$70,000 from the Measure M Fund to the Bureau's Overtime Account to reimburse Vision Zero Traffic Signal project costs.
- Transfer \$7,634 from the Road Maintenance and Rehabilitation Fund to reimburse SLMAF for work on Security Lighting Unit 20 Project.
- Transfer \$81,909 from the Road Maintenance and Rehabilitation Fund to the Bureau's Salaries General Account (\$12,000) and SLMAF (\$69,909) to reimburse salary and supply costs associated with the Olympic Boulevard – Lake Street to Western Avenue project.
- Transfer \$90,847 from the Road Maintenance and Rehabilitation Fund to the Bureau's Salaries General Account (\$15,000) and SLMAF (\$75,847) to reimburse salary and supply costs associated with the Wilshire Boulevard – Grand Avenue to Hoover Street project.
- Transfer \$430,000 from the Bureau of Street Lighting, Department 84, Fund 59C, Account 1010 to the Bureau of Engineering, Department 78, Fund 59C, Account 1010 to cover for a shortfall in Bridge Improvement Program reimbursements.
- Transfer \$225,000 from the Capital Improvement Expenditure Program, Digital Inclusion Account to the Library Service Trust Fund for the Digital Inclusion Expand Tech2Go project.
- Transfer \$1,801,000 from the Community Development Trust Fund to the Bureau's Salaries General (\$346,000), Hiring Hall Salaries (\$10,000), Hiring Hall Benefits (\$10,000), Contractual Services (\$410,000), Operating Supplies (\$120,000), and Street Lighting Supplies (\$905,000) accounts for the following Community Development Block Projects: Elysian Valley Phase 7 (\$225,000); North Hollywood Area 3 (\$10,000); Arleta-Weidner (\$40,000); Pacoima-Tamarack (\$126,000); Panorama City (\$435,000); Sun Valley Project (\$10,000); Valerio Street (\$460,000); Skid Row Improvements (\$50,000); Huntington Drive (\$25,000); and, San Pedro Area 4 (\$420,000) projects.

KK. Public Works/Bureau of Street Services

Recommendation Nos. 25 and 26

Attachment 3 – New Appropriations

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 6 – Appropriations from the Unappropriated Balance

This Office projects a net year-end over-expenditure of \$1.59 million, comprised of a \$1.63 million net General Fund over-expenditure and a \$0.04 million net special fund surplus. The projected General Fund over-expenditure is driven by overspending in the Salaries General (\$0.88 million), Overtime General (\$0.6 million), and Contractual Services (\$0.26 million) accounts. These over-expenditures are due to off-budget work completed in advance of reimbursements from off-budget funding sources and the one-time payments associated with the agreement with the Coalition of City Unions. This Office recommends a transfer from the Unappropriated Balance to the Bureau's Salaries General Account to address the projected overspending.

The projected special fund surplus is comprised of a surplus in the Salaries General Account (\$1.21 million) due to vacancies in the Bureau, offset by overspending in the Overtime General (\$0.61 million) and Contractual Services (\$0.56 million) accounts from expenditures front funded by the Bureau for work associated with off-budget program funding. Our projections assume the Bureau will receive the requested appropriations from special purpose, off-budget, and grant funds by year end.

This Office projects the Bureau will exceed its revised General Fund revenue budget of \$80.04 million by \$0.5 million. This additional revenue is due to higher than anticipated receipts from the Department of Water and Power for sidewalk repair work.

This Office recommends the following transactions at this time:

- Transfer \$1,492,437 from Reserve Fund to the Salaries General (\$632,437), Overtime General (\$600,000), and Contractual Services (\$260,000) accounts to reimburse the Bureau for Sidewalk Repair projects pursuant to the MOU between the Bureau and LADWP. The LADWP revenue for this work was booked as General Fund revenue, but an offsetting appropriation to the Bureau was not included in the 2021-22 Adopted Budget. The LADWP revenue was included for overall City budget balancing and a transfer from the Reserve Fund is needed to reimburse the Bureau.
- Appropriate \$1,480,000 within the Public Works Trust Fund to the Bureau's Salaries General Account (\$640,000), the Salaries Overtime Account (\$600,000) and the Contractual Services Account (\$240,000) to reimburse the Bureau for work performed on the Metro Crenshaw project.

- Reduce appropriations in the Bureau's Salaries General Account funded by the Proposition C Anti Gridlock Fund by \$1,885,516 to align appropriations with projected expenditure patterns through year end.
- Transfer \$116,000 from the Bureau's Utilities Expense Private Co Account to LAWA pursuant to the MOU for the Imperial Highway project.
- Transfer \$4 million from prior year Failed Streets accounts within the Road Maintenance and Rehabilitation Fund to the Bureau's Construction Materials (\$3 million) and Operating Supplies (\$1 million) accounts due to the increased costs associated with the Failed Streets Program.
- Transfer \$883,627 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account, to the Bureau's Salaries General Account to address projected overspending.

LL. Recreation and Parks

No Recommendation

This Office projects a net year-end special fund surplus of \$3.66 million, consisting primarily of a surplus in the Salaries General Account (\$6.81 million), offset by an over-expenditure in the Salaries As-Needed Account (\$3.49 million). The surplus in the Salaries General Account is due to vacancies in the Department. The Department continues to collaborate with the Personnel Department to hire staff in a number of priority areas, including Recreation and Aquatics, Maintenance and Construction, Public Safety, Capital Projects and Planning. The over-expenditure in the Salaries As-Needed Account is due to the one-time cash payment associated with the agreement with the Coalition of City Unions. The Department can address this overspending by paying these one-time payments from its Salaries General Account.

This Office projects that the Department will meet its revised special fund revenue budget of \$38.2 million by year end.

MM. Transportation

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

This Office projects a net year-end surplus of \$18.56 million consisting of a net \$6.07 million General Fund surplus and a net \$12.48 million special fund surplus. The projected surplus is approximately \$5.6 million (\$4.74 million in General Fund and \$0.85 million in special funds) higher than previously reported in the Mid-Year FSR. The increased projected surplus is due to a slower than projected pace of Department hiring, lower than projected use of as-needed staff, and revised overtime expenditure projections due to the resurgence and unpredictability of COVID-19 impacts on special events and the deployment of overtime staffing.

The General Fund surplus is primarily comprised of projected surpluses in the Salaries As-Needed (\$2.33 million) and Overtime General (\$5.37 million) accounts, offset by projected over-expenditures in the Salaries General (\$0.36 million), Contractual Services (\$1 million) and Office and Administrative (\$0.25 million) accounts. The special fund surplus is primarily comprised of projected surpluses in the Salaries General (\$10.3 million) and Salaries As-Needed (\$2.72 million) accounts, offset by projected over-expenditures in the Overtime General Account (\$0.58 million). In this report, this Office recommends several transfers to partially address projected overspending. The Department states that it will work to resolve the remaining General Fund and Special Fund over-expenditures through the year-end reversion exercise through the re-allocation of expenditures to eligible and available funding sources.

The most significant surpluses and over-expenditures are discussed below:

- Salaries General (General Fund over-expenditure - \$0.36 million): The projected over-expenditure is due to the one-time cash payment associated with the agreement with the Coalition of City Unions.
- Salaries General (Special Fund surplus - \$10.3 million): The projected surplus is due to a slower than projected pace of hiring and ongoing staff attrition.
- Salaries As-Needed (General Fund and Special Fund surpluses - \$5.05 million): The projected surpluses are due to the lower than projected use of as-needed staff.
- Overtime General (General Fund surplus - \$5.37 million): The projected surplus is due to revised overtime expenditure projections due to the resurgence and unpredictability of COVID-19 impacts on special events and the deployment of overtime staffing.
- Overtime General (Special Fund over-expenditure – (\$0.58 million): The projected over-expenditure is due to anticipated traffic control expenditures for major special events at the end of the fiscal year, including the Summit of the Americas in early June.
- Contractual Services (General Fund over-expenditure - \$1 million): The projected over-expenditure is due to unbudgeted contractual services costs associated with a task order change for additional Mobility Data Specification support and increased requests for various services such as grant writing support and translation service.
- Office and Administrative (General Fund over-expenditure - \$0.25 million): The projected over-expenditure is due to higher than projected costs for transportation planning and design software, IT cloud support renewals, and equipment for telecommuting staff.

This Office projects the Department will meet its revised General Fund revenue budget of \$67.77 million by year end.

This Office recommends the following transactions at this time:

- Transfer \$1,000,000 from the Department's Salaries As-Needed Account to the Department's Contractual Services Account to pay for unbudgeted expenses associated with the relocation of Field Operations and Parking Enforcement to new facilities and unanticipated increases in contractual services expenses due to staff vacancies.
- Transfer \$957,700 from the Measure M Local Return Fund, Autonomous Vehicles Program Account to a new account within Measure M for Transportation Technology. Given the rapid shift in transportation technology and the increased interest at the Federal level, LADOT is looking to expand the scope of the funding to include Advanced Aerial Mobility and other emerging transportation technologies, including Autonomous Vehicles.
- Transfer \$49,166 from the Coastal Transportation Corridor Trust Fund's Westside Fast Forward Speed Safety Account to the Department's Overtime General account for project overtime staff costs.
- Transfer \$240,000 from the Mobile Source Air Pollution Reduction Fund and \$360,000 from the Measure M Local Return Fund Open Streets Program accounts to the Department's Overtime General Account for Open Streets Program overtime staff costs.
- Transfer \$10,151 from the Department of Transportation Trust Fund's Riverside Drive Improvements account to the Department's Overtime General Account for project overtime staff costs.
- Transfer \$1,583,805 from the Department of Transportation Trust Fund's Special Events revenue account to the Department's Overtime General account to reimburse for staff overtime costs associated with various sponsored special events.
- Transfer \$778,173 in interest income from the Transportation Grants Fund to the Proposition C Anti-Gridlock Transit Improvement (Proposition C) Fund as front-funding for transportation grant projects.
- Transfer \$5,559,675 from the available cash balance within the Transportation Grants Fund to the Proposition C Revenue Source Code to reimburse for front-funding direct labor costs for transportation grant projects.
- Transfer \$3,441,895 from the available cash balance within the Transportation Grants Fund to reimburse various Departments and Bureaus 2020-21 related costs.
- Transfer \$1,169,143 from the available cash balance within the Transportation Grants Fund to the General Fund as reimbursement for various departments and bureaus 2021-22 related costs.

- Transfer \$120,000 from the available cash balance within the Transportation Review Fee Fund to the Department's Overtime General account to reimburse for associated labor costs.
- Transfer \$40,000 from the Neighborhood Traffic Management Fund's Paseo Plaza account to the Department's Overtime General account to reimburse for labor costs associated with the project.
- Transfer \$129,770 from the Transportation Grants Fund's Interactive Bicycle Board Demo account to the Prop C Bicycle Plan/Program account to reimburse for costs associated with the project.

2022-23 General Fund Reappropriations

- Reappropriate up to \$1,614,791 from the unencumbered balance within the Department's Contractual Services Account to implement the L.A. Al Fresco program low-income grant program in 2022-23, as policy changes were recently adopted by the City Council in March 2022 to establish a permanent L.A. Al Fresco Program, which includes a grant program and eligibility criteria (Council File 20-1074). The grant program is anticipated to begin in 2022-23.
- Reappropriate up to \$1,600,000 from the unencumbered balance within the Department's Contractual Services Account to fund the development of a curb asset management system and integration with other systems that detect use and activities performed at curb zones in 2022-23, as progress on the project scope was delayed in 2021-22 in order to wait for existing projects to be completed, and due to reduced staff capacity to develop the project scope.
- Reappropriate up to \$500,000 from the unencumbered balance within the Department's Contractual Services Account to develop and support the Mobility Investment Program in 2022-23, as progress has been delayed in 2021-22 due to reduced staff capacity as the Department continues to fill vacancies.
- Reappropriate up to \$375,000 from the unencumbered balance within the Department's Contractual Services Account to update the Citywide Travel Demand Model in 2022-23 as part of a legal requirement of an update every five years to be used by City transportation staff to estimate transportation project impacts, as the Department will not be able to encumber funds for this work by year end.

NN. Youth Development

Attachment 5 – Transfers between Departments and Funds

Attachment 10 – General Fund Reappropriations

Attachment 11 – Special Fund Reappropriations

This Office projects a net year-end General Fund surplus of \$143,908, due to delayed hiring. The projected surplus is \$114,134 lower than previously reported in the Mid-Year FSR, which is

primarily because of reimbursements to the Mayor's Office for staff on loan to the Department through January 2022 approved in the Mid-Year FSR. The Executive Director position on loan from the Mayor's Office transferred to the Department in March and one Mayoral Aide remains on loan. This Office recommends reimbursing the Mayor's Office for the remaining salary costs associated with these two positions.

Olivia Mitch Youth Council Educational Stipends

The Department proposes to provide a monthly educational stipend of \$300 to each of the 30 members of the Olivia Mitchell Youth Council. The annual cost per member is expected to be \$3,600 and the total annual cost for all is expected to be \$108,000. Pursuant to Motion (Rodriguez-de Leon) (C.F. No. 21-0182-S1), the funding for these stipends is proposed to be an ongoing annual obligation beginning in 2021-22. The proposed educational stipend policy is pending consideration by the Budget and Finance Committee. This Office recommends that no funds be expended until the Council approves the policy.

Should the Olivia Mitchell Youth Council educational stipend policy be approved by the City Council, costs of approximately \$18,000 would be incurred in the current fiscal year and \$108,000 would be incurred on an ongoing basis beginning in 2022-23. Assuming the transfers recommended in this FSR are approved, the Department is projected to have year-end salary savings of \$89,000. Should the City Council initiate this program in the current year, these savings would be reduced by \$18,000 to \$71,000. These funds would be insufficient to cover the 2022-23 full year costs of \$108,000. The 2022-23 Adopted Budget provides an additional appropriation of approximately \$37,000 to cover the remaining funding gap. This Office recommends that the reappropriation of the Department's salary savings for the educational stipends be addressed concurrently with the pending Motion so that policy and funding issues can be addressed at the same time.

The Department has no budgeted General Fund revenues.

This Office recommends the following transactions at this time:

- Transfer \$54,386.68 from the Department's Salaries General Account to the Mayor's Office Salaries General Account for staff on loan from the Mayor's Office.

2022-23 General Fund Reappropriation

- Reappropriate up to \$570,000 from the unencumbered balance within the Department's Contractual Services Account for the development of its 1) strategic plan (\$300,000), 2) Youth Council curriculum and facilitation (\$125,000), 3) summer youth summit (\$125,000), and 4) for the provision of information technology support (\$20,000). The reappropriation of funds is required as the Department may not be able to execute these contracts and encumber the funds prior to the end of the year.

2022-23 Special Fund Reappropriation

- Reappropriate up to \$1,026,147 from the unencumbered balance within various accounts for the CaliforniansForAll Youth Workforce Program Grant. The reappropriation of funds is required as the funds are for the provision of a two-year grant.

OO. Zoo

No Recommendation

This Office projects a year-end surplus of \$583,777, comprised of \$91,528 in General Fund and \$492,249 in special funds. The surplus is primarily because of vacancies in the Department and lower than anticipated use of as-needed staff, and is \$70,038 lower than previously reported in the Mid-Year FSR due to the unbudgeted one-time cash payment related to the agreement with the Coalition of City Unions.

This Office projects year-end special fund revenue at \$20.8 million. This projection excludes the \$1.2 million General Fund appropriation to the Zoo Enterprise Trust Fund. A \$3.8 million year-end Special Fund revenue shortfall remains, after accounting for the \$1.2 million General Fund appropriation to the Zoo Enterprise Trust Fund included in the 2021-22 Adopted Budget.

The Department requested a \$4.4 million supplemental appropriation from the Unappropriated Balance, Zoo and El Pueblo Shortfalls Account to offset the remaining year-end revenue gap and maintain a reserve in the Zoo Enterprise Trust Fund for emergencies. This Office does not recommend an appropriation from the Unappropriated Balance to the Zoo Enterprise Trust Fund as the revenue gap can be fully offset by the Trust Fund's cash balance and the balance in the funds in the Zoo and El Pueblo Shortfalls Account will be used for Citywide budget balancing.

Zoo Lights Event

The Department conducted the annual Zoo Lights event during Fall 2021. Pursuant to Council File 21-1016, the Council authorized the use of the Zoo Enterprise Trust Fund cash balance to front fund costs in anticipation of future revenue from this event. Actual revenue received from this event was \$2,460,683 and actual expenditures were \$1,640,000, which resulted in a net revenue of \$820,683 from the Zoo Lights event. The revenue from the Zoo Lights event is included in the \$20.8 million revenue projection noted above.

2. STATUS OF NON-DEPARTMENTAL FUNDS AND SPECIAL ACCOUNTS

This section addresses the status of non-departmental expenditures and revenues and highlights issues of concern.

A. General City Purposes

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

Attachment 6 – Appropriations from the Unappropriated Balance

Attachment 10 – General Fund Reappropriations

Account	Account Name	Net Surplus / (Deficit)
000510	Medicare Contributions	\$ (1,482,378)
000570	Social Security Contributions	517,769
000577	Pensions Savings Plans	252,332
	Total	\$ (712,277)

This Office projects a net year-end over-expenditure of \$712,277 in the payroll accounts within the General City Purposes (GCP) budget, comprised of projected surpluses in the Social Security Contributions (\$517,769) and Pensions Savings Plans (\$252,332) accounts, offset by an over-expenditure in the Medicare Contributions Account (\$1.48 million).

The projected over-expenditure is approximately \$1.08 million lower than previously reported in the Mid-Year FSR (\$1.79 million). While overall overspending decreased, the estimated over-expenditure in Medicare Contributions Account increased due to one-time payments associated with the agreement with the Coalition of City Unions. These payments also impacted the Pensions Savings Plans Account, decreasing the available surplus. To offset the projected over-expenditures in the Medicare Contributions Account, this Office recommends transferring the available surpluses in the Social Security Contributions and Pensions Savings Plans accounts to the Medicare Contributions Account. An additional appropriation from the Unappropriated Balance is also recommended to address the remaining overspending.

Previous projections also included an over-expenditure of \$1.45 million for LA's Best costs, which are now anticipated to be incurred in 2022-23 due to delays in executing the agreement. Therefore, this Office recommends reappropriating the unencumbered balance of \$1.0 million to defray costs associated with the LA's Best Program in 2022-23.

This Office recommends the reappropriation of \$26.76 million from various accounts for community services in Council Districts in accordance with C.F. 20-0600-S83 (Reinvestment of Police Funds to Impacted Communities), which are currently in process and are not anticipated to be executed by year-end. This includes \$7.75 million in the Unarmed Response to Homelessness and Non-Violent Calls Account for the development of an unarmed model of crisis response (C.F. 20-0600-

S83). The table below shows the breakdown of the \$7.75 million for Unarmed Response to Homelessness and Non-Violent Calls by Council District that we recommend reappropriating:

Summary of Unarmed Model of Crisis Response Funding by Council District

Council District	Amount
Council District 6	\$3,000,000
Council District 8	1,600,000
Council District 9	2,100,000
Council District 10	420,000
Council District 13	334,000
Council District 14	300,000
Total	\$7,754,000

This Office is currently evaluating Request for Proposals (RFP) submissions and expects to complete the RFP process in 2022-23. This Office also recommends the reappropriation of \$10.15 million in the Homeless Prevention and Eviction Defense Account to support the Housing Department's existing contract with the Legal Aid Foundation of Los Angeles (C-138260) for the continued provision of eviction defense services in 2022-23. This Office is evaluating the Housing Department's request to increase the contract ceiling, and conducting an assessment of available balances and the anticipated expenditures for the Eviction Defense Program in 2022-23.

The City must also pay the Tier 5 Fire and Police Pension Plan (Plan) one-percent of the service credits that members claimed for periods during which the Plan was at least 100-percent actuarially funded. The Los Angeles Fire and Police Pension System requests payment of \$28,261.39 for the City's obligation for member service buybacks for 2020-21. The service periods that the buybacks cover are between January 1, 2002 and June 30, 2006, during which time the Plan was at least 100-percent actuarially funded.

This Office recommends the following transactions at this time:

- Transfer \$770,101 from the Social Security Contributions (\$517,769) and Pensions Savings Plan (\$252,332) accounts to the Medicare Contributions Account to offset a portion of the projected overspending.
- Transfer \$712,277 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account to the General City Purposes' Medicare Contributions Account to offset a portion of the projected overspending.
- Transfer \$28,261.39 from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account to the General City Purposes' Fire and Police Pensions Defrayal Account, and transfer therefrom to the Fire and Police Pensions Fund to pay for the City's one-percent Fire/Police Pension – Tier 5 contribution defrayal costs.

2022-23 General Fund Reappropriations

- Reappropriate up to \$1,000,000 from the unencumbered balance within the General City Purposes' LA's Best Account to defray costs related to the LA's Best program.
- Reappropriate up to \$26,760,146 from the unencumbered balance within various accounts in the General City Purposes Fund for community services in Council Districts in accordance with C.F. 20-0600-S83 (Reinvestment of Police Funds to Impacted Communities), which are currently in process and are not anticipated to be executed by year-end.
- Reappropriate up to \$10,150,958 from the unencumbered balance within the General City Purposes' Homeless Prevention and Eviction Defense Account to support the Housing Department's existing contract with the Legal Aid Foundation of Los Angeles (C-138260) for the continued provision of eviction defense services in 2022-23. This Office recommends a reappropriation of funding in the GCP pending review of the Department's request to increase the contract ceiling and an assessment of available balances and the anticipated expenditures for the Eviction Defense Program in 2022-23.

B. Unappropriated Balance

Attachment 6 – Appropriations from the Unappropriated Balance

Attachment 7A – Status of the UB – General Account

Attachment 7B – Status of the UB – Reserve for Mid-Year Adjustments

Attachment 7C – Status of the UB – Non-General Accounts

The 2021-22 Adopted Budget includes \$531.5 million for the Unappropriated Balance (UB). Through May 26, 2022, the Mayor and City Council have approved a net of approximately \$403.4 million in transactions.

The transactions in the Mid-Year FSR left the Reserve for Mid-Year Adjustments Account depleted. This report includes recommendations to transfer \$17.0 million from the Reserve Fund and \$9.8 million from the Zoo and El Pueblo Revenue Shortfalls Account into the Unappropriated Balance, Reserve for Mid-Year FSR Adjustments Account, to replenish the account for a total available balance of \$26.8 million. The transactions recommended in this report address several departments' overspending and unfunded expenditures as described in Table 3.

In addition, this report also includes recommendations to transfer \$2.8 million from various UB accounts. This leaves a remaining balance of approximately \$115.6 million.

This Office recommends the following transactions:

- Transfer \$17.0 million from the Reserve Fund to the Unappropriated Balance, Reserve for Mid-Year Adjustments Account.
- Transfer \$9,776,376 from the Zoo and El Pueblo Revenue Shortfalls Account to the Reserve for Mid-Year Adjustments Account.

- Transfer \$26.8 million from the Unappropriated Balance, Reserve for Mid-Year Adjustments Account to various departments and funds as detailed in this report.
- Transfer \$309,740 from the Zoo and El Pueblo Revenue Shortfalls Account to the El Pueblo De Los Angeles Historical Monument cash balance to offset projected revenue shortfalls in the Fund and ensure sufficient fund for operation costs.
- Transfer \$1,466,864.48 from the Fire Departmental Compensation Adjustments to the Fire Department's Salaries Sworn Account to offset projected overspending.
- Transfer \$1,000,000 from the Angelino Connect Program to the Mayor's Office Contractual Services Account.
- Transfer \$54,246.17 from the Public Works Trust Fund Loan Repayment Account to the Information Technology Agency's Contractual Services Account and transfer therefrom to Public Works Trust Fund No. 834/50, Account BSA 1370, Advance to Other Funds, to partially repay the Compete4LA Procurement Portal Loan.

C. Human Resources Benefits

Attachment 4 – Transfers between Accounts within Departments and Funds

This Office projects a net year-end surplus of \$4.1 million for the Human Resources Benefits Fund (Fund). The projected surplus is approximately \$1 million lower than previously reported in the Mid-Year FSR, which is primarily due to higher than anticipated costs for Workers' Compensation, Civilian FLEX Program, and Fire Health and Welfare offset by lower than anticipated costs for Unemployment Insurance and Police Health and Welfare.

The projected surplus is comprised of surpluses in the Unemployment Insurance (\$1.8 million), Civilian Flex Program (\$3.5 million), Police Health and Welfare Program (\$3.8 million), and Supplemental Civilian Union Benefit (\$0.2 million) accounts, due to lower than anticipated enrollment by civilian and Police sworn employees, and lower than anticipated Unemployment Insurance claim costs. These surpluses are offset by projected over-expenditures in the Workers' Compensation (\$4.7 million) Account due to increased costs for workers' compensation that include COVID-19 claims (\$4.7 million) and the Fire Health and Welfare Program Account (\$0.5 million) due to increased costs for Fire health and dental premiums (\$0.5 million).

This Office recommends transfers from the Civilian Flex Program and Police Health and Welfare Program accounts to address the projected over-expenditures.

This Office projects a shortfall of approximately \$0.3 million from its revised General Fund revenue budget of \$3.3 million by year end.

This Office recommends the following transfers at this time:

- Transfer \$2.5 million from the Civilian FLEX Program Account to address projected over-expenditures in the Workers' Compensation Account.
- Transfer \$2.2 million from the Police Health and Welfare Account to address projected over-expenditures in the Workers' Compensation Account.
- Transfer \$515,000 from the Police Health and Welfare Account to address projected over-expenditures in the Fire Health and Welfare Account.

D. Liability Claims Account

Recommendation Nos. 29 H. through J.

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 8 – Status of Liability Accounts

The 2021-22 Adopted Budget provides \$87.37 million for Liability Payouts, allocated between the Miscellaneous Liability Payouts (\$80 million) and Public Works, Sanitation Liability Payouts (\$7.37 million) accounts. The Unappropriated Balance (UB) Reserve for Extraordinary Liability Account included supplemental funding of \$23.84 million to pay for both tort liability and tax-related cases beyond the amount provided in the Liability Claims Account.

As of May 13, 2022, \$66.22 million of the \$107.5 million has been expended from the Liability Claims Account. Including an additional \$7.62 million pending payment, the total committed amount is \$73.84 million. Therefore, \$33.66 million (31-percent), of which \$4.63 million is budgeted for Bureau of Sanitation matters, represents the available balance for the remainder of the fiscal year. Based on the current rate of payouts pending Council approval (\$17.04 million), and the remaining anticipated payout recommendations (\$12.45 million), the projected year-end balance is approximately \$4.17 million. This amount is entirely for Bureau of Sanitation matters and does not include any General Fund balance.

The 2022-23 Budget assumes the receipt of the \$10.5 million settlement proceeds from the resolution of False Claims Act litigation matters related to wireless services (C.F. 22-0107) to pay settlement approved expenditures. These receipts are expected to arrive prior to the end of 2021-22. Pursuant to the settlement, the City must make several payments within 30 days of receipt of those funds. As the appropriation for those payments is in the 2022-23 Unappropriated Balance, this Office recommends that the Council consider transfers from that account during its July 1 meeting.

This Office recommends the following transactions at this time:

- Reappropriate \$982,712.45 in uncommitted balances from 2019-20 (\$441,768.15) and the 2020-21 (\$540,944.30) Liability Claims Accounts within the Solid Waste Resources Revenue Fund to 2021-22 Liability Claims Fund No. 100/59, Account No. 009794, Public Works, Sanitation Liability Payouts to address current year anticipated settlements.

2022-23 Actions

- Transfer \$4,520,250 from UB Fund No. 100/58, account number to be determined, California False Claims Act Settlement to the following accounts:
 - \$1,250,000 to the Office of City Attorney Fund No. 100/12, Account No. 009301, City Attorney Outside Counsel for fees and expenses pursuant to the contingency fee agreement;
 - \$3,020,000 to Liability Claims Fund No. 100/59, Account No. 009999, Miscellaneous Qui Tam Liability Payouts for a settlement with Communications Brokers & Consultants, Inc. and the minimum statutory qui tam share for Mr. Richard Knudsen; and,
 - \$250,250 to the Consumer Protection Trust Fund No. 550/12, Account No. 12T307, False Claims Receipts to support ongoing investigation and prosecution of false claims.
- Authorize the City Attorney to draw a demand from Liability Claims Fund No. 100/59, Account No. 009999, Miscellaneous Qui Tam Liability Payouts, as follows:
 - Communications Brokers & Consultants, Inc. in the amount of \$1,445,000; and
 - Mr. Richard Knudsen, in the amount of \$1,575,000.
- Authorize the City Attorney, or designee, to make necessary technical adjustments, subject to the approval of the City Administrative Officer, and authorize the Controller to implement the instructions.

E. Los Angeles City Employees' Retirement System (LACERS)

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

This Office recommends the following transaction at this time:

- Transfer \$146,243.02 from the Department's Contractual Services Account to the Department's Salaries, As-Needed Account and therefrom to the Mayor's Salaries, As-needed Account for the salary costs of staff on loan to the Department from July 2021 through June 2022.

3. STATUS OF EMPLOYMENT

Attachment 9 – Employment Level Report

Citywide employment authority from all funding sources totaled 37,282 at the end of March for both civilian and sworn classes. There were 31,195 filled positions at the end of March. Departments reported a total of 6,087 vacant positions: 3,580 General Fund and 2,507 special funded.

4. STATUS OF THE STATE BUDGET

No Recommendation

On January 10, 2022, Governor Newsom released the revised 2022-23 State budget proposal, also referred to as the May Revision. The May Revision estimates a budget surplus of \$54.6 billion: \$0.4 billion in 2020-21, \$30.3 billion in 2021-22, and \$23.9 billion in 2022-23. Though the revenue forecast has increased, there are increased economic uncertainties as the war in Ukraine, global supply chain disruptions, and record rates of inflation continue. The May Revision includes \$37.1 billion in budgetary reserves and plans to prepay billions of dollars in state debt and make supplemental deposits into the Rainy Day Fund. It also reflects \$49.2 billion in discretionary surplus, and the overall budget plan spends 94 percent of the discretionary surplus on one-time projects. The budget proposals with potential impacts to the City are listed below:

Increasing Affordable Housing Options

The May Revision adds \$500 million over two years to accelerate the development of affordable housing focusing the majority of these investments on development in and near downtowns throughout the state specifically to convert existing infrastructure, underutilized retail space, and commercial buildings into residential uses.

Homelessness and Mental Health

Governor Newsom proposes an additional \$2 billion over two years to continue the state's efforts to address homelessness by investing in behavioral health housing and encampment cleanup grants. These intend to serve as a bridge to other related efforts such as Homekey and California Advancing and Innovating Medi-Cal, which will redesign Medi-Cal to better serve Californians, including individuals experiencing homelessness and provide long-term care. The May Revision includes an additional \$150 million to fund more Homekey projects for a total of \$2.9 billion over two years. In addition, \$500 million is provided over two years for the development of interim housing.

Local Homelessness Plans and Accountability

Local governments are required to submit local homelessness action plans to the California Interagency Council on Homelessness by June 30, 2022 as a condition of receiving funding through the Homeless Housing, Assistance and Prevention (HHAP) Program. As part of the 2021 Budget Act, \$1 billion is currently available for HHAP in 2022-23.

Public Safety

The Budget proposes \$285 million over three years for grants to enhance local law enforcement response to organized retail theft crime, as well as assist local prosecutors in holding perpetrators

accountable. The May Revision includes \$50 million in local law enforcement grants to support officer wellness and \$30 million for grants to assist minor who are victims of sex trafficking and to continue funding for the Internet Crimes Against Children Task Force Program.

Nature-Based Solutions

The May Revision includes \$10 million to support a compost permitting pilot program that will help local government entities and facilities locate and permit small and medium-sized compost facilities.

The Legislature is holding hearings on Governor Newsom's revised budget. The constitutional deadline for Legislature to send the Governor a budget is June 15th. This Office will continue to monitor the State budget and will provide status updates as necessary.

5. SPECIAL GAS TAX IMPROVEMENT FUND

Recommendations Nos. 18, 24, and 28

Based on actual Gas Tax receipts through April 2022, totaling \$76.1 million, this Office now projects a revenue shortfall of \$10.3 million. The projected shortfall is \$1.5 million lower than previously reported in the Mid-Year FSR (\$11.8 million). This Office addressed approximately \$0.8 million of the revenue shortfall by reducing appropriations to various departments in the Mid-Year FSR. At this time, this Office recommends another \$9.5 million in reductions, for a combined total of \$10.3 million in reductions, in the following appropriations within the Special Gas Tax Improvement Fund: Reimbursement to the General Fund (\$8.9 million); Bureau of Street Lighting (\$0.5 million); and General Services Department (\$0.13 million).

This Office recommends the following transactions at this time:

- Relative to the projected \$10.3 million shortfall in the Special Gas Tax Improvement Fund No. 206/50 associated with increased fuel costs:
 - Reduce appropriations in the amount of \$8,884,089 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V299, Reimbursement to the General Fund. This recommendation is consistent with the General Fund revenue assumptions of the 2022-23 Adopted Budget;
 - Reduce appropriations in the amount of \$500,000 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V184, Bureau of Street Lighting;
 - Reduce appropriations in the amount of \$500,000 within the Bureau of Street Lighting Fund No. 100/84, Account No. 001010, Salaries General;
 - Reduce appropriations in the amount of \$125,000 within the Special Gas Tax Improvement Fund No. 206/50, Account No. 50V140, General Services; and,
 - Reduce appropriations in the amount of \$125,000 in the General Services Fund No. 100/40, Account No. 001010, Salaries General.

6. NINTH SUMMIT OF THE AMERICAS

Recommendation No. 12

Attachment 4 – Transfers between Accounts within Departments and Funds

Attachment 5 – Transfers between Departments and Funds

The Ninth Summit of the Americas (Summit) is scheduled to take place from June 6, 2022 through June 10, 2022. The Summit is a convening of the heads of state and government from the Western Hemisphere to discuss policy issues and promote cooperation towards regional, inclusive economic growth, and prosperity. This will be the first time the United States has hosted the Summit since the inaugural meeting in Miami in 1994 and the first time the City will host a major head of state summit.

On May 12, 2022, this Office released a memorandum instructing departments to track any expenditures related to the Summit for potential reimbursement. The City is seeking federal and state reimbursements related to personnel, including overtime, and equipment costs, but reimbursement of these costs is not guaranteed and any reimbursements will not be received until after the conclusion of the Summit and the close of the fiscal year. The City anticipates that any expenses incurred will not be for the actual events of the Summit, but primarily for security and public safety around the event. While departments will be front-funding many of the personnel costs, some reimbursements are needed sooner to ensure departments have sufficient funding for regular operations and expenses through year end. These expenses will go toward the setup of the security staging areas and will include traffic control, vehicle rentals, portable restrooms, tables, chairs, and other logistics. Therefore, this Office recommends a transfer of funding to the Fire Department, Police Department, and Department of Transportation. This Office further recommends a transfer of funding to a new account for cost contingencies for unexpected costs related to the Summit.

This Office recommends the following transactions at this time:

- Transfer \$305,200.43 from the General City Purposes Fund 100/56, Account 000955 titled COVID-19 Emergency Response to the Fire Department (\$232,725), Police Department (\$41,475.43), and Department of Transportation (\$31,000).
- Transfer \$400,000 within the General City Purposes Fund 100/56, from Account 000955, COVID-19 Emergency Response to Account TBD, Summit of the Americas Contingency.
- Authorize the Controller to transfer up to \$400,000 to various departmental accounts from General City Purposes Fund 100/56, Account TBD, Summit of the Americas Contingency, upon the review of expenditure documentation and recommendation of the CAO, and the approval of the Mayor's Office outlining the amount and departmental accounts to be reimbursed.

7. EXEMPTIONS FROM GENERAL FUND ENCUMBRANCE POLICY

Attachment 12 – Exemptions from General Fund Encumbrance Policy

Under the City's General Fund Encumbrance Policy, the City will disencumber and revert any Financial Management System (FMS) encumbered funds that remain unspent for a period longer than one fiscal year and any Supply Management System (SMS) encumbrances that remain unspent after three years. Funds for capital projects are exempt from this policy. Pursuant to this policy, the Office of the Controller and the General Services Department will automatically disencumber any FMS and SMS encumbrances at the designated time.

The General Services Department coordinated with departments relative to prior year SMS encumbrances and exempted approximately \$4.4 million in General Fund encumbrances from the policy due to outstanding obligations, liabilities, and/or contingent liabilities.

Consistent with the General Fund Encumbrance Policy, this report recommends to exempt certain FMS encumbrances from this process based on the following conditions: 1) a legal obligation or liability exists (goods and services must have been provided, but not yet paid); 2) a contingent liability exists (likely to become liabilities as a result of conditions undetermined at a given date, such as unsettled disputed claims, uncompleted contracts, and pending lawsuits); or 3) a legislative appropriation for a specific project cannot be completed within the allowable time frame.

This Office recommends the following action at this time:

- Exempt up to \$55,869,100.91 in FMS prior-year encumbrances from the General Fund Encumbrance Policy as per Attachment 12 with the final amounts to reflect the most current encumbrance balance as of June 30, 2022.

Nicholas S. Campbell, Senior Administrative Analyst II

APPROVED:

Ben Ceja, Assistant City Administrative Officer

MWS:BC:JWW:NSC:01220083C
