COMMUNICATION FROM THE PROPOSITION HHH CITIZENS OVERSIGHT COMMITTEE RELATIVE TO A REPORT FROM THE CITY ADMINISTRATIVE OFFICER REGARDING INCREASED CONSTRUCTION COSTS FOR CITY-SPONSORED PROPOSITION HHH FACILITIES PROGRAM PROJECTS AND

STATUS OF COMMITMENTS

SUMMARY

The Proposition HHH (Prop HHH) Citizens Oversight Committee (COC) held a meeting on Friday, March 15, 2019, and considered the attached report from the City Administrative Officer (CAO) regarding increased costs for City-Sponsored Prop HHH Facilities Program Projects and the status of Prop HHH commitments. The COC voted to forward this report to the Prop HHH Administrative Oversight Committee (AOC) for consideration.

The CAO report recommends that the Fiscal Year (FY) 2018-19 Prop HHH Facilities Program Project Expenditure Plan (PEP) be amended to increase total commitments to City Sponsored Facilities Program Projects by \$10.5 million to \$26 million. The total amount of the amended Project Expenditure Plan is \$48.2 million. The COC also considered concurrent reports from the Housing and Community Investment Department (HCID) with additional recommended commitments of \$351.1 million: the Prop HHH Permanent Supportive Housing 2018-19 Round 3 Call for Projects (\$231.1 million); and the Prop HHH Housing Challenge Request for Proposals (\$120 million). The recommendations in these reports will fully commit the \$1.2 billion in Prop HHH bond authority.

RECOMMENDATIONS

That the Proposition HHH Administrative Oversight Committee recommend that the Council, subject to approval by the Mayor:

- 1. Approve the Amended Fiscal Year 2018-19 Proposition HHH Facilities Program Project Expenditure Plan (Attachment A) for 21 projects totaling \$48,239,418, which includes the following amendments:
 - a. Updated City-sponsored project costs totaling \$26,069,271 as follows:
 - i. Sherman Way Navigation Center \$6,520,914;

- ii. Gardner Library Bridge Housing \$3,498,698;
- iii. Council District 8 Navigation Center -\$8,984,260;
- iv. Navigation Center at San Pedro Harbor Police Station \$7,065,399; and
- b. Withdrawal of the Saban Community Clinic Beverly Health Center Renovation Project \$784,036.
- 2. Authorize the City Administrative Officer to reprogram funds in the amount of \$784,036 issued for the Saban Community Clinic Beverly Health Center Renovation Project to address increased costs for City-sponsored Prop HHH Facilities Program projects.
- Authorize the use of interest earned on Proposition HHH bond proceeds to address increased costs for City-sponsored Prop HHH Facilities Program projects.
- Authorize the City Administrative Officer to reprogram Prop HHH bond proceeds to projects in Mayor- and City Council-approved Proposition HHH Project Expenditure Plans to ensure timely project construction.
- 5. Authorize the City Administrative Officer or designee, to prepare Controller instructions and make necessary technical adjustments consistent with the Mayor and City Council action on this matter, subject to the approval of the City Administrative Offer, and request the Controller to implement these instructions.

INCREASED CONSTRUCTION COSTS FOR CITY-SPONSORED PROPOSITION

HHH FACILITIES PROGRAM PROJECTS AND STATUS OF COMMITMENTS

SUMMARY

This report describes increased construction costs for City-sponsored Proposition HHH (Prop HHH) facilities projects in the Fiscal Year (FY) 2017-18 and 2018-19 Project Expenditure Plans (PEPs) and provides recommendations to amend the FY 2018-19 PEP to address these increased costs. It also includes an update on the status of Prop HHH funding.

In addition to \$10.5 million for City-sponsored projects recommended in this report, two (2) concurrent reports from the Housing and Community Investment Department are scheduled for consideration with recommended commitments of \$351.1 million: the Prop HHH Permanent Supportive Housing 2018-19 Round 3 Call for Projects (\$231.1 million); and the Prop HHH Housing Challenge Request for Proposals (\$120 million). The recommendations in these reports will fully commit the \$1.2 billion in Prop HHH bond authority.

RECOMMENDATIONS

That the Proposition HHH Citizens Oversight Committee review and forward the following recommendations to the Proposition HHH Administrative Oversight Committee:

- 1. Approve the Amended Fiscal Year 2018-19 Proposition HHH Facilities Program Project Expenditure Plan (Attachment A) for 21 projects totaling \$48,239,418, which includes the following amendments:
 - a. Updated City-sponsored project costs totaling \$26,069,271 as follows:
 - i. Sherman Way Navigation Center \$6,520,914;
 - ii. Gardner Library Bridge Housing \$3,498,698;
 - iii. Council District 8 Navigation Center -\$8,984,260;
 - iv. Navigation Center at San Pedro Harbor Police Station \$7,065,399; and
 - b. Withdrawal of the Saban Community Clinic Beverly Health Center Renovation Project - \$784,036.
- Authorize the City Administrative Officer to reprogram funds in the amount of \$784,036 issued for the Saban Community Clinic Beverly Health Center Renovation Project to address increased costs for City-sponsored Prop HHH Facilities Program projects.
- 3. Authorize the use of interest earned on Proposition HHH bond proceeds to address

increased costs for City-sponsored Prop HHH Facilities Program projects.

- Authorize the City Administrative Officer to reprogram Prop HHH bond proceeds to projects in Mayor- and City Council-approved Proposition HHH Project Expenditure Plans to ensure timely project construction.
- 5. Authorize the City Administrative Officer or designee, to prepare Controller instructions and make necessary technical adjustments consistent with the Mayor and City Council action on this matter, subject to the approval of the City Administrative Offer, and request the Controller to implement these instructions.

BACKGROUND

The Fiscal Year (FY) 2017-18 and 2018-19 Prop HHH PEPs included \$14,766,000 for four (4) City-sponsored projects: three (3) navigation centers in Council Districts (CDs) 2, 8, and 15, and the Gardner Library women's interim housing project in CD 4. All four (4) projects are currently under construction. The Bureau of Engineering (BOE) is managing project design and construction in cooperation with the Department of General Services (GSD). BOE reports that, due to increasing construction costs, additional funds are needed to complete these projects. (Attachment B).

DISCUSSION

City-Sponsored Prop HHH Facilities Shortfall

The BOE reports that bids for construction elements such as concrete, demolition and grading, asphalt, and structural steel, are higher than projected in the original budgets for the four (4) City-sponsored Facilities Projects (Attachment B). These increased costs are attributed to the strong economy and construction market in Los Angeles and a labor shortage.

Table 1 below provides the shortfall for each project based on the revised Prop HHH project budgets and approved Prop HHH funds in the FY 2017-18 and 2018-19 PEPs. The total shortfall is \$11,303,271. Revised Prop HHH project budgets include both direct construction costs and contingency funds requested by BOE and GSD to avoid project delays in case of further increased cost. The City Administrative Officer (CAO) recommends that the Mayor and Council approve the attached Fiscal Year 2018-19 Proposition HHH Facilities Program Project Expenditure Plan (Attachment A), which is amended to include additional funds to address the project shortfall for City-sponsored Prop HHH Facilities projects.

The attached amended FY 2018-19 Prop HHH Facilities Program PEP also reflects removal of the Saban Community Clinic Beverly Health Center Renovation Project (\$784,036) in CD 5. As previously reported, this project withdrew from the Prop HHH Facilities Program as a result of unforeseen construction cost increases due to the age of the building (C.F. 17-0090). Prop HHH Bond proceeds issued for this project will partially offset funds needed for City-sponsored Prop HHH Facilities Program projects. As such, the shortfall for Facilities Projects is reduced to \$10,519,235 (Table 1).

Project Name	(A) Revised Prop HHH Project Budget	(B) Approved Prop HHH Funds	(A)-(B) Project Shortfall
Sherman Way Navigation Center	\$6,520,914	\$2,641,000	\$3,879,914
Gardner Library Bridge Housing	\$3,498,698	\$1,875,000	\$1,623,698
CD 8 Navigation Center	\$8,984,260	\$6,100,000*	\$2,884,260
San Pedro Navigation Center	\$7,065,399	\$4,150,000	\$2,915,399
Subtotal City-Sponsored Facilities Projects	\$26,069,271	\$14,766,000	\$11,303,271
Saban Community Clinic Beverly Health Center Renovation Project	\$0	\$784,036	(\$784,036)
Total Facilities Program Shortfall	\$26,069,271	\$15,550,036	\$10,519,235
* Total of Prop HHH funds approved in the FY 201	7-18 (\$3,100,000) a	nd FY 2018-19 (\$3,0	00,000) PEPs

If the above amendments are approved, the total amount of the Prop HHH Facilities Program FY 2018-19 PEP will increase from \$37,720,183 to \$48,239,418. In order to control expenditures on City-sponsored facilities projects, funds for these projects will be disbursed on a reimbursement basis and contingency funds will not be appropriated without prior review and authorization.

Status of Proposition HHH Commitments

To date, Prop HHH funding in the amount of \$634.9 million has been approved for Permanent Supportive Housing (PSH) and facilities projects in the FY 2017-18, 2018-19, and 2019-20 PEPs. An additional \$212.9 million has been committed for projects in previous PSH Loan Program Calls for Projects (CFPs). Concurrent with this report, HCID recommendations are pending Prop HHH Citizens Oversight Committee (COC) consideration relative to new commitments in the amount of \$351.1 million from the 2018-19 Prop HHH PSH Loan Program Round 3 CFP (\$231.1 million), and the Prop HHH Housing Challenge Request for Proposals (RFP)(\$120 million).

With the \$10.5 million recommended in this report to complete City-sponsored Facilities Program projects, a total of \$1,209,512,678 in Prop HHH funds are committed or pending commitment – \$9.5 million in excess of the \$1.2 billion authorized by Proposition HHH. This deficit is partially offset by \$5.8 million in interest collected to date on the proceeds from the first two (2) Prop HHH bond issuances. The remaining gap amounts to approximately \$3.7 million. Table 2 below summarizes Prop HHH PEP amounts, commitments, pending commitments, and the resulting Prop HHH balance.

As discussed in the CAO report on the Prop HHH Fiscal Year 2019-20 PEP, this Office will reprogram funds from the Prop HHH account when approved projects are ready to expend funds. Reprogramming will not impact existing or future PSH Loan Program commitments and all reprogramming activity will be included in Prop HHH Quarterly Reports. It is expected that sufficient interest will be earned on Prop HHH proceeds to address the \$3.7 million gap.

FISCAL IMPACT

There is no anticipated impact to the General Fund. This Office estimates that sufficient interest will be collected on Prop HHH bond proceeds to address the gap in funding for City-sponsored Prop HHH Facilities projects.

FORM GEN, 160 (Rev. 11-02)

CITY OF LOS ANGELES INTERDEPARTMENTAL CORRESPONDENCE

Date:

June 28, 2019

To:

Elvse Matson.

Office of the City Administrative Officer

From:

Allan Kawaguchi, Division Engineer

Bureau of Engineering Department of Public Works

Executive Summary:

Subject: PROPOSITION HHH HOMELESS INITIATIVE - BIDDING ENVIRONMENT

As part of the Mayor's Homeless Initiative, The Homeless Facilities Division has issued Notice to Proceed (NTP) on multiple Homeless Projects to General Services
Department (GSD). As bids are received, BOE is finding a commonality of a high bidding environment across all projects currently in construction: CD4 Women's Bridge Housing, CD8 Navigation Center, CD15 Navigation Center, and CD2 Navigation Center.

At this time, all Bureau of Engineering (BOE) project managers have been tasked to revisit their project's cost and scope to determine opportunities for cost savings. Each project has been valued engineered and scope reduction to remain within budget. BOE has met with each council office to discuss the value engineering and scope reduction. On some projects, bids are on hold pending further funding is appropriated due to high bids bringing the projects over the allocated construction budgets. Attached is Cost to Complete for each project. Shortfall is approximately \$11 million for the 4 projects.

Price Escalation:

The economy in the Los Angeles area is very strong. Leading to a healthy construction environment. The booming construction climate is placing competition for labor, subcontractors and general contractors. Discussion with various general contractors, the general contractors have expressed the higher bids do to competition between projects, having to get electricians, plumbers, drilling subcontractors etc., from outside the state and being too busy to bid.

The Proposition HHH program is utilizing GSD to construct the 4 facilities. GSD uses a combination of their own work force, hiring from the hiring half (for labor) and subcontracting (GSD preapproved subcontract list). GSD is procuring separate bids from their preapproved list of contractors for work, such as:

- Concrete
- Demolition
- Grading

- Asphalt
- Structural steel

Higher bids and construction cost being received can be attributed to the following;

- Availability of labor at the hiring hall
- Limited pool of subcontractors (preapproved list)
- Short bidding duration
- Bidders are too busy to bid, resulting in no bids received
