Subject: **Enhanced Comprehensive Homeless Strategy – Quarterly Performance Report Fiscal Year 2020-21 Second, Third, and Fourth Quarters (October 1, 2020 – June 30, 2021)**

---

---

### RECOMMENDATION

That the Homeless Strategy Committee forward the report to the City Council with the recommendation that it be noted and filed inasmuch as no action is requested at this time.

### SUMMARY

This is the Enhanced Comprehensive Homeless Strategy performance report for the Second, Third, and Fourth Quarters (Q2-Q4) of Fiscal Year (FY) 2020-21, approved by the Mayor and Council in March 2019 (Attachment 1). Reporting for these quarters was delayed due to the focus on the COVID-19 Homelessness Roadmap.

The report highlights key accomplishments for the three quarters, October 1, 2020 - June 30, 2021, and provides updates on the State of California Homeless Emergency Aid Program and the Homeless Housing, Assistance, and Prevention Program grants, the A Bridge Home Program, and the COVID-19 Homelessness Roadmap. It also includes Q2-Q4 metrics data by strategy and headline summary.

### DISCUSSION

#### Key Accomplishments – Q2, Q3, and Q4 of FY 2020-21 (October 1, 2020 – June 30, 2021)

The Q2-Q4 updates for each strategy are provided in Attachments 2 (Q2) and 3 (Q3-Q4). Key accomplishments in Q2-Q4 are discussed below.

- Proposition HHH (Prop HHH) Implementation (Strategy 4.4 - Program/Systems: Supportive Housing)
  - Ten (10) Proposition HHH projects with a total of 477 units, of which 385 are permanent supportive housing (PSH) units, received a Certificate of Occupancy or Temporary Certificate of Occupancy.

- The City of Los Angeles (City) closed financing and began construction on 27 projects, representing \$223,375,537 in Proposition HHH proceeds for 1,576 total units, of which 1,309 are PSH units.
- A Bridge Home (ABH) and COVID-19 Homelessness Roadmap (Roadmap) Implementation (Strategy 3.1 - Policy: Interim)
  - Five (5) new ABH sites with a total of 381 beds opened.
  - As of June 30, 2021, 8,879 total new beds have been approved as part of the Roadmap. Of these interventions, up to 6,223 new beds were open and occupiable, including 944 rapid rehousing/shared housing interventions implemented by the Los Angeles Homeless Services Authority (LAHSA).
- New Bridge Housing for Transwomen (Strategy 3.4 – Policy: Vulnerable Populations)
  - LAHSA funded its first Enhanced Bridge Housing site (16 beds), operated by Homeless Outreach Program Integrated Care System (HOPICS), specifically for transwomen and gender non-conforming individuals.
- Expanded Outreach and Hygiene in Response to COVID-19 (3.5 - Policy: Place-based Strategy, Skid Row and Strategy 4.3 – Programs/Systems: Street Outreach)
  - Outreach teams successfully coordinated available resources to match people experiencing homelessness from the streets to housing. LAHSA reported that 2,044 people in Q2, 2,211 people in Q3, and 2,991 people in Q4 received services or referrals by City funded outreach teams, a total of 7,246 people served.
  - A total of 165 portable restrooms and 331 hand wash stations were placed at encampments across the City, in addition to 19 locations staffed as part of the Mobile Pit Stop Program. In Skid Row, three of the five Pit Stops increased from 12-hour operations to 24-hour operations.
  - In Q4, the Bureau of Sanitation’s Mobile Hygiene Units provided 3,081 showers to the unhoused community.
  - The Mayor’s Office coordinated with all 15 Council Offices to identify encampments where the Los Angeles Fire Department’s mobile vaccination team offered the Johnson & Johnson vaccine, as well as at all Project Roomkey, Homekey, ABH, and other interim and emergency housing sites.
- Los Angeles Regional Initiative for Social Enterprise (LA:RISE) Progress Despite COVID-19 (Strategy 3.4 - Policy: Vulnerable Populations and Strategy 4.5 - Programs/Systems: Services)
  - As of June 30, 2021, 719 LA:RISE participants received subsidized transitional employment with FY 2020-21 funds: 537 funded by City General Fund and 182 funded by County Measure H.
  - LA:RISE providers supported three LAHSA Housing Readiness Fairs held at various Project Roomkey sites to link participants to the LA:RISE services and/or other employment services. Ten (10) Project Roomkey participants received transitional employment, work readiness workshops, needs assessments, and job search and placement assistance.

- o In January 2021, the Mayor and City Council allocated \$2 million in Homeless, Housing, And Prevention Program (HHAP) youth category funding to launch the LA:RISE Youth Academy, a new program focused on improving housing, education and workforce outcomes for the more than 3,000 identified homeless youth in Los Angeles.
- Streamlined Request for Statement of Qualifications (RFSQ) Process (Strategy 4.2 - Programs/Systems: Shelter)
  - o In Q4, LAHSA continued to refine and streamline its RFSQ process to encourage new nonprofit partners to apply and become certified to manage the public funding that LAHSA administers. The goal is to make the RFSQ application process more accessible and equitable for new, smaller nonprofits, thus expanding LAHSA's base of qualified providers.

Homeless Emergency Aid Program

The \$85,013,607 State of California Homeless Emergency Aid Program (HEAP) grant expenditure deadline was June 30, 2021, which the City met. As of June 30, 2021, the grant earned a total of \$1,683,358.99 in interest, met this expenditure deadline, which was September 30, 2021. The City Administrative Officer (CAO) will provide a final HEAP report outlining the City's accomplishments with these funds by February 2022.

Homeless Housing, Assistance and Prevention Program

On May 14, 2020, the City executed a grant agreement with the State of California for the \$117,562,500 Homeless Housing, Assistance and Prevention Program (HHAP) grant. As of June 30, 2021, 99.4 percent of the grant was committed (C.F. 19-0914), ahead of the May 31, 2023 deadline to commit 50 percent of the allocation. The 100 percent expenditure deadline is June 30, 2025. Table 2 describes the status of the HHAP commitments through June 30, 2021, by funding category and amount. Note that \$32,503,165 of the committed funds were used to front-fund the Project Roomkey extension and are expected to be 100 percent reimbursed by the Federal Emergency Management Administration (FEMA).

**Table 2. Status of HHAP Commitments through June 30, 2021**

Funding Category		Amount	Amount Committed	Balance Uncommitted
1	A Bridge Home Capital	\$25,550,535	\$25,550,535	\$0
2	Skid Row	\$9,953,752	\$9,953,752	\$0
3	Prevention and Shelter Diversion to Permanent Housing*	\$51,413,001	\$51,413,001	\$0
4	Rental Assistance and Rapid Rehousing	\$0	\$0	\$0
5	Street Strategy, Outreach, Public Health, and Hygiene	\$12,921,764	\$12,921,764	\$0

6	Youth Experiencing Homelessness or At Risk of Homelessness (8% Set-Aside Required)	\$10,587,600	\$10,587,600	\$0
7	Administrative Costs (Capped at 7%)	\$7,135,847	\$6,390,563	\$745,284
<b>Total</b>		<b>\$117,562,500</b>	<b>\$116,817,216</b>	<b>\$745,284</b>

\*\$32,503,165 of the committed funds used to front-fund the Project Roomkey extension are expected to be reimbursed by the FEMA, at which time the funds will be available for programming.

On January 22, 2021, the Mayor and Council adopted a CAO and Chief Legislative Analyst (CLA) report authorizing the CAO to apply for the State of California HHAP Round 2 (HHAP-2) funding (C.F. 20-1524). The approved HHAP-2 funding reservations or commitments ensure funding for continued operations at each of the ABH sites, as well as new beds established as a part of the City’s Roadmap agreement with the County of Los Angeles (County). The CAO and CLA will report back to the Mayor and Council by February 2022 on HHAP-2 key goals, as required by the State, before expenditures may occur.

A Bridge Home

Five (5) new ABH sites with a total of 381 beds opened in Q2-Q4. These include:

- Paloma in Council District (CD) 4 - 120 beds;
- Canoga Ave. in CD 3 - 81 beds;
- La Fayette in CD 10 - 70 beds;
- Riverside (Family) in CD 4 - 80 beds; and
- Figueroa in CD 9 - 30 beds.

The ABH Program served 2,345 unique persons across all ABH sites in this reporting period. Approximately 90 percent of clients were served at ABH individual sites, with the remaining served at ABH family sites. Residents at ABH sites stayed on average 178 days, compared to a system-wide average of 133 days in Bridge Housing Programs during that same period. Length of stays were calculated only for sites that enter nightly bed services data for their clients.

The difference in length of stay between the ABH Program and other Bridge Housing Programs is due to the differences in the client profile. In a typical Bridge Housing Program, participants are matched to the program through the Coordinated Entry System (CES), and often have spent time in another interim housing facility before entering Bridge Housing. ABH participants access the program directly from the street, based on their proximity to each ABH facility. Many of these participants have compounding physical ailments, traumatic experience, and/or are living with a mental illness. This can create additional challenges in adjusting to life in a shelter, which may contribute to longer stays in ABH. In addition, while ABH participants are largely eligible for housing resources through CES, the system lacks sufficient resources to match the number of people who qualify for these placements, resulting in extended stays within the program.

## COVID-19 Homelessness Roadmap

As part of its Roadmap efforts, the City reached an agreement with the County on June 16, 2020, to develop an additional 6,700 homeless interventions in the City to address the COVID-19 emergency within 18 months. This agreement establishes the following milestones:

- 700 beds in existing agreements with the County within 10 months;
- 5,300 new beds within 10 months; and
- 700 new beds within 18 months.

6,000 of these beds must be new beds, which are not included in any existing agreements between the City and the County. The County has committed to providing up to \$60 million in services per year over five (5) years for a total of up to \$300 million or up to half of the estimated \$600 million cost for these beds over the five (5) year term of the agreement, based on the number of interventions that are open and occupiable within 60 days of July 1 each year. The target population for this effort includes:

- People experiencing homelessness and living in the City within 500 feet of freeway overpasses, underpasses, and ramps;
- People experiencing homelessness within the City who are 65 years of age or older; and
- Other vulnerable people experiencing homelessness within the City of Los Angeles.

As of June 30, 2021, 6,223 new interventions were reported as open and occupiable, including 944 rapid rehousing/shared housing placements overseen by LAHSA.

## Enhanced Comprehensive Homeless Strategy Metrics

The Comprehensive Homeless Strategy (CHS) metrics framework was approved in June 2017 (C.F. 15-1138-S25). The framework comprises strategy-level and headline metrics. A total of 156 strategy-level metrics were scheduled to be reported under the Enhanced CHS: 84 continuing metrics from the original CHS, and 72 new metrics. Attachment 4 provides strategy-level data for the metrics and Attachment 5 summarizes strategy-level data by headline metrics.

Data associated with each headline metric are summarized as follows:

- Expansion of supply of affordable and homeless housing:
  - o Ten (10) Proposition HHH projects with 477 units, of which 385 are PSH units, received a Certificate of Occupancy or Temporary Certificate of Occupancy (Strategy 1.0).
  - o The number of second dwelling units approved by the Department of City Planning (DCP) increased from 93 in Q2, to 106 in Q3, and to 138 in Q4, a total of 337 units (Strategy 3.3).
  - o Through implementation of the Transit Oriented Community (TOC) Program, DCP approved 386 Extremely Low Income, 54 Very Low Income, and 353 Low Income restricted affordable housing units (Strategy 3.3).

- Number placed in permanent housing:
  - 7,583 households, including 804 Transition Age Youth (TAY), were moved into housing through interactions with LAHSA contractors (Strategy 3.2, 3.4, 4.1, 4.2, 4.3, 4.7, and 4.8).
  - Of all adults exiting interim housing, 26 percent exited to permanent housing in both Q3 and Q4, an increase from 17 percent in Q2 (Strategy 4.2).
  - The number of domestic violence survivors who exited shelter and moved into permanent housing increased from 161 in Q2, to 190 in Q3, and to 219 in Q4, a total of 570 survivors served (Strategy 3.4).
  - 873 total households moved into permanent housing through the CES (Strategy 4.4).
  
- Number placed in temporary housing:
  - 3,258 unsheltered individuals moved from the street to shelter. Q3 and Q4 experienced an increase over the previous quarter: 611 individuals moved into shelter in Q2, 1,001 in Q3, and 1,646 in Q4 (Strategy 4.2).
  - 733 individuals successfully attained crisis or bridge housing through engagement with City-funded outreach teams (Strategy 4.3).
  - The number of people served by Safe Parking programs increased from 274 in Q2, to 404 in Q3, and to 479 in Q4 (Strategy 4.3).
  
- Number who were prevented from becoming homeless or being discharged into homelessness:
  - 68 percent of families were able to prevent imminent homelessness in Q4, which is a decrease from 94 percent in Q2, but an increase from 55 percent in Q3 (Strategy 4.1).
  - The number of families receiving prevention services through CES in order to stabilize and maintain existing housing increased from 134 in Q2, to 138 in Q3, and to 151 in Q4, a total of 423 families served (Strategy 4.1).
  - 446 tenants living in at-risk properties were educated about tenant rights, responsibilities, and options due to the affordability covenant and/or rental assistance contract being at-risk of expiration or termination (Strategy 4.8).
  
- Number who gained employment or enroll in vocational training/education:
  - 71 women who received vocational training were employed (Strategy 3.4).
  - 8,772 households in CES increased their income and the number of households increased each quarter, from 2,517 in Q2, to 3,069 in Q3, and 3,186 in Q4 (Strategy 4.1).
  - Four (4) percent of emergency shelter participants increased their income in Q4, a decrease from five (5) percent in Q2 (Strategy 4.2).
  
- Number who retained housing from date of placement:
  - On average, 85 percent of persons in CES retained their housing for 12 months (Strategy 4.1).
  - The number of individuals who retained permanent housing for six months from date

of placement increased from approximately 954 in Q3 to 1,122 in Q4. No data was provided for Q2 (Strategy 4.7).

At the request of the Department of Economic and Workforce Development, the following metric under Strategy 4.2 - Programs/Systems: Shelter was added in Q2 of FY 2020-21: Number of ABH residents who have received job readiness and employment services. In Q2-Q4, 37 ABH residents received these services.
